BY NONA LAWLER

Mrs. Mossman has a host of friends in Portland and has a host of friends in the city. She was formerly president of the Wednesday morning art class, which organization of prominent women has met for many years at the Art museum as an art appreciation class.

**Honeymoon Novel.**  
Mr. and Mrs. Roderick Macleay (Barbara Mackenzie), whose wedding was an event of last Tuesday, are enjoying a novel honeymoon. They were at North Bend Wednesday when the following account of their wedding trip was published in the Coos Bay Harbor: Roderick Macleay of Portland and Barbara Mackenzie, his bride, passed through Coos Bay Wednesday evening on their way to Wedderburn in Curry county, where they will spend the summer. They had quite a novel wedding tour in view of the fact that they traveled first by automobile, then by train, then by river boat, again by auto and finally by team to the Macleay Estate company property at Wedderburn. Mr. and Mrs. Macleay motored from Portland to Salem. They had hoped to go by auto all the way to Rogue river, but the condition of the roads made this impossible. At Salem they took the train and passed through Coos Bay to Coquille Wednesday night. At the county seat a special boat was waiting and took them to Bandon. Yesterday morning they went by auto from Bandon to Port Orford, but that was as far as the auto trip could be chanced at this time of the year.

A team and conveyance from the Macleay ranch was waiting at Port Orford to take the bride couple to Rogue river where they expected to be tomorrow night.  
Mr. Macleay will be at Wedderburn most of the summer to look after the salmon fishing and canning business and other interests and his bride will be there also. They may take a motor trip to the interior during July, for a short time.

Those present were the Misses Jeanette Crossfield, Marvel Turnure, Elizabeth Peters, Dorothy Stine, Chlorinda Wells and Ellen Newberg; Mesdames Charley Prehn, Rudolph Cabell, Jack Grant, Arthur Mitchner, Howard Dupuy and William Fordyce.

## Beauty Chat BY LILLIAN RUSSELL

Sixteen and Forty.  
"SHE is over 40 years of age and has a figure like a girl of 16!" That exclamation is heard very often now that the short skirts, high boots and tiny toques are the prevailing mode. She may be 40 and possess the figure of a girl of 16. But if she does carry around that figure, delicate as it is, she is doubtless the acquaintance of the undertaker.

**Beauty Chat BY LILLIAN RUSSELL**  
A woman of 40 who wish to look like a girl of 16 unless she has been a subretette all her life and played childish parts on the stage or on the screen, and her living depends upon her youthful appearance? There are a few in existence who are 40 or thereabouts who have never developed nor allowed themselves to develop beyond the baby age. Their weight is never permitted to tip the scales at the hundred-pound mark—naturally they are small of frame. When one sees them at a distance or from the back they appear about 15 years of age, for they have made a study of the latest fashion and can arrange their hair in a youthful manner and wear high, fluffy tulle collars and feather boas to hide their throats. On the stage or on the screen they can make up to look 16 very cleverly.

**FRATERNAL NOTES**  
**Multnomah Woodmen Make Children Happy and Enjoy the Fun.**  
The children of Multnomah camp, W. O. W., made a decided success of their social Friday night. There were 25, ranging in age from 2 to 14 years. Each participant was given a new hair tonic, broad chests and children present were given popcorn and candy by J. O. Wilson, clerk of the camp. The dancing by Miss Gertrude Demery, Ellen Demery, Louise Hatfield and Violet Demery was especially artistic and greatly pleased the large audience. F. H. Drake, chairman of the committee, certainly scored a high mark on this occasion.  
**Rebekahs Will Deal Cards.**—Omega Rebekah lodge, No. 87, I. O. O. F., will give a card party at East Sixth and East Alder streets on Tuesday night, at which all Odd Fellows and friends are invited.

**Ladies' Baseball at Picnic.**—The ladies' baseball contest is to be a feature of the K. and L. of S. picnic next Sunday at Crystal lake park. The Kirkpatrick council teams are wonderful players and always attract a crowd of enthusiastic rooters.  
**Daughters of Covenant Party.**—Oregon auxiliary, Daughters of the Covenant, have announced a card party on the afternoon of Tuesday, May 1, at the B'nal Birth building, the funds secured to go to the benefit of the sick.

her throat expands and she grows to perfect womanhood. She may be as tender as dew at one time and a tower of strength when called upon to assert herself. The woman of 40 should glory in her development. At that age she is or should be qualified to take her place in the world and in spite of all impediments, live truthfully, accepting what is inevitable with grandeur, fortitude and love. The woman who starves herself and worries herself until she reduces her body to the quality of a child is not far from having reduced her mind to the same quality.

# Bed Time Tales

BY CLARA INGRAM JUDSON

**Clover Jewelry—for the Play Hour.**  
SOME warm afternoon when you hardly know what to do with yourself why don't you sit down in the fresh green grass amid the clovers and make yourself some clover jewelry?  
If you don't happen to have clovers in your yard, skip over to a vacant lot nearby or the park—any place where the tough stemmed white clovers grow. Pick a big bunch of long-stemmed clovers. Bring them home with you—find a cool, shady spot and you are ready for work.  
You think you can't make jewelry out of clovers. The very idea! That's simply because you have never tried. Now what kind of jewelry do you like best to wear? Necklaces, bracelets, rings or maybe you like real royal crowns?  
All right, you can make them all. First, make a bracelet. Pick out four clovers whose stems are about the same length, tie a loose knot in the end of each stem, slip another clover through and draw the knot tight. So on until your four clovers are fastened together in a big circle.

best, but be sure to bind it strongly and firmly so that it won't fall to pieces if you take a notion to run. Now for the crown. Make a long chain, then twist it 'round and 'round and 'round your head till you have a thick rope of clover chain that fits snugly like the crown of a hat. Lift this off carefully and lay it on the grass in front of you, then with other clovers or with blades of tough grass or with long stemmed daisies bind the threads of clover tightly together into a firm, thick crown.  
After you become very expert in making crowns and necklaces and bracelets, you can make beautiful girdles and slipper buckles of fragrant flowers.  
Make a set of clover jewelry some time for your mother. Slip up behind her when she is working, drop the clover necklace around her neck and fit the sweet smelling crown on her head and see if she is not surprised.  
Then some day when some playmate comes to visit you, you can show them how to make clover jewelry.

Now double your chain together into two circles and slip it up on your arm. Makes a pretty good bracelet, doesn't it?  
The necklaces, of course, take a good deal more time, for they may be as elaborate as you wish. First make the bare necklace of clovers that will go around your neck and hang down in front about half way to the waist. Then take a bunch of six short-stemmed clovers, bind the stems together firmly with some flat grass, suspend them from the front of your chain. That's your locket.  
Or maybe you would rather have a red rose pendant or a daisy hanging like a pearl from the front of your necklace. Make it any way you wish in the way that pleases you.

# Truck Purchase Up To Corvallis Voters

**Necessity Addition to Equipment to Cope With Possible Big Blase.**  
Corvallis, Or., April 30.—The proposal that the city purchase a \$10,000 auto fire truck, carrying a 100-horsepower pump, with a capacity of 1000 gallons a minute, a new chemical outfit and new hose will be put up to the voters at the municipal election in June. This was decided at a meeting of prominent business men at the Commercial club Friday night. About 80 men of the fire department have enlisted in the army and navy and with the present equipment the department is not in condition to cope with a big fire.  
The voters will also pass on a referendum to close the motion picture houses on Sunday. The council passed an ordinance to this effect some months ago, but a referendum petition
