

PORTLAND, OREGON, SUNDAY MORNING, JUNE 10, 1917.

## KNOW NAKOMIS? HE'S LEADING PITCHER IN OUR BASEBALL GAMES

Failed to Stick With Beavers but Is Demon With San Francisco Seals.

## ERICKSON WINS 9 GAMES

George Helfrich, Transferred to Spokane, Had Good Record; Young Kremer One of Surprises of 1917.

Nakomis and Ray Kremer, the youngster who is showing rare form on the mound for Del Howard's crew, are the leading twirlers of the Pacific Coast league. Each has won four games and lost one.

Mayhap, fans, you do not know this person Nakomis. Well, he is "Casey" Smith, the Indian, who is a member of the league leading Seals and who, by the way, failed to show enough class to stick with the Beavers last year. Smith used to play with the Sherman Institute of California.

Erickson earned his way to a high position in the standings of the twirlers by winning his last four games. His record is won 9, lost 3, percentage .750. Standings of Los Angeles has won 6 and lost 2 and Goodbred of Oakland has won 5 and lost 2. Rube Evans, ex-Beaver, leads the Salt Lakers with 7 wins and 2 losses.

Helfrich, who was transferred to Spokane last week, captured 5 victories for the Beavers and lost 3, although at the time these averages were made up Malis had won his only start for the Mackmen.

Following are the pitching records, including the games of last Sunday:

**Hyatt Leads in Southern**  
Ham Hyatt, who used to play with Vancouver in the Northwestern league, is the leading batsman of the Southern league now, having passed Covington who held the lead for a couple of weeks. Hyatt is biffing the pill at a .385 clip. Moran, former Coast player, is batting .337 and is well up among the base stealers.

Herb Kelly, the twirler traded with Nixon to New Orleans for Lynn Erntson, the Beaver pitcher, has won six and lost three games. Walker of New Orleans is the leading twirler with seven victories and one defeat.

**Loudermilk Tops A. A. Twirlers**  
Demmitt of Columbus is still leading the American association batters. His average is .360. Jimmy Voix of Kansas City is second with .347.

**EX-BEAVER STAR REPLACES MUCH HERALDED FIND**  
Grover Loudermilk, who failed to make good with the Beavers when sent out to Portland last year, heads the association twirlers with nine victories and one defeat.

**Fabrique Benched in Favor of Ivan Olson, Who Is Showing Class.**

New York, June 9.—(U. P.)—The unbreakable heart of Ivan Olson is carrying him to new heights of glory. His courageous ball playing, his fast thinking brain, and the pure force of his grit are winning back for him his old place as shortstop for the Brooklyn National league team.

Bunny Fabrique, hailed as a wonder—the man who would put the Dodgers in the running again—by holding down a bench position. His fielding, sensational when the season opened, has turned out lately to be nothing more than ordinary. His hitting, prominent in the early days of the campaign, has fallen off until it resembles a pitcher's batting average.

"What garments are most in demand right now?" asked King Cotton—and every one in the department replied—"SKIRTS"—and so plans were laid for this

# Extraordinary sale of SKIRTS for Monday

King Cotton went to Ireland to get these **Pure Linen Pattern Cloths** For this Monday sale at **HALF PRICE**

—And when we say "Half Price" we mean half of the old prices!—These sale prices are but a third of what such cloths would be marked if bought on today's market!

—"The difficulties that the Irish linen manufacturers have encountered since the war have caused them to cut down their operating expenses very materially—and so, where formerly they turned out 50 patterns — they are now going to turn out but 10 or 12!"

It's these discontinued patterns that the Irish Linen weavers gave to King Cotton for Monday's sale at Half Price.

—"The fact that the patterns you get are not to be made again will not hurt them a whit in your estimation—and many will be glad to have patterns that no one else can duplicate. Included in this mighty selling event are—

- 2x2-yard cloths ..... \$4.95
- 2x4-yard cloths ..... \$10.50
- 2½x2½-yard cloths ..... \$6.75
- 2½x3½-yard cloths ..... \$11.00
- 2x3-yard cloths ..... \$7.50
- 2½x3½-yard cloths ..... \$12.50
- 2x3½-yard cloths ..... \$9.00
- 2½x4-yard cloths ..... \$14.00

—"There are several other "in between" sizes at equally as low prices!  
—"We can match several cloths with 22-inch napkins at \$7.00 a dozen and 26-inch napkins at \$9.25.

—"Note please that all cloths and napkins are of the finest double satin damask—a quality fit for a king's table."  
—Second Floor—Lipman, Wolfe & Co.

An astonishing price for **Yo San silk \$1.65 yard**

—"But astonishingly low prices are just what King Cotton likes. He was sure of having crowds when he marked these wonderful new sport silks \$1.65 a yard. They're 35 inches wide. There are oyster whites and sport stripes—and other popular shades."  
Imported oyster white Shantung \$1.85 Yard  
Second Floor—Lipman, Wolfe & Co.

—"King Cotton has a garage full of—  
**Carriages de luxe for baby**  
—"Comfy, roomy baby carriages, made of enameled reed, in a number of good-looking styles, and they are priced at \$17.50, \$21, \$28.50, \$32.50 and \$36.50."  
5th Floor—Lipman, Wolfe & Co.

—"Hundreds upon hundreds of SKIRTS are included—TUB SKIRTS, WOOL SKIRTS and SILK SKIRTS! King Cotton says it's no wonder that skirts are this season's favorites—they are so attractive that women just can't resist them!"

—"The fact that skirts are flying out at regular prices just as fast as they are coming in—made no difference to King Cotton! He ordered the New York office to buy skirts whenever good skirts could be bought—and then he took the pricing into his own hands!"

—"And so for Monday we present what we believe to be the most important sale of separate skirts that Portland has seen in years!"

—"Just see what's included—  
—"Novelty wool skirts will be out Monday only at \$8.95—these are in colorings and patterns such as are seen only in skirts selling at about double this sale price!"

—"Skirts of khaki kool — of black taffeta and of white wash satin—will be out Monday only at \$8.95."

—"Then there are scores of remarkable taffeta skirts in this sale for Monday only at \$4.55 (we've pictured two)—some are in plain black—others are in bright colored stripes! At \$4.55 they will cause a sensation!"

—"Wash skirts go into this sale at \$3.98—and most of them are going to go right out Monday morning—for skirts like these of cotton gabardines and novelty cotton weaves usually bring a price well above \$3.98."

—"There will be many of the famous Korreck skirts in this event, too, at such a wide range of prices that every pocket-book will be suited exactly."

—"See the big window displays of these skirts on Alder and Washington streets."  
—"And remember, the sale begins at 9 o'clock on the third floor—Lipman, Wolfe & Co."

—"King Cotton stirred up a wonder-sale on the Sixth Floor when he discovered this beautiful lot of Nickelware pieces. He ordered a sale of them at once! Of course, the buyer protested that the nickel alone is worth more than these prices, and that people would consider such nickelware as this exceedingly cheap at the regular price.
