HUGE AIR ARMADAS TO SWEEP GERMAN FROM HEAVENS PROJECTED

America's Plans Expected to Swing Scales of War in Favor of Allies.

MASTERY CERTAIN, VIEW

Commandant de Givrieux in Matin Says Steps Taken by U. S. Show She Has Grasped Necessities.

London, June 25.—(I. N. S.)—Europe is to see the mightiest air offensive the world ever has known when the United States forces get fully into action.

If plans which were hinted at here today are successfully carried out, huge armadas of airplanes will sweep the skies clear of Germans. A dispatch from Paris quotes Commandant de Givrieux as saying in the Matin:

America's step shows she has grasped the necessities of war as now fought. Her immense aerial army will swing the scales in our favor. The allies are guaranteed complete mastery of the air in the spring by her step, whatever may be the activity of the German aircraft shops during the winter.

"No enemy machine will then be able to rise without being overwhelmed by the heavy artillery of the enemy which will be blinded and airplanes will sow terror and devastation and death in the Hindenburg lines."

Chicago's Mayor Is Called on to Resign

Resolution Introduced in Council Says Thompson Is "no Longer Fit to Be Trusted With Executive Powers."

Chicago, June 25.—(U. P.)—Alderman Kerner, chairman of the judiciary committee of the city council, at a meeting of the body today presented a resolution calling upon Mayor Thompson to resign. The resolution was a substitute for the one introduced in Friday's riotous session, instructing the committee to investigate Thompson's action toward the council and school board, with a view to impeachment proceedings.

The resolution recited that the mayor had "ruthlessly, wilfully, recklessly trampled on the rights of the city council," and that he was considered "no longer fit to be trusted with executive power," and that "his usefulness as presiding officer of the city council is at an end."

The resolution concluded by calling upon the council to resign "that the people may choose a mayor more fit for the office."

An alderman was sent to the mayor's office to summon him to defend himself, but he was absent. Thompson is a Republican, while Kerner, who presented the resolution, is a Democrat.

The council adjourned this afternoon—pending action until next Monday. It was explained that this was to give the mayor an opportunity to defend himself.
