SCARPE IS BECOMING VALLEY OF DEATH FOR PRUSSIAN DEFENDERS

Year's Defeat for Germans in Terms of Losses Is Spelled by Fighting There.

SLAUGHTERED MEN THICK

Counter Attacks in Close Masses Permit British Guns to Reap Horrible Harvest-Hindenburg Plans Awry.

By William Philip Simms. With the British Armies Afield April 30 .- (U. P.) -The Scarpe is fast coming a valley of death for the Prussians

The slaughtered enemy lies thick among the dandelions on the valley's yellowing slopes, In terms of losses, the Scarpe is

year's defeat for the Germans.
With that part of the Siegfried line known as the Wotan front already melting away at its northern end and the Drocourt-to-Queant system of German defenses threatened, Hindenburg is throwing division after division into the struggle, with orders to hold at all

Horrible Harvest Is Reaped.

As the British day by day bite for-ward, a bit here and a bit there, the Germans counter attack repeatedly, Always they come in close masses, where British guns reap a horrible harbest in the open country. Sunday Lwatched the heavy fighting about Oppy and south to Gavrelle. There the Germans attempted to re-

take trenches which the British won

After three years of warfare between forces hidden from each other behind trenches, the sight of combatants maneuvering in the open is most spec-On Sunday I could clearly see stretcher-bearers on both sides carrying back the wounded-under shell fire. Hindenburg Fears for Douai.

Beyond the Oppy-Gavrelle line, over the smoking battlefield, Doual stood out in the sunlight. The city hall, with magnificent beifry, and the huge tower of St. Pierre cathedral glistened in the light, dominating the city like the Woolworth and the Metropolitan buildings tower over New York. That Hindenburg fears for Douai,

with its eight railways, is certain. Accordingly, he recently visited this front and roundly scored his command- the unloading of a huge bond issue, ers for falling back, ordered them to hold, whatever happened. Thus, of his reserve troops available

before the Franco-British offensives of this month, many divisions have now been completely knocked out and whatever plan he may have had in mind now at least modify.

Method Would Provide Rapid Securing of Cash Desired Without Creating Drain.

Washington, April 30 .- (I. N. S.)-Demands for money to prosecute the var against Germany, both on the part |* of the United States and the entente | * alfies, are coming so rapidly that the *federal reserve board today laid before Secretary of the Treasury Mc-Adoo a plan for emergency financing. The board recommended that the treasary issue a block of treasury certificates every two weeks until the war bonds are sold. Such blocks should range from \$150,000,000 to \$200,000,000. The board pointed out that such a system would not only provide the funds needed quickly but would place in the hands of the banks of the country securities which they can exchange for the war bonds when they are ready This would prevent any sudden drail on the investment fund of the country which ordinarily would be caused b

Simon and discussed with those French government financiers the casualties among the civilian populameds of France and the ods of meeting them.

It was definitely learned today that board to get state banks and trust companies to join the federal reserve system is about won. The board has received assurances that those institutions are preparing to flock to the system upon the passage of the amendments to the federal reserve act now pending in congress.

State Banks Bush to Join.

These amendments will strengthen he gold holdings of the federal reserve system and give certain privileges to state bank members.

Under the law national banks only are compelled to join the system. Membership is voluntary with state banks and those banks have not joined the system, preferring to be free of federal control.

Now, however, the prospect of altered bank conditions under the war, together with the new amendments, is causing the banks to rush to the shelter of the reserve system. The board has received assurances that the big state banks and trust companies in members of the family from arsenic New York, Chicago, St. Louis, Detroit, poison will be solved, the police be-lieve, by the coroner's verdict, ex-cisco, Portland, Or., Seattle and Spo-efforts will be blocked by postponekane will join the system as soon as ment of the inevitable." the amendments are passed and it is expected that state banks and trust companies in other large cities will do likewise.
