COUNCIL OF NATIONAL DEFENSE REPORTS ON WORK ACCOMPLISHED

Organization of Utilities for Defense, Settlement Strikes Are Reviewed.

MILLIONS SAVED NATION

Gigantic Task Faced by Body-Created Almost Year Ago, But Active Only Few Months.

Washington, D. C., June 25 .- A report of the activities of the council of ter S. Gifford, director of the council, and furnished Secretary of War Baker. the national defense, brought to a thority for the creation of an advisory commission of seven persons to act United States may be made familiar Washington at the call and under the council. with the proceedings of these bodies.

The organization of a railroad committee to send to Russia; and

risory commission and the various record has been one of the sistent growth.

The duties and functions of the As an introductory statement a few of the accomplishments in question may be concretely instanced as follows:

Purposes Aro Many

Tecord has been one of the duties and functions of the Hudson Motor company; munitions, manufacturing, including stant ardization and industrial relations, manufacturing, including stant ardization and industrial relations.

Purposes Aro Many

Tecord has been one of making munication.

Howard E. Coffin, vice president of the Hudson Motor company; munitions, manufacturing, including stant ardization and industrial relations.

Stated, as follows:

Purposes Aro Many

Tecord has been one of the munication.

Howard E. Coffin, vice president of the Hudson Motor company; munitions, manufacturing, including stant ardization and industrial relations.

Julius Rosenwald, president of Sears,

Julius Rosenwald, president of Sears,

Julius Rosenwald, president of Sears,

Dan Kellaher, commissioner assigned the department of finance, de-

ernment's defense;
The close knit organization of the telephone and telegraph companies of America to insure to the government the most rapid and efficient wire communications;
The settlement of the recent threatend at all one of the sources of the nation. In performing its functions the council is further charged with the following ducties:

The very general acceptance by including conservation of health and capital off the suggestion of the council that existing labor standards should not be changed until the need for such action had been determined by the council with the steadying influence on industry growing out of such action;

The close knit organization of the "creation of the council is further the rederment of the recent threating in the time of need the immediate contents of the nation. In performing its functions the council is further charged with the following ducties:

To supervise and direct investigation of the American College of Surgeons; medicine, surgery and sanitation.

The director of the council and advisory commission is Walter S. Gifford, and the secretary of the council and advisory commission is Grosvenor time, although some may be made.

Much Money Saved The money saving to the govern-ment, through appointment over the country of committees of business men to assist the quartermaster's department of the army in the economical and efficient purchase of supplies; The saving to the government of millions of dollars by the proper co-ordination of purchases through the agency of the general munitions board of the council of national defense; The creation, under the medical sec-

The creation, under the medical section of the council, of a general medical board, consisting of many of the most highly qualified surgeons and physicians of the country;

The selection by the same section of thousands of doctors specifically of thousands of doctors specifically of thousands of membership in the medical section.

Special Duties Outlined

2. To report to the president or to the heads of executive departments upon special inquiries or subjects appropriate thereto.

3. To submit an annual report to the president, given qualified for membership in the med-ical officers' reserve corps, and the congress, through the president, giv-standardization, far on its way to ing as full a statement of the activi-completion, of surgical instruments

completion, of surgical instruments ties of the council and the agencies and supplies:

The creation by the council of the subordinate to it, as is consistent with the public interest, including an itemsetting out to make 3500 air planes by the council or authorized by it, in and to train 6000 aviators this year; as full detail as the public interest. The very definite results obtained will permit, providing, however, that by the council's committee on coal when deemed proper the president may The very definite results obtained by the council's committee on coal when deemed proper the president may by the council's committee on coal when deemed proper the president may by the council's committee on coal authorize, in amounts stipulated by production in the procurement and authorize, in amounts stipulated by under the new administration are to be made until next Monday, according to the expeditious shipment of coal, both in the civilian and federal interests;

specific reference is hereinbefore Cooperation Made Easy The successful initiation of a movement to coordinate activities on the part of the states of the Union for
