ODD FELLOWS HOLD A MONSTER PARADE AT STATE REUNION

Rebekahs Join With Grand Lodge of Oregon in Giving a Big Pageant at Eugene.

PATRIARCHS ARE IN LINE

Four Members of Spencer Butte Lodge Are Recipients of Half Century Jewels for Membership.

Eugene, May 24.—Interest in the election of the Rebekahs this morning centered around the contest for grand warden, seven candidates being in the field. The balloting lasted for an hour before a choice was made.

The officers elected are: President, Mrs. Mary Lancaster of Gateway lodge, No. 7, Astoria; vice president, Mrs. Jeanie Burke of Grants Pass; warden, Mrs. Jessie White of Sellwood; secretary, Mrs. Ora Cosper of Dallas, reelected for the twenty-first time; treasurer, Miss Edna Jacobs of Corvallis; trustee of I. O. O. F. home, Mrs. Lizzie Howell; trustees of the Rebekah assembly, Mrs. E. True Shattuck, Mrs. Madge Buchanan and Mrs. Bertha Johnson.

The outstanding feature of the grand lodge sessions of Odd Fellows Wednesday was a monster street parade in the afternoon, in which more than 1500 Odd Fellows and Rebekahs took part. The pageant was followed by the Patriarchs Militant in full uniform, then the delegates to the grand lodge and Rebekah assembly.

The Rebekah assembly of Oregon voted to join the National Association of Rebekahs, adopting the report of a special committee from the Oregon assembly which attended the meeting of the national organization last year.

Oregon has been represented in former years by committees at the national meetings. This year delegates will be elected from the state organization for the first time in its history.

Half Century Jewels Presented.

A record in the history of Odd Fellows in the United States was set when four members of Spencer Butte lodge No. 9, of Eugene, were presented with 50-year jewels, making a total of five members of Spencer Butte lodge who have received jewels marking a half century of good standing in the order.

The men who received the 50-year jewels have been acting as a reception committee of the Spencer Butte lodge, welcoming pioneer delegates to the grand lodge meeting. The dates on which they joined the Spencer Butte lodge are as follows: T. G. Hendricks, March 31, 1864; D. R. Lakin, January 10, 1865; J. D. Matlock, October 3, 1865; J. H. McClung and J. S. Luckey, November 20, 1866.

Special decorations were conferred on these veteran Odd Fellows by Grand Master Henry S. Westbrook of the Oregon grand lodge and by Grand Master H. D. Merritt of the Washington grand lodge.

Rebekahs Nominate Officers.

The Rebekahs Wednesday afternoon nominated their officers and a vote will be taken Thursday morning.

The grand lodge also will elect its officers Thursday and at the same time select the place of the 1918 meeting and possibly the 1919 centennial meeting.

Wednesday's sessions closed with a reception and dance at the armory.

Portland Couple Wed.

Oregon City, May 24.—Esther Marie Petterson and Gordon Carl Kinney, 130 East Sixty-first street, Portland, were married Wednesday afternoon by Rev. W. T. Milliken at the Baptist parsonage.

HIGH HEELS PUT CORNS ON TOES

Tells women how to dry up a corn so it lifts out without pain.

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called freezone, which is sufficient to rid one's feet of every hard or soft corn or callus without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the soreness and shortly the entire corn, root and all, lifts right out. It is a sticky substance, which dries the moment it is applied, and thousands of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this out and try it if your corns bother you.

For immediate and permanent relief from eczema I prescribe *Resinol*

"If you want to *experiment*, try some of those things you talk about. But if you *really* want that itching stopped and your skin healed, get a jar of Resinol Ointment. We doctors have been prescribing *that* ever since you were a small boy, so we *know* what it will do."

Resinol Ointment is so nearly flesh-colored that it can be used on exposed surfaces without attracting undue attention. Sold by all druggists.

Waite Sings While Waiting for Death

Ossining, N. Y., May 24.—(I. N. S.)—With the shadow of death hanging over him, Arthur W. Waite, who will be electrocuted tonight for the murder of his father-in-law, spent his last day writing verses and humming popular songs.

Dr. Waite slept late and awoke cheerfully to face his last day in the death house.

Calm and indifferent, outwardly, at least, Waite never once referred to his approaching death; nor to his family. His mother is dying of grief at her home in Grand Rapids. His father died of a broken heart a month ago. His brother Frank, his only loyal friend throughout, has turned snowy-haired in less than a year over his brother's conduct.

CONFEREES WILL PUT CENSORSHIP CLAUSE UP TO VOTE OF HOUSE

If House Fails to Adopt Modified Provision Senate Will Not Take Vote.

Washington, May 24.—(U. P.—Whether there will be a censorship provision in the Gregory espionage bill is up to the house.

After a long deadlock, the house and senate conferees virtually agreed to report out a bill containing a compromise provision which covers merely naval and military news. If the house adopts it, the senate may follow suit. If the house turns it down, however, the senate won't even vote on it. There is much speculation as to whether house Republicans and about 25 house Democrats will stick together, as they have threatened, and vote the proposed section out.

Canvass of the senate at the suggestion of President Wilson uncovered little enthusiasm for any kind of a censorship whatever.

The plan of the administration is to put through a rule similar to that embodied in the Cummins amendment to the spy bills providing censorship on strictly military and naval activities.

Senator Cummins isn't disposed now to press the provision and many other Republicans say they won't favor any censorship that might by any chance replace the present board headed by George Creel.

Some senators opposed to any censorship provision pointed today to the statement issued by the state department commending newspapers and press associations upon the success of their "voluntary censorship" upon the movements of the French mission. At the request of the state department the newspapers refrained from printing anything of the departure of Joffre.

Others drew attention to the incident of sending American destroyers into the U-boat zone. Although it was generally known in newspaper offices 10 days before the announcement came from London, not one word got into any newspaper.

OFFICIALS BEST WHO HAVE EXPERIENCE AS PRIME QUALIFICATION

Daly Advises People to Use Same Method in Choosing Mayor as Business Head.

Will H. Daly, in an address in behalf of his candidacy for mayor at the Montavilla school Wednesday night, pointed out to the voters gathered to hear him that a business men in selecting some one to administer his business would choose a man of experience and proven qualifications for the position. This same care of selection should be used in the election of a public official, Mr. Daly contended.

"The public owes nothing to an official for his services of the past," Mr. Daly said. "He has accepted its employment under the conditions and has been well paid for his services. However, in selecting a chief officer for the city, the record of the candidates should be scanned closely by the electorate. He must be measured largely by his past performance.

"The department which I have administered during the past four years stands out distinctly for the economies that have been accomplished. In reviewing the work of the past four years as an official, I can see where during the first two years of my work I could have made more progress had I been in possession of all of the information as to organization. For that reason I say it is expensive for the public to educate its officials, and the best business man on earth will require that same education.

"In aspiring to the office of mayor I bring you four years of business experience as your commissioner and six years experience as a member of your legislative body."

Carl Flynn was born in Monmouth, Or., and came to Vancouver in 1905.

Funeral services will be held Friday morning at 9 o'clock at St. James cathedral, Rev. Father Swennes officiating. Interment will be in the Catholic cemetery.

Lineman Is Hurt.

Oregon City, May 24.—While engaged with a crew of men in making repairs to the line near Canby yesterday, Fred Goi, a lineman of the Pacific Telephone & Telegraph company, met with a painful accident when one of his spurs, used in climbing poles, penetrated his foot. He was taken into Canby and treated by Dr. H. A. Dedman, after which he was brought to his home at Fifteenth and Washington streets, this city.

ARE ALIEN ENEMIES BARRED FROM HALF MILE OF ARMORY?

U. S. Attorney Reames Telegraphs to Attorney General for Instructions.

ORDERS SENT TO MARSHAL

If Portland Armory Is Camp and Arsenal, Aliens Must Move or Be Subject to Arrest.

Whether or not that portion of the city within a radius of a half mile from the Armory at Tenth and Couch streets, is barred to enemy aliens, in accordance with the president's proclamation, is a question on which United States Attorney Reames has telegraphed to the attorney general for enlightenment.

The particular provision of the proclamation reads: "An alien enemy shall not approach or be found within one half of a mile of any federal or state fort, camp, arsenal, aircraft station, government or naval vessel, navy yard, factory or workshop for the manufacture of munitions of war or of any products for the use of the army or navy."

Instructions Sent to Marshal.

United States Attorney Reames is of the opinion that the Portland Armory is both a camp and an arsenal, but will ask for definite instructions from Washington on the point.

Directions issued by the attorney general for the enforcement of the particular provision have been submitted to the United States marshal by Mr. Reames. These directions, while not elucidating the status of Portland's Armory, give stringent specific regulations as follows:

Regulation No. 4 shall be enforced by the marshal as follows:

(a) Alien enemies residing within one-half mile of a fort, camp, arsenal, air-craft station, government or naval vessel, navy yard, factory or workshop for the manufacture of munitions of war or of any products for the use of the army or navy, shall be required to remove therefrom before June 1, 1917; provided, however, that any alien enemy who prior to June 1, 1917, comes within the purview of regulation 12 of the president's proclamation shall be required to remove at once and shall be subject to summary arrest.

Aliens Liable to Arrest.

Any alien enemy who fails to remove prior to June 1, 1917, shall be summarily arrested. Alien enemies who do not reside within one-half mile of the place above referred to and who come within one-half mile of said places will do so at their own risk and may be summarily arrested.

The marshal may issue a permit to anyone to continue to reside in the forbidden locality or to come within the forbidden locality for the purpose of passing through such ½-mile area or of being employed or doing business within the same, if, after such proof as the marshal may require, he is satisfied that such continued residence or such passage through or such employment will not be dangerous to the security of the United States. Permits must not be issued, however, until after the marshal shall have conferred with the special agent of the department of justice (if there is one in the locality), and until after the employer of the applicant shall certify in writing, in such form as the attorney general shall prescribe, that he desires to employ or to continue to employ the applicant, and that he is satisfied that such employment will not be to the injury of the community or of the United States or until the applicant (if he is himself the head of a business) shall give such security or assurance as shall be prescribed that he will strictly obey the law and the president's proclamation; and the marshal, before issuing any permit, shall secure the approval of the United States attorney or assistant United States attorney.

Airships Raid East Coast of England

Four or Five German Dirigibles in Attacking Party—Man in Norfolk Village Killed—Damage "Negligible."

London, May 24.—(U. P.)—Four or five German airships raided eastern counties of England last night, dropping a number of bombs and killing one man in a Norfolk village, Lord French, home defense commander, announced today. The bombs all fell on country districts and the damage was declared "negligible."

"The airships approached the coast shortly before midnight," Lord French said. "The sky was overcast and a thick bank of rain clouds made observation difficult. Four airships pursued an erratic course, being unable to locate their position. Our aeroplanes pursued them, but the thick cloud enabled them to escape."

"Airships" presumably means Zeppelins. If so the present raid is the first since November 26 and the twenty-second since the start of the war. The total casualties have been 229 killed and 451 injured.

MARINE CORPS ASKS PORTLAND TO AID IN RAISING MORE MEN

General Barnett Tells Advantages of This Branch of Service; City Thanked.

The Marine Corps asks Portland's help in raising the additional men granted it by congress.

In a dispatch to the Editor of The Journal, Major General Barnett, in command, thanked The Journal and the people of Portland for their help in the previous campaign for recruits and their additional help in the campaign to come.

His message follows:

The bill signed by President Wilson yesterday authorizes the Marine Corps to enlist men between the ages of 18 and 35 for the period of the war. Men who want to fight where the action is hottest on land, on the sea or in the air, will find the Marine Corps offers them a chance to enlist to uphold the honor of their country and their flag. On behalf of the officers and enlisted men of the Marine Corps, I again desire to express our sincere appreciation of the able assistance and hearty cooperation of the people of The Oregon Journal in recruiting the corps during these strenuous times. Portland has responded splendidly to our calls.

I am now asking your further assistance and cooperation in recruiting the Marine Corps to its full authorized strength of 30,000 enlisted men. The special National Marine Corps recruiting week is from June 10 to June 16, inclusive, and I hope that the Marine Corps will be at full strength before the close of the present fiscal year.
