AMERICAN SAILING SHIP IS DIVER VICTIM

LONDON, July 26.—(I. N. S.)—The American sailing ship Augustus Welt, 1222 tons, was sunk by a German submarine on June 21, it was officially announced today. The crew was saved.

HOOPER SERVES BUT ONE SLICE OF BREAD TO DINNER GUESTS

Washington, D. C., July 26.—(WASHINGTON BUREAU OF THE JOURNAL.)—Senator and Mrs. McNary dined with Herbert C. Hoover last night. The senator reports the menu was plenty to eat but no meat except a chicken and one slice of bread to each guest.

IRISH HOME RULE COMMITTEE NAMED

Dublin, July 26.—(U. P.)—The convention which England will convene the Irish home rule question met today, appointed a committee on procedure to report August 8 and then adjourned until that date.

GERMANS ATTACK IN THE WEST—The Germans have apparently entered upon a deliberate attempt to break through the French line between Soissons and Rheims. The official reports from Berlin and London show fighting of a desperate character around Gauchy (1), near St. Quentin, and an extremely heavy assault from northeast of Craonne to east of Hurtebise (2). The new offensive also included heavy assaults on the French lines at Corbeny (3) and Cerny (4).

Paris, July 26.—(U. P.)—Suffering terrible losses, German troops neverthless succeeded in a desperate attack last night in occupying part of first line French trenches east of Hurtebise to south of La Bouteille. The official statement today declared the attack was in great force.

The German assault was over approximately a three mile front, in the same sector which has been battered unceasingly and unavailingly by the crown prince for the last week. The French here hold the dominating positions on the Chemin des Dames.

"At 9 o'clock last night," the war office declared, "the enemy renewed his violent infantry attacks on a front of three kilometers (about two miles) from east of Hurtebise to south of La Bouteille, engaging with great forces. At the price of heaviest losses and after desperate onslaughts, the enemy penetrated elements of our first trench south of Allies. The assaults at Hurtebise farm were broken up in the French line."

On the left bank of the Meuse, artillery of both sides kept up a violent fire.

BRITISH GIVE UP SMALL FRONT WITH THE GERMAN ARMIES IN THE FIELD

With the British Armies in the Field, July 26.—(U. P.)—Retirement of British forces on small front east of Monchy was forced early today by obliteration of the Tommies' trenches in German shellfire and an attack by about 400 of the enemy, armed with flame throwers.

This was the only spot on the British front where there was infantry activity, except in raids. The article, however, was exceedingly intense in many sectors.

Today it appeared that the coast sector was likely to rival Lens as the storm center for the German shells. In this section, the German bombardment from 10 o'clock last night to 5 o'clock this morning. Projectiles of all calibers up to 3.2 shells were hurled by the enemy guns.

The shower was a continuation of several previous nights' bombardments. In the air today both sides were also very busy. Fighting between squadrons on both sides was frequent.

FELTON IS APPOINTED RAILWAY DICTATOR

Washington, July 26.—(I. N. S.)—Samuel Felton, president of the Chicago & Great Western railway, today was appointed railway dictator of the United States. He was designated by Secretary of War Baker as director general of railroads under the chief engineer of the army. He will have charge of all railway forces of the army in this country, France and elsewhere.

ANOTHER ANTI-DRAFT PLOT IS DISCOVERED

Cleveland, Ohio, July 26.—(I. N. S.)—A hothouse anti-draft plot to admit a drafted man temporarily unfit—was discovered here today by department of justice officials who are seeking a youth known to have purchased drugs and shipped them to New York.

I. W. W. MENACE TO WEST, SAYS WEYERHAEUSER

Timberman Declares Conditions in Logging Camps and Sawmills Threaten Continuance of Industry.

FIRES SET IN TIMBER, FINISHED WOOD RUINED

Respect for Law and Order Must Be Retained by Operators.

"What do they want?" This was the question that J. P. Weyerhaeuser of Tacoma, eldest son of the late Frederick Weyerhaeuser and manager of extensive timber interests in the northwest, asked Wednesday in discussing the menace confronting the chief industries of the Pacific northwest as a result of the widespread I. W. W. activities.

RUSSIAN ARMY IN GALICIA HAS GIVEN UP GUNS

Immense Quantity of War Material Believed Abandoned During Hasty Retirement of Brusiloff's Troops.

London, July 26.—(U. P.)—Russia's routed army in Galicia may have lost to the Germans all the wealth of artillery and military supplies which the allies concentrated for General Brusiloff's great offensive. Even if Premier Kerensky and his ministry, armed with unlimited powers, succeed in stemming the rout, supplies of incalculable value have been lost.

Dispatch today served to increase the realization here of the gigantic task undertaken by the new democracy—that of re-forming apparently panic-stricken spy-infested troops with a new spirit that would imbue them to make a stand against the ever increasing encroachment of the Teutonic armies.

They told of the wild confusion with which the Russian Eleventh army turned tail and ran, some of its soldiers shooting down their own commanders of the artillery that they might flee on the horses attached to the gun limbers. Big guns were abandoned. Supplies were left where they lay. Stores of ammunition were disregarded.

Through all the story London detected the work of the German secret agents, "Planted" in Russian regiments, the Germans apparently waited until the offensive had attained its height with a great concentration of forces and supplies and then acted concertedly so that the greatest possible booty might fall into the hands of the Germans.

Great fear was felt here today for supplies of the Seventh and Eighth Russian armies, also on the Galician front.

The panic of fear fostered by German agents apparently had not totally unseated the reason of these troops, but the rate of German advance has been so rapid that it is doubtful if the two armies can save all their supplies.

ICE MAN FINED \$25 FOR SHORT WEIGHT; CITY'S CAMPAIGN ON

Three Arrests on Complaint of Householders; More in Sight, Says Sealer.

J. C. Booker, a driver for the Crystal Springs Ice & Coal Co., was fined \$25 in municipal court this morning on a charge of selling ice short weight. The complaint was made by J. H. Bryant, 520 Rex avenue, who alleges that Booker sold him 40 pounds of ice, representing it to be 55. A mistake was also made, he said, in the company was also arrested by E. D. Jones, city sealer of weights and measures, but was released. Sause, according to Jones, was issuing ice ticket books with only 25 and 50-pound tickets. This did not enable the driver to make proper change. Judge Stevenson, however, dismissed the case, as there is no clause in the ordinance covering the situation.

MUCH TO BE DONE BEFORE MEN DRAFTED WILL LEAVE STATE

Before the selective draft actually takes away any of Oregon's young men, the following preliminaries must be carried out, according to official advice.

First—Receipt of official firm numbers from the war department by the exemption boards.

Second—Exemption boards meet to set time and place for examinations.

Third—Notices sent of time and place for physical examination of registrants who have been drawn for service.

Fourth—Physical examinations begin in lots of thirnds.

Fifth—Filing and hearing of exemption claims not later than seven days after notice for physical examination.

Sixth—Ten day allowed for filing exemption proofs.

Seventh—Exemption boards to report on claims within three days after filing of proof; appeal to district boards.

Eighth—Adjutant general gives notice of all who have been called to military service.

Ninth—Final call by the government to the service, time indefinite.

SECTION OF RUSSIAN ARMY ROUTED BUT EMBASSY IN WASHINGTON SAYS SITUATION WILL IMPROVE SHORTLY

RUSSIAN COLLAPSE A HEAVY BLOW

London, July 26.—(I. N. S.)—"The collapse of the Russian offensive in Galicia is an appalling blow," said a Petrograd dispatch printed in the Morning Post today. The telegram continues:

"It is known that never before in this war has Russia put into the field such an enormous army as on this front, and never before has any Russian army been so lavishly supplied with the technical adjuncts to fighting capacity. British and French gunners and guns, flying machines and aviators and British armored cars (tanks), were added to the unprecedented technical strength of the Russians themselves to make this particular front equal to anything. Artillery was placed in such admirable natural and prepared positions as amounted to the ideal. There were places where the artillery lay in absolutely 'dead ground,' not 300 yards from the German trenches.

"As for the guns of the Eleventh army, I have received information that almost staggers belief. It appears that the infantry shot down their own gunners in order to get their horses, or shot down the gun horses in revenge as they retreated, and this panic-stricken act—indeed if it was not the act of purchased treachery—left practically all the artillery in the hands of the Germans."

SENATOR BORAH SAYS OUTLOOK FOR ALLIES IS WORSE THAN EVER

Declares Issuing of Bonds by United States Must Stop; Urges Revenue Bill.

Washington, July 26.—(I. N. S.)—Never since the outbreak of the war on August 1, 1914, has the outlook for the allies been so unfavorable, Senator Borah of Idaho told the senate this afternoon. He declared the issuing of bonds by the United States must stop and that drastic levies must be made upon the wealth of the nation which will be face to face with bankruptcy and disaster.

He declared there are now \$48,000,000 worth of bonds afloat in the world.

"We have got to stop issuing bonds; we've got to go get the money. If we don't, we'll face 'bankruptcy and disaster,' he said. He urged a revenue bill of \$2,000,000,000.

"Never since the outbreak of the war has there been a time when the outlook was so serious and menacing to the allies as at the present moment," said Senator Borah.

Believes Russia Out of Conflict "Russia has virtually pulled out of the conflict. If there is any efficiency in prayer, the American people may well send up a prayer for the divine guidance of Kerensky. His assassination would mean the death of the 1,000,000 American soldiers, if on French soil. There could be no more serious situation than that which now confronts the allies. It may not be wise to say this, but I believe it best the people should know.

"Let us make this an American war. The hour of sacrifice has arrived."

Senator Borah declared the submarine war was distinctly favorable to Germany, that increased tonnage was being sunk, and that France was being fought to her knees, despite a display of the most wonderful tenacity and patriotism the world has ever seen.

World Have Peace Terms Clear Insisting there was no time to talk peace, Senator Borah said nevertheless the administration should state to the American people in clearer and more distinct language the terms upon which the United States is fighting and the terms upon which the fighting would cease.

"There should be a more specific program of aims set forth that the people may know the things for which they are expected to die," said Senator Borah. "We must have a sustained public sentiment behind this war. The reason we don't have this now is because of the nebulous manner in which our war aims have been stated and the utter lack of knowledge of what would get us out of the war."

2000 TEUTONS TAKEN PRISONERS

Petrograd, July 26.—(U. P.)—Two thousand Teutonic prisoners have been taken by Roumanian and Russian in the Carpathians and Roumania, today's official statement said.

The Roumanians took 1000 of the enemy, 2000 Russians and 1000 Teutons. The Russians captured the same number of troops and took 24 machine guns.

The Galician offensive of the Russo-Roumanian troops has now reached such strength that it was hoped here the pressure there on the Teuton lines would force some let-up in the fighting against General Korniloff's troops.

The Roumanian troops in particular have distinguished themselves in the fighting, performing prodigious acts of valor. Russian troops, thoroughly loyal, have ably aided in the drive.

THREE HUNDRED OUT AT TACOMA PLANT

Tacoma, Wash., July 26.—(U. P.)—Three hundred employes of the St. Paul & Tacoma Lumber company walked out in a body shortly after 1 o'clock this afternoon, following refusal of the demands for an eight hour day.

The entire sawmill was closed. The walkout virtually means a tie-up of the entire plant, although latest reports show that the men are planning and shingle mills still are striking to their jobs.

IRISH NATIONALIST IS EJECTED FROM HOUSE

London, July 26.—(U. P.)—Lawrence Ginnell, independent Irish Nationalist member, was forcibly ejected from the house of commons today and suspended from his seat as the result of a sensational charge which he leveled against the government. He declared to the house that the authorities were plotting to take his life in order to manufacture a conspiracy which they could blame on Irish Sinn Feiners.

CABINET DENIES THAT CAUSE FOR ALARM EXISTS

SECRETARIES BAKER AND REDFIELD REPORT CONDITIONS ON WEST FRONT SATISFACTORY; NEW CONTRACTS FOR VESSELS.

Washington, July 26.—(U. P.)—The government and the Russian embassy today joined efforts in throwing a brighter glow over the world war situation.

Members of President Wilson's cabinet, including Secretaries Baker and Redfield, denied that conditions on the western front in Europe were such as to cause alarm or dismay in the United States.

Redfield said reports of army officers returning from France were most encouraging.

The Russian embassy denied implications that Russia's war machine had collapsed, said that most of the army was fighting valiantly and that soon the whole situation would clear. This belief also was expressed by members of the cabinet. Meantime the gloom in the situation, shown privately by army and navy officers and reflected through the press, is serving to stimulate recruiting, reports to the war department showed today. The high water mark of volunteerism was reached yesterday when 2700 men were accepted for service.

Progress was made in reorganization of the shipping board when Chairman Hurley left work at his desk today and awaited only by his commission before officially plunging into contracts for more cargo vessels.

FIVE RUSSIAN WOMEN OF 'LEGION OF DEATH' KILLED OR WOUNDED

Girl Soldiers Show Valor in Victorious Battle—Bear Suffering Stoically.

Petrograd, July 26.—(U. P.)—Russian women have laid down their lives on the front lines of the "Legion of Death" in a heroic battle.

Against the report of traitorous retreat of some of the male divisions before the Austro-Germans, came word today of five Russian women of the "Legion of Death" on the Vilna front fought and died in repulsing an enemy attack.

Five women of the "Legion of Death" were killed or wounded in this first engagement, in which they were called upon to resist with arms the invasion of their country.

The "Legion of Death" left Petrograd barely two weeks ago, its girl soldiers garbed in trousers, puttees and tunics a trifle longer than the usual army coats.

They wore the regulation army caps, wore bobbed hair, and carried pack only a trifle lighter than those of the regular Russian soldiers.

They entrained amid the proud tears of their families, soberly, like veterans. The girls were of Russia's best blood, of the strong stock of some of the city's intellectual, financial and social leaders.

Most of them were students at universities. Some were wealthy. All pledged to "do or die" for Russia.

TWO GIRLS DROWN IN UPPER SILETZ

Toledo, Or., July 26.—Two young daughters of Mr. and Mrs. J. W. McGuire, who live on the upper Siletz, were drowned last evening while in bathing. Mrs. McGuire accompanied the girls, but they were caught in a whirlpool and drowned despite her efforts to rescue them.

One girl was 13 years old and the other was 9 years old, both being fairly good swimmers.

The bodies were recovered in about 20 feet of water a half hour after the accident, but all efforts to restore life proved of no avail.

8 POWER BINOCULARS - EDISON PHONOGRAPHS

Pianos, Organs and Musical Instruments. GIVE AWAY. \$35 to \$50 phonographs for nothing if you buy \$5 worth of records.

FOR SALE—Miscellaneous 10 Power Binoculars, field glass, computing scale and butter sawcase, at a bargain. Apply 415 1st.

Housekeeping Rooms NICELY furnished housekeeping rooms with free light, water and phone, very cheap. Call at— Well kept, comfortable, airy rooms, conveniently located in midtown, congenial neighbors. Where workers in all lines of endeavor may enjoy rest and contentment—just such rooms as these may be easily located if you read the "Want Ads" in The Journal For Rent column.

Hourly temperatures today table with columns for 6 a.m., 7 a.m., 8 a.m., 9 a.m., 10 a.m., 11 a.m., and 3 p.m.
