TOWN TOPICS
Certificates Given Nine.—The certificates of proficiency in an engineering course were presented Saturday night at Alisky hall to a number of members of local 87, operative engineers, by Professor W. J. Kerr, president of the Oregon Agricultural college.

Social Hygiene Film.—"How Life Begins," the film brought to Oregon by the Social Hygiene society and prepared under the direction of the authorities of the University of California, will be shown at the First M. E. church, Twelfth and Taylor streets, Wednesday evening. Preliminary to the showing of this film, a debate will be held upon "The Firemen's Two Platoon System," the speakers upon this question to be Harry Hembree and Jay W. Stevens. The meeting begins at 8 p. m.

Cycle Damages Auto.—City Building Inspector Plummer was a participant in an auto accident at East Twelfth and Davis streets Sunday afternoon. A motorcycle driven by M. F. Brown, an employee of the Warren Construction company, struck Mr. Plummer's auto, breaking the fender on the auto and puncturing one of its tires. The motorcycle was unhurt, but its driver was considerably bruised. Brown has promised to pay the damages.

Diocesan Branch to Meet.—The diocesan branch of the Women's association of the board of missions of the Episcopal church will hold its annual meeting at Trinity church Tuesday. The celebration of holy communion will begin at 10:30 a. m. A Morrisette will be celebrated. Dean McAllister, speaker. Lunch will be served in the basement. In the afternoon Bishop Sumner will speak and Deaconess Hodgkin of Berkeley will relate experiences.

J. B. Brockway to Speak.—James B. Brockway, Portland executive of the Boy Scouts will address a men's meeting at the First M. E. church, congregational church this evening at 7:45 o'clock. A large attendance of men from the district affected is requested. Mr. Brockway will explain fully the purposes of the Boy Scout movement. The church is at Everett and East Twenty-ninth street.

Doctor Loses Instruments.—Dr. Karl Swenson forced out of his office a burglar who was carrying a bag of valuable instruments when he found the man rummaging through his desk. The doctor asked him what he wanted and he replied he was looking for "dope." Dr. Swenson then pushed the man through the door although he did not know he was also pushing his bag of instruments out with him.

During this week, set out tomatoes, plant cucumbers, lima beans, sweet corn, pumpkins, squash, lettuce and radishes.

For a bulletin that will advise as to proper rotation of garden products in order to keep the ground constantly working, send to the Oregon Agricultural college and ask for the manual prepared by Professor A. G. B. Bouquet, head of vegetable gardening. It is free.

Observing that because of the late spring much plowing is under way, Professor H. D. Scudder, chief in soils and farm management at the O. A. C., has given pertinent advice.
Late Soil Preparation.
"Owing to the prolonged wet season, the ground is very compact, and plowing alone, except on the sandy loams, will not make a good seed bed or one that will hold moisture well. Disking before plowing is therefore unusually important this year. It is particularly essential on all soil lands, many turned for the first time in years, or on land having last year's heavy stubble or a heavy growth of weeds and grass or a green manuring crop, also on all lands following the use of barnyard manure. Under all of these conditions, if the double-disking procedure is not done, there is very great danger of drying out of the seed bed during the early summer, owing to the great lateness of the present season.

Medium deep plowing—seven inches—is very desirable this season. Shallow plowing, so common in western Oregon, is—especially when work is being pushed—very dangerous, under present conditions already described, since shallow seed beds will dry out quickly in the heat of early summer now so close at hand.
Much of the land is overmatted and compact, and a hard, cloddy seed bed will result unless harrowing is done very promptly after the furrow is

SERMON TOPICS

Smile Spreads More Good Than a Pious Look, Says Dr. Waller.

Smile Does Most.—"God can make music out of the humblest life," said Dr. Calvin B. Waller, in his address at the White Temple Sunday on "The Music of Life." A smile and a song will go farther toward blessing the world than all the pious looks extant, notwithstanding many views to the contrary, was the tenor of his theme. He declared we were partners with the Master Musician in bringing out the soul's harp strings.

Don't Look for Faults.—"Do something for the kingdom of God, and don't look for faults in others," said Dr. E. P. Lawrence, in speaking to his congregation at the Kenilworth Presbyterian church in his Sunday morning sermon. "Don't try to exploit the failures of those who are at variance with yourself, but look for the good in them, remembering that God works through different types. We are all made up alike," he declared, "there being people of various natures in each community, some doing work along one line and some along another. All have their places, and each should welcome the efforts of the other in making instead of offering adverse criticism."

Shoes of All Kinds.—"Fitting Shoes" was the subject of the sermon delivered by Rev. C. F. Meier at the Highland Baptist church at the morning service. The pastor advised his hearers that there were all sizes and kinds of shoes in existence, and that not all shoes would fit any one person, but that there was generally a plenty that would fit each individual and if any of those presented fitted any hearer the listener should put it on and wear it. He argued that real self

THE publishers of The Encyclopaedia Britannica announce that they have made arrangements for the issue, as soon after the end of the war as possible, of a new volume, containing a full and authoritative history of the war.
The new volume will be written by scholars and experts of the same high character as those who wrote for the Britannica itself, and by many of its own contributors. It will be absolutely impartial, excluding all partisan feeling and prejudice. It will contain
1. A judicial account of the real causes of the war, the progress of the struggle, and the results all over the world; with maps, as necessary, to show changes in boundaries.
2. The lives of the new leaders, whether civil, military or naval, in the belligerent countries.
3. The results of the war outside the sphere of fighting, the progress of surgery, the prevention of contagious disease, the new scientific discoveries, etc.
The new volume will bridge the gap between the days of peace before and after the war. It will be printed and bound to match the Britannica and the publishers guarantee that no matter how difficult and costly the supplementary volume may be from the editorial point of view, the price of it to all who purchase the Britannica during the present sale will not be more than that of a corresponding volume of the Britannica.
H. W. Landfare, President

NOW there are only 5 days left in which you can order a set of the new Encyclopaedia Britannica printed on genuine India paper

If you wait until after next Saturday, May 26th, you will NEVER be able to buy it, because by then, and possibly a day before, every set of the Britannica, printed on genuine India paper, in the entire world will have been sold.
\$1 to be followed by conveniently small monthly payments of as little as \$3.00 (for the cloth binding) for a limited period, will secure a set for you.

After Saturday, May 26th, you will NEVER be able to buy a set for any price. NOW—you can have the entire 29 volumes to use and profit by while you pay for them. After next Saturday you can NEVER have this work to own and use no matter how much you want it or need the knowledge it contains. Consider the Britannica as an investment—for an investment it is—an investment that will pay dividends in the exact proportion that you use it. The more you use the Britannica the larger dividends it will pay you. Dividends of increased knowledge, increased earning capacity, increased enjoyment, appreciation and understanding of everything you do, see, use, read or come in contact with.

Think what the Britannica in your home will mean in the future. Think what a help it will be to your children in their school work. Right in your own business or occupation KNOWLEDGE is what brings success, and the Britannica is the largest, most complete, most comprehensive, most authoritative library of knowledge in existence. You must decide NOW!

Unless you order on or before next Saturday, May 26th, you will be too late. Unless you order on or before May 26th you will never own the Britannica printed on India paper. Unless you order on or before May 26th you will be depriving yourself and your family of the many advantages of this great library of the world's knowledge in its most beautiful, most popular and most usable form. The end of the sale may come before May 26th. Order NOW and be on the safe side.

Decide today whether or not you want to own the Britannica. We want each one of these last sets to go to those who will use it and get all of the many benefits from it. You must make up your mind for yourself. Do it now. We have arranged with stores in all parts of the country to exhibit sets of the Britannica and receive orders. This gives you the opportunity to examine sets, select the binding you prefer, and decide intelligently whether or not you want to own the Britannica.

Go at once to the store mentioned in this notice. Every day you put it off means one more chance gone. Don't wait. The doors of opportunity are closing, one by one, day by day. Only 5 more to close and then your opportunity will be gone forever.

These final announcements of the close of this great sale are getting shorter every day—just as the last sets on hand are getting fewer every day. This sale must end because no more sets of the Britannica can be printed on genuine India paper—because no more flax from Belgium, Germany or Ireland or hemp from Russia, two necessary raw materials for making genuine India paper, can be secured. You know the whole story. It has been told over and over again. It is not necessary to say more. It's a case of NOW or NEVER.

If you cannot go to the store, fill in the "Reserve" Order Form and send it right away. Then you will be sure of getting one of these last sets that can be printed on India paper. Now is the time to act. Tear out the coupon and get it in the mail as soon as possible. Only 5 days more. Order today.

Form for ordering the Britannica, including fields for Name, Street and Number, City, State, and P. O. Address. It also includes a 'Reserve Order' section for those who cannot go to the store.
