"ALL-IN-WON" is a Boss-of-the-Road garment, cut amply full, fits comfortably without binding or gaping. All Men's and Youths' sizes.

The Modern Work Garment

a garment that completely covers your other clothes or may be worn as separate work suit.

For the Autoist and Garage Man

The "All-in-Won" can be slipped on in a jiffy over your other clothes, when you want to clean or make some repair on your machine. It is the cleanest, most sanitary garment a garageman can wear. Cuts down the laundry bills, too. Always keep a suit in your car.

For the Engineer and Railroad Man

No class of workers where the "All-in-Won" will be more quickly received than railroad men. Engineers, firemen, brakemen, yardmen, freight handlers, etc., find the "All-in-Won" a great idea. It is the most practical combination of pants and coat ever known.

For the Expressman

The "All-in-Won" made in blue-and-white expressman's stripe is great for drivers, warehouse men, railway mail, baggage and expressmen. A neat, clean, comfortable garment. Also made in the materials mentioned below.

For the Farmer

The "All-in-Won" will be a boon to thousands of farmers. Slips on and off quickly. Not over-heavy or bungle-some. Ample room for comfort. Around the barn, in the fields--for all work -- wear the "All-in-Won."

For the Dairyman

Of all places where cleanliness should prevail, it is in the dairy. What more practical garment for milking or general work about the dairy than the "All-in-Won"? Pants and coat all in one piece. No binding or gaping when you bend over to milk.

For the Mechanic

At the bench, for construction work, for plumbers, bricklayers, steelworkers, every kind of a mechanic, this is the ideal garment. In fact, anywhere an overall is good, the "All-in-Won" is better. Get a suit of them right away.

Men's sizes, 34 to 50, according to material, \$2.75 and Up

Youth's sizes, 12 to 16 years, \$2.50 Up

Made in five different fabrics—blue denim, blue chambray, blue stripe, khaki and expressman's stripe.
