Licenses to 100 Dutch Grain Carriers to Sail From U.S. Ports Refused by Embargo Administration Board.

BOARD PROPOSES SHIPS BE USED FOR IMPORTS

Holland Has Enough Grain to Last Into December While United States Is Short.

Washington, Sept. 1.—(I. N. S.)— No grain will be permitted to leave this country for Holland at present, it was announced today. Licenses for 100 Dutch grain ships have been refused.

The agreement by which the Hollanders were to divide their cargoes between Holland and Belgium has been cancelled by the embargo administration board.
In making the announcement the

board emphasized that the United States is willing to feed the neutrals. but that the needs of this country must be considered first. The same attitude is expected to be observed in dealing with exports to other neutral commtries.

In refusing licenses for the 100 Dutch ships, already loaded with grain, the administrative board made. a counter proposition that the vessels be unloaded, their cargoes taken over the United States at a fair price the ships used to bring wheat and sugar from Australia and Java. Rolland Has Enough Grain

The contention of the board is that Holland has a sufficient supply of grain to last her for months, probably well into December. The United States, on the other hand, has not yet determined what her own needs will be, further than approximate esti-mates, which tend to show a depleted supply. Hence, it is argued, the in-terests of both countries can be served best by using the ships now held up in Australia and sugar from Java,

Another fact entering into the soard's decision is that a large proportion of the grain on the Dutch vessels already has spoiled to such an extent that it is unfit for human con-sumption. It is still good for stock feed, however, and the shortage of such feed in this country is held to account in a large measure for the increased butchering of animals. The board proposed that the spoiled grain

Chicago, Sept. 1.—(U. P.)—Worn and weary delegates to the Peoples Peace council were wandering about Chicago tonight while their leaders were trying to decide whether any further attempt to hold a conference is

worth while.

Barred from half a dozen prospective meeting places, the peace agitators al-most found haven in Chicago today. nortly before noon they slipped quietly to an auditorium and opened their sting. But even while the preliminaries of organization were being neotiated, Governor Lowden at Springfeld, apprised of what was going on a Chicago, declared that he would not ermit Illinois to entertain the visi-ors, and telephoned the Chicago police to break up the meeting at once. The Vossische Zeitung declared Germany is already democratic, "Wilson," the editorial continued.

Mass Play of Finance Committee and Senators of South Put to Temporary Rout Conscriptionists.

LOSERS CLAIM VICTORY OF ONE CONCESSION

Committee Finally Compelled to Start Drive to Raise Sum \$500,000,000.

Washington, Sept. 1 .- (U. P.) -Temporarily checked by the mass play of inance committee forces and southern senators, wealth conscriptionists tonight prepared to renew their battle fonday to increase tax on wealth. The 17 senators voting for the rejected Johnson amendment were:

Democrats-Ashhurst, Gore, Hollis, Husting, Johnson of South Dakota, Kirby, Thompson and Vardaman, Republicans—Borah, Brady, Gronne, Johnson of California, Jones of Washington, Kenyon, La Follette, McNary and Norris.

After a stirring appeal to levy a greater tax upon those deriving profit out of the world's sufferings, Senator Johnson, California, went down to defeat today with his amendment to the revenue bill, asking an 80 per cent tax on war profits. But Johnson, Borah and the rest have only begun the fight. Out of their defeat today they find reasons for rejoicing. Their battle has forced the finance committee, originally bitterly opposed to increased war profits taxes, to begin a sturdy drive to pass its amendment raising \$500,-00,000 more from this source than its riginal bill provided.

· Victory Is Claimed "This in itself is a victory for our cause," said Johnson tonight. "It is a conversion of those who fought us most bitterly to the principle that we have contended for right along—that great wealth must bear the greatest share of the war burden and they must pay if the people must fight.
"The committee's theory of

puting the tax is fundamentally wrong and never will win our support, but the result we have sought has been obtained in part. We have not given up the light, nor will we until our last amendment is beaten. We are fighting the people's fight. From all over the land have come heartening messages and in every state we know the question of who is to pay is paramount."

Senator Borah said in the far west the people are "deeply stirred on this

NORTHWEST ASKS FOR LOCAL MILLING ORDER

Farmers See No Incentive Under Present Ruling to Plant Larger Areas.

Flour Drops 40 Cents. Effective Monday morning. flour prices in Portland will be reduced 40 cents per barrel, it was announced last night by J. W. Ganong of the Portland Flouring Mills company, speaking for Theodore B. Wilcox, federal grain commissioner for the Northwest.

The reduction will make No grades of patent flour \$11.20 barrel. Mr. Ganong said this probably would be only the first of a series of reductions as the price of wheat becomes stabilized on the lower basis as outlined in the government's

price-fixing program.
Indications are that the reduced flour price will find reflection in a lower price of bread as soon as the benefits

Much depends on the government's lecision of the appeal to designate a Portland price basis for wheat on an equality with Chicago. Without favorable decision the campaign to increase the Oregon wheat production in 1918 may be materially affected.

The government has asked Oregon to increase the area of wheat planted for the 1918 crop by 50 per cent of 286,000 acres. Similarly the govern-ment has asked that the area planted

cent or 13,000 aeres.

Frompt Action Apparent

If the price basis of \$2,20 a bushed
for No. 1 porthern, Chicago, as designated by the government, is not medified to include recognition of Portland on an equal basis, growers declare the incentive to plant more wheat
for next year will be lessened.
