TOWN TOPICS

Lights Play on Flag.—What so probably we see through the dawn on Friday night, the country is glowing, for that matter, is the illuminated flag which floats from the tower at the Union depot. By the arrangement of two strong searchlights directed on the flag, it is visible throughout the darkest hours. The idea is that of Ed Lyons, superintendent of the terminal.

GOLDEN WEDDING OBSERVED

Mr. and Mrs. Daniel B. Harrison

On Friday July 26, at the family residence, 5225 Thirty-sixth avenue southeast, the golden wedding anniversary of Mr. and Mrs. Daniel B. Harrison was observed. Members of the immediate family sat down to a wedding luncheon at noon.

At 1 p. m. the services of two close friends, together with their automobiles, were commandeered and the wedding party enjoyed the afternoon on the Columbia highway. Eagle Creek was the scene of further refreshments, and the return trip proved delightful in the cool of the evening.

In addition to the "bride and bridegroom" those joining in observance of the occasion were Mr. and Mrs. E. G. Harrison, Gertrude L. Harrison, Alfred W. Harrison, Russell W. Harrison, Larry E. Harrison and Evelyn F. Harrison, all of Portland. One son, Charles K. Harrison, of Lacrosse, Wis., unfortunately was unable to be in attendance.

SERMON TOPICS

Rev. Henry Marcotte of Kansas City Speaks to Congregation.

Former Pastor Speaks.—Rev. Henry Marcotte, formerly of the Westminster Presbyterian church and now pastor of the Second Presbyterian church of Kansas City, who is in Portland on a vacation, spoke in the Westminster Presbyterian church Sunday. Two essentials of strength there are to those who are about to undergo great trial," he said.

Religion Not Vague.—Religion is not something vague and far away, but a real, live, nearby activity, and salvation is a form of energy, a mode of being, a process of life, according to

Rev. Harold H. Griffin, pastor of the First Christian church, speaking from his pulpit Sunday morning. "We are God's eyes to see the needs of sorrowing humanity," he declared. "We are his ears to hear the cry of hungry children and the appeals of down-trodden millions. We are God's heart to feel the touch of the world, to be in sympathy with its being. We are God's lips to speak to all mankind the message of hope. In short we are God at work in the world."

New York Pastor Heard.—Rev. C. Wallace Petty of the Creston Avenue Baptist church, New York city, spoke in the White Temple Sunday morning and evening. In his morning service he declared that unless science accepts the immortality of man and belief in God, it must stand in contradiction to one of its own greatest laws. "Science says that every belief is an inner thought," he said, "it is merely the adjustment to some great outside factor. Take the history of the race, especially the sacrificial law. Whether the sacrifice consisted of the lamb or other impersonal offering, the motives were the same. The same feeling runs through all history and leads to the great theme of Christianity, the cross at Calvary. Rev. Mr. Petty attended school in Portland, but this is his first visit here in eight years. He came here from San Francisco.

Oberlin President Speaks.—An interesting sermon on the issue involved in the present war was delivered Sunday evening at the First Presbyterian church by Henry Churchill King, president of Oberlin college. The speaker put emphasis on the fact that the present war was for the preservation of civilization and that nations as well as individuals must be subject to the moral law or else Christian civilization would perish. Science and the power given to men under the destructive

CHAT NO. 63
True to its promise, "The Maid of Madrid" proved to be one of the most popular attractions we have procured this season. Willis G. West and the clever Ginger Girls were well received at both the afternoon and evening performances yesterday. We are glad to announce that this snappy musical extravaganza will be given every afternoon and evening this week at 3 and 8:30 P. M., free to Oaks patrons. Come out and spend the day with us. You could not find a more delightful picnicking place—there is even an electric kitchenette, where hot coffee may be prepared. Cool and lovely, the great oak trees provide shade, while a fresh breeze from the river makes you glad to be in this delightful playground. Swimming, skating, dancing and all kinds of concessions offer amusement in plenty for grownups and kiddies. Let Dad join you in the evening.

—JOHN F. CORDRAY.

HE who hesitates is lost. But he who deliberates over a pipe of Velvet ain't—not by a long shot.

Think This Over—
Kentucky Burley is a good pipe tobacco. There is no better. But there are ways and ways to cure it. There are quick, man-made processes and there's Nature's way—two years ageing in wooden hogheads.

That's a slow, expensive method, but it is the best method. Try Velvet and taste that difference.
