How to Reduce Fat Without Dieting or Exercise

This is the time when fat people should be thinking about reducing their weight and should stop making the fat that is such a burden to them. The best way and the easiest way is the one about which so much has been said and written this past year. This is the Marmola way. The famous Marmola Prescription has been prepared in tablet form. These little tablets contain nothing but the elements that go to make up the body. They produce fat into good, strong blood, nerves, tissues and bone. More than that, these tablets absorb and remove the fat remaining at the rate of two, three or four pounds a week. You must not confuse Marmola Prescription Tablets with harmful patent drugs and hurtful reducing methods. These tablets go into your stomach just like the food you eat. They build up the juices of your digestive organs and correct those organs so that they produce no more fat. They are harmless, yet thousands of men and women all over this land today are of firm figures and normal sizes because of these little tablets. This is why every druggist everywhere carries them in stock and will sell them to you if you druggist does not have them or you would rather send 75 cents, the price of a case, to the Marmola company, 884 Woodward Ave., Detroit, Mich. They will send them to you at once in a plain package. (Adv.)

Coming as the last big event before their graduation, a very successful class day was held by the seniors last Wednesday. Part of the day was spent by the boys in enjoying an extensive hike over the hills and lots of fun. During the banquet the class prophecies were read and occasioned a great deal of merriment at the expense of those concerned. After the banquet the entire party attended a vaudeville performance as guests of Miss Graham.

Those attending the banquet were Mr. and Mrs. Cleveland, Miss Tingle, William Oettinger, Mrs. Graham, Myrtle Krienbring, Donald McClung, Hilda Jacobson, Raymond Hill, Blanche O'Neill, Walter Bergmann, Margaret Laughton, Charles Johnson, Mildred Oppenlander, Ruth Lening, Julia Ventrali, Ruth Schiewe, Edna Hillgers, Henry Keuhn, Agnes Gulluzzo, Harold McCaslin, Mrs. MacDonald, Aris Wilson, Louise Tranchesi, Gus Anderson, Eugene Wunder, Rhoda Lind, Edna Butenschoen, Herbert Hagen, Chester Woodruff, Eleanor Holmes, Charles Gale, Essie Stiles.

Benson is deeply gratified at the generous act of Mr. Hill, president of Hill Military academy, for the kindness that has been shown in offering to this school the use of the Hill gymnasium twice a week for the practice of basketball. The army has, up to this time, been used, but as the automobile show is soon to be put on there and extensive alterations are being planned the boys would be deprived of much needed practice at the opening of the interscholastic season.

To be possessed of a head of heavy, beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes your hair will be as appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, maintain a cloth with a little Danderine and carefully draw it through your hair—sprouting out all over your scalp. Your hair will be soft, glossy and beautiful just a few moments—a delightful surprise awaits everyone who tries this—Adv.
