

GERMAN TRADE WITH SOUTH AMERICA LOST BY POLICY IN THE WAR

William Clayton, of San Diego, Talks Construction Work With Twohy Bros.

JITNEY SERVICE INJURES

Street Cars in British Columbia suspend Operation When Employees Strike for More Wages.

"Through her conduct of the war, Germany has lost her hold in South America," said William Clayton, vice president of the Spreckels interests in California and director of the San Diego and Southeastern railroad, who has been here conferring with Twohy Brothers on a construction contract.

"The men have gone on strike for higher wages, but the British Columbia electric company holds that because of the sharp competition in the jitney it has experienced great loss within the last two years, and has consequently made no attempt to break the strike, thinking it just as well not to run cars at all."

Government to Send Out Oregon Views

Photographs of Oregon Forest Scenes Have Been Received From Washington; Fine Publicity Feature for State.

A handsome array of photographs depicting Oregon forest scenes and forest operations has been received by District Forester George H. Cecil from Washington, D. C.

The pictures are grouped under the following general heads: Administration of national forests; commercial products of the national forests; their uses; national forests as recreation places; forest types; forest protection; man as enemy of forests; natural enemies of forests.

Pictures of particular reference to Oregon, show the intake of Portland's water supply at Bull Run river watershed; a power plant on the edge of the Oregon national forest, Eagle creek camp ground, Crater Lake national forest, Deschutes national forest, forest fire lookout station on the summit of Mount Hood, 11,355 feet high, and Wallawalla national forest.

The photographs are done in a beautiful brown tone, with a delicate shadow delineation.

Canadian Attorney Compliments City

A. H. Joyce, secretary of the Canadian Legal Publicity company and a member of the Canadian Bar association, is in the city on a business trip.

Mr. Joyce also admires this country on its conception. He is glad that we have learned our lesson from Canada's mistake in the matter. He says that Canada is thinking about a conscription now.

A year ago Mr. Joyce made a trip through the northern part of the United States. He believes that the United States is at last awakened to the momentous issue in front of it, and that the war is at last being brought to it.

Mr. Joyce will leave Monday. He will go through Spokane, Minneapolis, St. Paul and Chicago on his way to Toronto, his home town.

Flag Raising Made Occasion of Reunion

A recent flag raising at the home of J. T. Miller in the Montavilla neighborhood was made the occasion of a G. A. R. reunion and an impromptu patriotic program. Luncheon was served and several dances added to the regulation army fashion after Arthur H. Nichols, one of the "boys" of '61, gave an address, covering the main historical events of the United States from the time of its birth until our present participation in the world conflict.

D. M. O'Sullivan to Visit L. Burbank

D. M. O'Sullivan, the potato "wizard" of Portland, has left his farm in Irvington, consisting of four and one-half acres, and will sojourn in Berkeley, Cal., for a few weeks, visiting his son, D. O'Sullivan, formerly of Portland, and four grandchildren. While in California, Mr. O'Sullivan will visit Luther Burbank by special invitation, at his Santa Rosa experiment farm. Several sacks of the new crop of potatoes will be shipped to Mr. Burbank this fall for inspection and selective planting.

It Will Pay You Well to Choose Your Refrigerator Here

If you are a shrewd housekeeper and appreciate a scientific food preserving machine that will save its initial cost many times over in perfect preservation of foods and economy of ice consumption, it will be well worth your while to investigate the merits of the three leading makes illustrated and described below. All three refrigerators are manufactured by the White Enamel Refrigerator Company of St. Paul, recognized for years as manufacturers of the highest grade refrigerators, and for which we are exclusive Portland agents. Just a word about them here—come in tomorrow and let us demonstrate to you the distinguishing features of these refrigerators. EASY PAYMENTS IF DESIRED.

A Meier & Frank Refrigerator "Cold as An Iceberg"

Sanitor A high grade seamless porcelain lined refrigerator supreme in its class. Exterior construction is of oak, well finished. Provision chamber lining of one-piece porcelain steel construction. No joints—no seams—nothing to catch or retain dirt—as easy to clean as a china bowl. Priced \$32.50 to \$60.

Bohn Syphon Has a long established reputation for efficiency, durability of construction and beauty of appearance. One-piece seamless porcelain lining with full rounded corners and patented Syphon system of circulation. Ten thicknesses of insulation—lowest temperature and minimum ice consumption; \$45 to \$200.

Icyco Made to fill the demand for a high grade refrigerator at lowest possible cost. Exceptionally the feature of provision chamber lining—the Icyco food compartments being lined with paint enamel instead of porcelain—this refrigerator is exactly the same as the Sanitor. Priced \$25 to \$50.
