

NAUTICAL SCHOOL SESSION WILL OPEN AT 7:30 TONIGHT

Thirteen to Fourteen Students Are Expected to Be on Hand at the Initial Meeting

OUTLOOK IS PROMISING

Dr. Arthur R. Williams, Professor of Mathematics at the University of California, is in Charge.

As arrangements couldn't be completed in time for a session this forenoon, the first session of Portland's free government nautical school will be held this evening. Room 215 in the Chamber of Commerce will be the place and the time will be 7:30 o'clock. It is expected that 13 or 14 students will be on hand. Altogether 15 have qualified, and action is set to be taken on 17 more applications.

Dr. Williams is enthusiastic over the outlook here and believes a big class of aspirants to berths in the merchant marine will be turned out. He has extended an invitation to the members of the advisory committee to attend the first session of the school tonight.

SHIP CONTRACT IS SOUGHT

Chamber of Commerce Makes Appeal for Fenney & Bremer.

The Portland Chamber of Commerce will continue its efforts to secure a ship contract for Fenney & Bremer, an iron works concern at Tillamook, believing that they are justly entitled to it, even though the shipping board has announced that no iron-hulled ship contracts will be let for the present.

Old Steamer Dismantled

The old river steamer Woodland, an old-timer in the river trade out of Portland, represents a sad spectacle as she lies moored to the Taylor dock. She has practically been demolished and will be towed up the river in a few days to be placed at permanent moorings.

Dredge Cylinder En Route

The new cylinder for the government dredge Multnomah was shipped from a firm in New Jersey on August 21 and should arrive here in a few days, according to word received at the engineer's headquarters at the customs house today.

Estimates Are Requested

Official notification of the approval of the rivers and harbors bill was received this morning from Washington by the United States engineers at their headquarters here, and they are requested to send in their estimates and recommendations on each item or project as soon as this is done and approved the engineers may draw upon the funds provided.

Helvetic Way Overdue

Port Townsend, Wash., Aug. 27.—(I. N. S.)—Five months have elapsed since the Helvetic, a motor launch, sailed from Puget sound for Callao, and her failure to arrive at the west coast port is causing considerable anxiety in waterfront circles here.

Docks Being Whitewashed

Many of the lower docks have received their annual coat of white-wash, which is a great improvement over their previous condition. During the recent freshet, all of the lower docks were under water and when the water receded a good deal of sediment collected on the walls and uprights.

MARRIAGE SECRET REVEALED BY WEDDING LICENSE

Movement Toward Paganism Charged

Committee of American Federation of Catholic Societies Paints Black Picture of Present-Day Society.

Kansas City, Mo., Aug. 27.—(I. N. S.)—That America is rapidly drifting toward paganism is the charge of the public morals committee of the American Federation of Catholic societies.

In its report submitted to the sixteenth annual convention which opened a three-day session here today, the committee declared that the present-day society is fast declining, order is upset, the family is endangered, the home is disrupted, virtue, public and private, is decadent, materialism is in the ascendant, vicious propaganda, riot and religious indifference dominates.

A pledge of patriotism on the part of the 3,000,000 Catholics of the federation and also an admonition to pray for peace, the secretary said in reporting to the convention.

Anthony Matte, national secretary of the Federation, presented in detail the work of the organization in the American bishops, three cardinals and the pope's delegate.

The cooperation of women's societies will be asked during the coming year in bringing about a reform in dress, the secretary said, and urged the federation's crusade against immorality.

City Youths Hear Better Than Others

Washington, Aug. 27.—That the country youth is not able to hear so well as his city brother, and that only about one in five of the former possess the auditory acuteness of the city-bred lad, is the opinion of officers at the head of the marine corps recruiting in this city. Their deductions are based on the number of country boys rejected for poor hearing.

Many persons believe that the continual jarring noises of the city have a tendency to dull the sensitiveness of the nerve centers. However, this is not borne out by the figures of the marine corps officers, who believe that the quiet life of the country, free from noises, has a tendency to weaken, through disuse, the responsive nerves in the ear.

Scientists point to innumerable parallels in nature where the disuse of an organ gradually reduces its functional power or eliminates it altogether. The blind fishes in the dark pools of Mammoth cave are a notable example.

Captain Mattes' Body Received at Chicago

Chicago, Aug. 26.—(I. N. S.)—The body of Captain Mattes of the 1st Artillery, Second Illinois field artillery, killed in the race riots at Camp Logan, Houston, Texas, arrived here at 7:45 o'clock Sunday evening. It was met by a military escort, headed by Colonel Milton J. Forman, and several officers of the Second artillery. The body will be buried at the National cemetery.

Attempt to Settle Strike Is Failure

Raymond, Wash., Aug. 27.—The Merchants' Association here met with the lumbermen in conference last week to attempt to settle the strike, but it was done to settle the strike, at least as far as it affects this vicinity. The lumbermen offered an increase of 10 per cent in wages, but would not consider the eight-hour day. The laborers rejected this offer but made one themselves of an eight-hour day with 40 cents per hour. A committee was appointed from the workmen, but on meeting the lumbermen nothing was done and finally both sides withdrew their offers.

Young Salmon Are Released

Astoria, Or., Aug. 27.—Three and a half million young salmon have been liberated by J. M. Peters, superintendent of the Klachan hatchery, near here. Because of low water, the young fish will have difficulty in getting to big streams.

Chicago Store Is Robbed of \$9500

Chicago, Aug. 27.—(I. N. S.)—After covering up a \$9500 safe robbery for 12 hours in the hope that the police would recover the loot, Becker, Ryan & Co., who operate a general store on South Halsted street, announced this afternoon that three masked men climbed a fire escape at 2:30 o'clock this morning, bound and gagged the night watchman, blew open the safe and escaped with \$7000 in cash and \$2500 worth of jewels.

Eleven of Man's 18 Sons Are in The U. S. Army

Salt Lake City, Utah, Aug. 27.—(I. N. S.)—Thomas Chamberlain of Kanab, Utah, who served a term in the state penitentiary for practicing polygamy, has 18 sons, of whom 11 are in the army service, 2 are in the navy, and 5 others have been summoned before the district draft boards. On the first call six of his sons were certified for army service, 10 to the regular army and 6 to the penitentiary about 15 years ago when the federal government ordered the prosecution of Mormon polygamists who had violated the manifesto of 1890 when the Mormon church officially disavowed all but one polygamous and kindred teachings.

Maine Folk Observe Strange Airplanes

Seal Harbor, Maine, Aug. 27.—(U. P.)—Flying at an altitude of about a mile and moving at great speed two strange airplanes passed over here at twilight last night, it became known today. Later they pursued over Bar Harbor.

The bodies of both machines were torpedo-shaped and unlike any known type in this country. They carried no lights and disappeared, flying northward. The larger machine, it is said, was a giant, while the other was much smaller. Army and naval authorities today declined to comment on the incident.

The body of Alphonse Joseph Glorieux, Roman Catholic bishop of Boise, who died Saturday morning at St. Vincent's hospital, was shipped Sunday evening to Boise, Idaho, in the chapel car from which the bishop had been removed in all parts of his diocese. Archbishop Christie is accompanying the body. The funeral will be held in Boise Wednesday.

Miss Melba Westgard, an Ardent Motorist, who was married to Fred Godfrey Bell, at the latter's bedside in hospital.

A romance was unfolded this morning in the marriage license issued to Fred Godfrey Bell, St. Vincent's hospital, and Miss Melba Westgard of Maxwood drive. Mr. Bell is in the hospital suffering from the effects of an accident which occurred the evening of July 29. He was struck by a motorcycle shortly after leaving Miss Westgard's home, and a crushed hand, Mr. Bell is expected to later pick him up and took him to St. Vincent's hospital, where he was found to have a broken leg and a crushed hand.

Roumania Entered War One Year Ago

London, Aug. 27.—(I. N. S.)—This first anniversary of Roumania's entry into the war was observed here today. The following are the chief features in their chronological order of the rise and fall of the Roumanian campaign: August 27, war declared and Hungary invaded; August 30, Petrozney occupied; August 31, Hermannstadt and Brasov captured by the Roumanians; September 20, Roumanians penetrate 50 miles northeast of Brasov; September 27, one third of Transylvania occupied; October 1, Austro-German drive under Von Falkenhayn opens; October 4, Roumanians retreat through Vulcan pass; October 10, general Roumanian retreat under Von Falkenhayn; October 14, Germans capture Torzburg pass; October 16, Germans capture Gyimes pass; October 19, Austro-German invasion of Northern Roumania in full swing.

Men in Hiding Fire on Strikebreakers

Middleboro, Ky., Aug. 27.—(I. N. S.)—Men concealed on mountainsides fired on strikebreakers with high-powered rifles today when an attempt was made to open mines in this district with imported help. Mine operators gave up the attempt to reopen in one hour after their guards found they were unable to locate the marksmen to return the fire. No one was hit.

Success of Kerensky Expected

Washington, Aug. 27.—(U. P.)—Washington was puzzled because of the mysterious reference of Premier Kerensky to the Moscow conference to a separate peace proposal "directed against our allies." The only explanation offered by Russian diplomats is that the Russian provisional government may refer to the vatican's peace move.

Auto Breaks Man's Leg

Getting beyond the control of the driver, an automobile, owned by E. H. Miles of 1598 East Gilliam street, ran over R. F. Newman in the St. Johns district Saturday, breaking the latter's leg. Newman was taken to the St. Vincent's hospital. W. W. Kirkham of 116 Thirteenth street was at the wheel of the car.

Umpqua Dairymen Have Organization

Gardiner, Ore., Aug. 27.—The dairymen of the lower Umpqua and Smith river districts in Douglas county have organized a new public service commission Saturday at the conclusion of its investigation of the crossing. Instead, the commission ordered installation of more warning signs, removal of brush, installation of electric posts, and within a year the relocation of the crossing, still at grade. A number of bad accidents have occurred at the crossing. The latest on August 27, when an electric train struck an automobile and killed Miss Helen Metzger and her grand-children, Mr. and Mrs. C. E. Lindsey.

Family in Battle, One Man Dead, One Dying

NOBODY LOOK GERMAN WATCH, SAYS FRENCH DIPLOMAT, OF PEACE

Gaul Representative Speaks in Satirical Parable of the Condonation of Damages.

New York, Aug. 27.—Stephen Lauzanne, spokesman for France in America, flatly denies the assertion from the Vatican that statements of difference of warring countries had suggested mutual condonation of war damages and restoration of occupied territories.

The Vatican declaration, amplifying the pope's peace appeal, made a communication from the papal secretary of state. "The Germans have made such suggestions," declared Lauzanne, "but the allies have not accepted them. There never was British or French or any allied statement which advocated mutual condonation of damages or restoration of occupied territories. It is a mutual restoration and condonation, but if I steal your watch and you do not steal mine—how can there be mutual restoration? Absurdly impossible.

"I note there is an exception made with regard to Belgium, concerning the restoration of her damages. There can be no mutual restorations in which Belgium is involved. No German machinery has been smashed by Belgian troops. No German women and girls have been carried off and enslaved by the Belgians. No German homes have been burned by the Belgians."

Miners' Confessions Tell of a Bold Plot

Plans Made to Drive Negroes and Soldiers from Kentucky Coal Fields Spotted by Fight.

Lexington, Ky., Aug. 27.—(I. N. S.)—That miners plotted to drive negroes from the Kentucky coal fields was contained in confessions by miners who led attacks against federal soldiers in Western county on August 2, given out Sunday night by Judge Advocate Otto of the Kentucky court-martial.

According to the confessions, after troops arrested several anti-union miners from the coal fields, plans were laid also to drive out the soldiers. The miners were led by a man named Bohun, who claimed to have led the bloodthirsty mob in East St. Louis. The soldiers returned the fire with such success that several miners were shot. Bohun disappeared. Federal troops arrested several anti-union miners all charged with conspiring against the government.

Dangerous Crossing To Remain for Year

Salem, Or., Aug. 27.—Separation of grade at the dangerous crossing at Hogan station on the Portland Railway, Light & Power company's line was not ordered by the public service commission Saturday at the conclusion of its investigation of the crossing. Instead, the commission ordered installation of more warning signs, removal of brush, installation of electric posts, and within a year the relocation of the crossing, still at grade. A number of bad accidents have occurred at the crossing. The latest on August 27, when an electric train struck an automobile and killed Miss Helen Metzger and her grand-children, Mr. and Mrs. C. E. RUSSIAN DEMOCRACY FACES SUPREME TEST AT MOSCOW MEETING

The issue is tightly drawn between free and open democracy versus restricted reactionism, Kerensky never faced such a task as his present one of coaxing support from such a group of enemies to the sweeping democracy he represents. Even the Maximalists today adjudged the coalition anti-union movement as non-representative of the people's will, in refusing participation. Kerensky's supporters agreed today the supreme test of the democracy will come at the Moscow meeting.

Danger of Autocracy Present

"If we yield to the conservatives and reactionaries," said one of the revolutionary newspapers today, "they will deliver Russia to Nicholas or Wilhelm." Speeches of cabinet members served to emphasize Russia's present critical situation. Minister of Interior Prokhorov reported that the country is in a state of food in several provinces and dwindling supply even in such cities as Petrograd and Moscow.

Higher Taxes Are Urged

Vice president Kerensky urged that Russia's finances were in grave shape. Against issuance of an average of 250,000,000 roubles (\$125,000,000) yearly in 1914, 1915 and 1916, he reported an average of 840,000,000 roubles (\$420,000,000) was increases in wages had been met.

Success of Kerensky Expected

JOSEPH M. GRAY, BENTON PIONEER

Joseph M. Gray, Benton Pioneer

Corvallis, Or., Aug. 27.—The late Joseph M. Gray, pioneer of 1853, was born in eastern Tennessee, near Knoxville, January 17, 1828. He was brought across the plains by his parents, who settled near Bellefontaine, and lived there for the rest of his life. R. D. Gray, his father, was one of the pioneer Baptist ministers of the state.

Joseph Gray, "Uncle Joe," as he was known, is survived by five children, Mrs. George Beavers, Monmouth; Mrs. W. E. Rich, Anacorage, Alaska; G. Duke Gray, Corvallis; Mrs. Mark Porter, Philomath, and Mrs. Otis Skipton, Portland.

GOVERNOR CANTU IS THOUGHT SLATED FOR DEPOSAL BY FORCE

Carranza Forces on Colorado River Are Strengthened for Service.

Calexico, Cal., Aug. 27.—(U. P.)—The arrival today of 300 additional Carranza soldiers at Las Bolas, on the Colorado river, 70 miles below Calexico, swelling the garrison there to 650, has increased the feeling that trouble loomed pending is about to materialize and that Governor Estaban Cantu is to be deposed by force of arms.

The Carranza garrison, augmented today, has been brought up of recent weeks from the west coast by boats on the Gulf of Mexico and thence by horse. It is excellently armed with machine guns and light artillery. Immediately the report reached the Mexican officials across the line at Mexicali, Lieutenant Barranco, Treasurer Tomas Belendez, Pablo Reyes, Cantu's father-in-law, and other officials of Cantu's government, left for Ensenada to consult the governor.

It is believed by many that the long planned scheme of Carranza to remove Cantu from office by force of arms, as governor with a full complement of Carranza appointees, is about to materialize.

Cantu will fight. Americans in touch with his regime vouchsafe this opinion. He has an army at Mexicali of 500 well equipped and well drilled soldiers, with machine guns and light cannon. Other garrisons bring his military strength up to approximately 1000.

The reported individual power Cantu has been winning for himself and applying to his official staff, are said to have incurred Carranza's wrath and distrust.

That he plans to overthrow Cantu and set up a government absolutely under his own dominance is the opinion here today, while the situation is being watched closely for a move of the Carranzista garrison toward Mexicali.

Smoke Increases Accident Dangers To the Motorists

Traffic officers of the Columbia river highway say that the smoke from the numerous forest fires has increased the danger of accidents to motorists on the highway. The smoke is so dense at places that it is impossible to see distinctly for a distance of more than 100 feet.

The officers say that there are no fires at this time on the Oregon side of the river, but that on the Washington side, it is impossible to see the river from the summit of Crown Point because of the smoke.

Girls! Juice of Lemons Clears and Whitens Skin

Prepare a quarter pint of lemon beauty lotion at the cost of a small jar of ordinary cold cream

The juice of two fresh lemons strained into a bottle containing three ounces of water makes a whole quart of the most remarkable lemon skin beautifier at about the cost of a small jar of ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman who uses this lemon juice is used to bleach and remove such blemishes as freckles, sal-

lowness, and tan and is the ideal skin softener and beautifier. Use three ounces of orchard white at any pharmacy or toilet counter and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion. Massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach, and bring out the roses and beauty of any skin. It is marvelous to smoothen rough, red hands. (Adv.)
