

# SUNNYSIDE CHURCH TO CELEBRATE ON JUNE 3 ITS 25TH ANNIVERSARY

Three Day Program Has Been Arranged by Congregational Church Membership.

REV. J. J. STAUB PASTOR

Quarter of Century Spent With Same Organization—Special Speakers Are Announced.

It is, indeed, a rare privilege to initiate a church enterprise among the trying conditions of a new western community, to foster its young life and to lead its development for 25 years until it takes rank with the leading religious institutions of a city like Portland. The Sunnyside Congregational church begins Sunday, June 3, a four-day celebration of the quarter centennial of its history, and at the same time the twenty-fifth anniversary of the ministry of its founder and pastor, the Rev. J. J. Staub, D. D.

The little handful of children which met in the summer of 1892 in Hunter's hall, over a fire station, for the formation of a Sunday school, and the few adults who became the nucleus of a young church, have developed into an institution of numerous departments, sheltered in an edifice which, for charm and utility, is second to none in the city, furnishing social and religious privileges for throngs of young and old in endless appointments every day in the year. Sunnyside has determined to celebrate this unique condition in a manner worthy of the event.

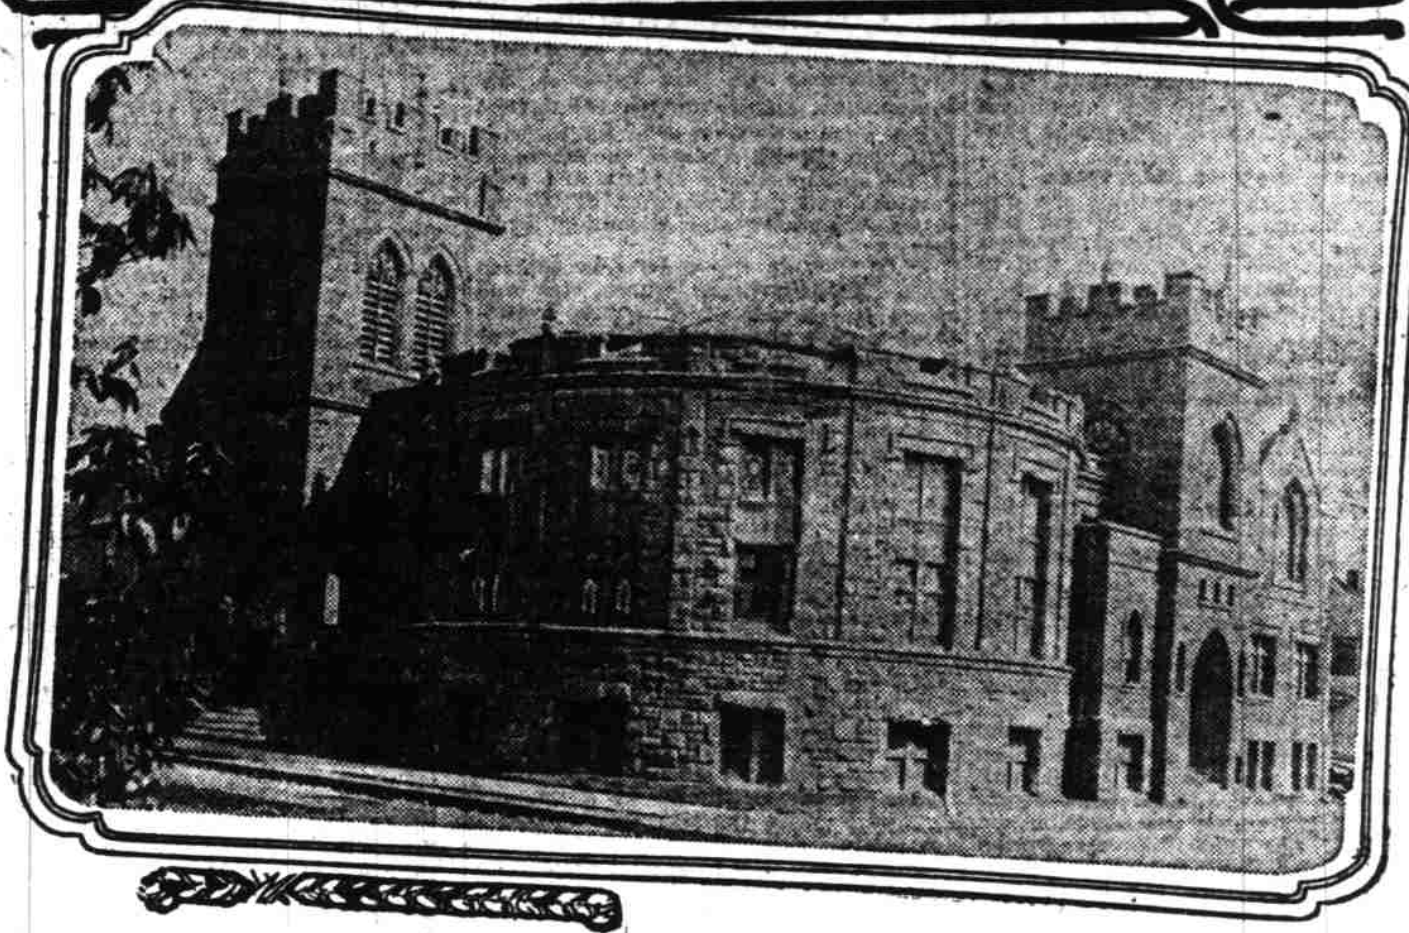

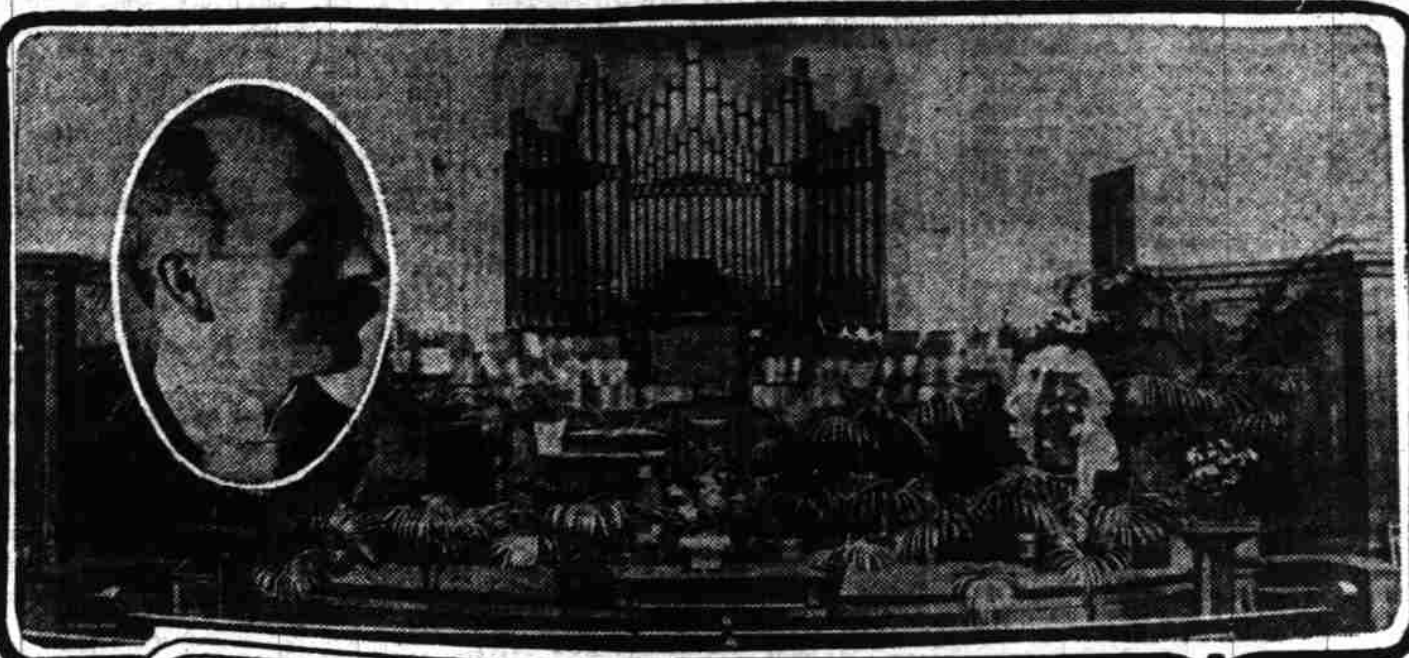

### Sunday Is Home-Coming Day.

The first day of the anniversary, Sunday, June 3, will be known as home coming day, and invitations are extended to all former members and friends to come home for the festivities of that day, and for the renewal of old acquaintances. At 9:45 a. m. the program will begin with the celebration of Children's day by the Sunday school, with exceptionally attractive exercises and a cantata entitled "The Morning of Life." Arthur Hedley, the first superintendent of the Sunday school, will be present, as well as S. C. Pier, who for many years occupied that position. At the morning service, Dr. Staub will deliver the anniversary address, touching upon the outstanding events of the 25 years of unbroken fellowship between pastor and people.

The Endeavor societies, junior and senior, will be hosts to former members and friends of their departments at 3 p. m. and 6:15 p. m. The evening service will offer a program of keenest interest when Dr. Luther R. Dyott, pastor of the First Congregational church of this city, will bring the greetings of the Congregational churches of the city and state and will speak on "Sunnyside's Part in the Larger Program of the Kingdom." The music will be under the leadership of Professor J. H. Cowen.

The Monday evening event will be in

charge of the young people of the church, partaking of the characteristic freshness and vigor of their departments. Short addresses on the growth and development of Endeavor work will be given; a pantomime, "Interpretation of Some Past Events of Interest," and a number of attractive selections by the Christian Endeavor orchestra. The missionary departments of the church will cooperate Tuesday evening, June 5, in presenting the principles of their activities. An intensely interesting living picture demonstration will portray the transition from the childhood and womanhood of health conditions to those under Christian

influences. Special music will accompany this program.

Wednesday evening the church and its friends will be the guests of the Men's league, the Ladies' aid and the choir. Brief addresses will be given on the past services rendered by these departments and Judge John B. McClelland will speak on "The Influence of This Church in the Community." The musical program of this event will offer unusual pleasures. Besides some choice selections by the choir there will be a number of fine instrumental pieces.

With the exception of about a year's work, Dr. Staub came to the Sunnyside field fresh from Pacific Theological

seminary, Berkeley, Cal., and has given to this church a quarter of a century of his energy and devotion. His ministry has enjoyed the support and harmonious cooperation of church and community to a most exceptional degree.

### Church Known Far.

All up and down the Pacific coast the Sunnyside church is known and has everywhere become synonymous with good cheer and happy fellowship. The wonderfully attractive parlors and other appointments of the church have become a strong social center for the whole community, while the auditorium and Sunday school rooms, with their exceptionally large number of beautiful art windows, lend themselves with great helpfulness to worship and service. This new building, the second erected under the pastorate of Dr. Staub, was dedicated April 20, 1911.

## Merchants Will Aid In Recruiting Week

They Plan Coast-to-Coast Window Display Campaign to Help Get Men for United States Marine Corps.

Washington, May 28.—By linking up their store news, advertising and window displays with a current national event of general popular interest, many stores of the institutional type from coast to coast have offered to cooperate with the country's first line of defense in its concerted and determined effort to secure 4000 enlistments during marine corps national recruiting week, June 10-16, according to advices from marine corps headquarters here.

This patriotic cooperation is thought to be due to a realization of the fact that the government's call for the immediate recruitment of the marine corps to full war strength is imperative in order that its personnel may be properly trained for immediate overseas duties, and with a desire to "do their bit" by assisting in bringing about this end.

## China Nips German Plot to Bomb Ships

Celestial Soldiers Rush Refugee Ships Before Break and by So Doing Prevent Their Being Blown Up.

Tacoma, Wash., May 28.—(P. N. S.)—Officers of the American steamship Justin of the Garland line, Captain W. F. Rickert, declare that China nipped German attempts to destroy German refugee vessels in Shanghai so successfully that China has now a fine little fleet of German seized vessels ready for sea.

At Shanghai they also have an Austrian freighter, the China, right under the guns of one of their cruisers. It is declared by members of the crew that the Chinese authorities did not wait to work out fine legal points when they saw that a break with Germany was coming, but a crew of Chinese soldiers rushed the German vessels, with the result that they unearthed the time bombs arranged in the cylinders of the vessels before any damage was done.

## Distillers Believe Prohibition Certain

Washington, May 28.—(P. N. S.)—Believing nation-wide prohibition to be inevitable, whiskey manufacturers already have practically ceased manufacturing their products. They are preparing to divert their plants to the manufacture of commercial alcohol for the uses of the army. This was the startling statement made by W. L. Wolford, president of the American Association of Cooperage Interests, before the Interstate Commerce commission.

Wolford was a witness in the 15 per cent advance freight rate hearing. His whiskey statement was made in response to questions as to prices of cooperage materials.

## British Societies' Annual Concert

Large and Enthusiastic Audience Enjoys Excellent Performance of Music and Dancing; Nets \$750.

An enthusiastic audience packed the auditorium of the Lincoln high school Saturday night at the annual concert of the Associated British societies of Portland given in commemoration of Empire day.

The stage, decorated with the flags of the entente nations, as well as the patriotic numbers running through the program, reflected the spirit of the day.

Introductory remarks were made by P. Chappell Brown, president of the British Benevolent society, in which he gave a brief history of the purpose of

Empire day and its peculiar significance at this time. Dean J. Mairkey spoke on the necessity of union between the allies in order to accomplish our purpose in the war. Three killed songs, J. H. MacDonald, Walter Leach and David Gray, drew much laughter and several encores with their bagpipe selections.

Among the others taking part in the program were Dr. Stuart McGuire, George Wilber Reed and Madame Lucie Valair, vocal selections; Miss Katherine Laidlaw and Jorg Paasting, aesthetic dancing; Helen Harper, violin, and Jean Harper, piano. The Portland Amateur orchestra played the national airs of the different nations during the intermission.

The proceeds from the sale of the tickets, which amounted to \$750, will be turned over to the British Red Cross.

## Schools of Bandon Will Close June 2

Commencement Exercises Are Set for Friday and Graduating Class Is Largest in History of Local School.

Bandon, Or., May 28.—The local schools will close June 2, and the largest class in the history of the high school will be graduated this year. Commencement exercises will be held Monday and 21 will receive diplomas.

Professor John Straub of the University of Oregon will deliver the address.

The graduates are: George Scott Raymond Webb, Errol McNair, Eugene Scofield, John Moore, Edward Bell, Daisy Shields Windsor, Dora Anderson Lehmann, May Kinley, June

Hesse, Mildred Langley, Florence Fish, Edith Sumner, Mabel Meinhardt, Helen Fish, Alice Gallier, Gladys Canterbury, Mary Haberly, Ruth Barrows, Alta Hansen and Mary Thornton.

## Paving Plant Is Indorsed.

Bandon, Or., May 28.—The New Era club of this city has indorsed the plan of the state highway commission to purchase paving plants if satisfactory bids for laying paving are not received in the event the \$8,000,000 road bonding measure passes in June.

## Storm Warnings on Atlantic.

Washington, May 28.—(P. N. S.)—The weather bureau today ordered storm warnings displayed on the Atlantic coast from Portland, Maine, to Charleston.

**ADAMS PEPSIN**  
THE BIG BUSINESS-MANS GUM

This business man has just quit his desk to command a regiment and help America win the war. Almost all the big successful men who give commands in business or in the Army prefer Adams Pepsin, the Original Chicle Gum, to any other gum. It keeps their high strung nerves steady and their digestions in trim.

Cooling Peppermint Flavor

**A treat for 10,000,000 girls!**

**\$1,000,000 worth of Ice Cream sodas**

Girls do like ice cream sodas. And for \$1,000,000, 10,000,000 girls could buy 10c sodas. That would please the girls. But how about the men?

Well, men, we spend \$1,000,000 to give you your smoke-treat—your OWL Cigar. And often more. For behind the mellow fragrance of your OWL Cigar stands a reserve of tobacco leaf always worth at least \$1,000,000.

This leaf is constantly mellowing and curing. And not a single leaf of the whole \$1,000,000 worth ever gets into your OWL Cigar until it has cured many long months—until it is "ready" in OWL fragrance.

That's the story in a nutshell of the OWL, the Million Dollar Cigar. It's the "fragrance-reason" behind your OWL Cigar.

See if the OWL Cigar does not back up this fragrance-pledge.
