

COLUMBIA RIVER SHIP YARDS BUILD MOST WOODEN POWER CRAFT Excels All Communities in United States, According to Federal Report. RECORD IS INCOMPLETE

Peninsula Plant Left Out Completely and Columbia Engineering Works Partly; Will Build 62 Boats.

The northwest is building 37 per cent of the wooden ships in the United States, according to the January report of the bureau of navigation, department of commerce, received here today.

The Columbia river is building more than any one community and the state of Washington more than any one state.

Figures are incomplete, however, the activities of the Peninsula Shipbuilding company being left out completely and the activities of the Columbia Engineering Works being only half reported.

A total of 161 vessels of 207,623 gross tons is under construction or contract at American yards.

The Columbia river and Puget sound together are building 52 of these vessels totaling 88,200 tons.

Maine, the former center of wooden shipbuilding, is constructing only 23 vessels totaling 32,000 tons.

The middle Atlantic coast ports are building 25 craft of 34,112 tons and the south Atlantic and Gulf ports 35 of 44,600 gross tons.

The idea of the motorship has taken hold more in the northwest section than in any other. Of the 52 vessels, 53 are of this type or of steam propulsion whereas only 32 wooden vessels of gas or steam power are building at other ports of the country.

Astoria Has Largest Wooden Plant. To the McChesney shipbuilding company at Astoria, owned and operated by A. O. Andersen & Co. of this city, goes the honor of having the largest shipyard in the country constructing wooden vessels.

Standifer-Clarkson company yesterday closed for a steamer to be built by them for the Intercoastal Trading company of San Francisco. She will be 269 feet over all and carry 2,000,000 feet of lumber. She will be delivered in August.

Oil Tankers Held Up. New York, Feb. 7.—(U. N. S.)—All ships of the Standard Oil company will be held in port pending development in the situation between the United States and Germany. This policy was declared by the company yesterday.

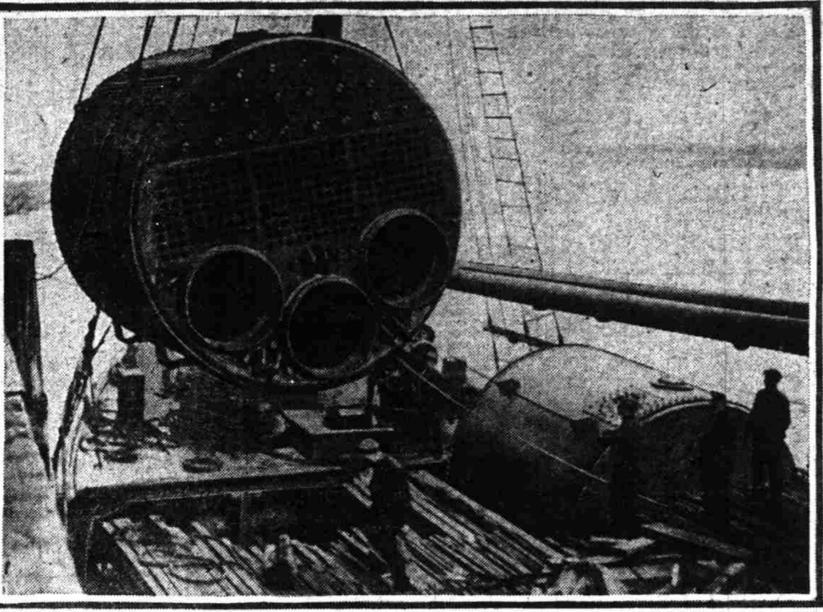

WHERE IS THE MOTHER with a child who is rindown, has pale cheeks or thin blood, who will hesitate to give that child the very thing it needs to start it growing and keep it going?

For over forty years the concentrated liquid-food in Scott's Emulsion has been changing thinness to plumpness—changing poor blood to rich blood, in children who are not sick but frail, anemic and backward.

There is nothing better for growing children—whether they are weak or well—than Scott's Emulsion, but do not allow yourself to accept the substitutes which are sometimes offered. There is no alcohol or harmful drug in Scott's Emulsion.

BIG SCOTCH MARINE BOILERS LOADED ON STEAMER BEE FOR SAN PEDRO

Weighting over 40 tons each, two big Scotch marine boilers for installation in the lighthouse tender Cedar were loaded on the steamer Bee, at the Willamette Iron & Steel Works, Monday, and today are on their way to San Pedro. The Cedar is a new vessel for service on this coast, designed and built by the California Shipbuilding Co. of Long Beach.

All ships in the prescribed zone about the British isles and before the United States broke off diplomatic relations. Efforts were immediately begun by the company to recall by wireless to places of safety such vessels as had sailed within the past few days.

Don't Suffer with Neuralgia. Musterole Gives Comfort. When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister!

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia).

TEACHERS RESENT ATTACK ON MEASURE

Head of Portland Educational Association Says Large Majority Favor Orton's Bill as Offered in Legislature.

The action of a few teachers attacking the Orton bill is resented by all of the teaching organizations in the city. A statement signed by M. Melnyk, head of Portland Educational association, and William Parker, president of the Principals' association, demands that the delinquent tax advertisement be removed from the columns, with a whole firmament of stars dotting the intervening white space.
