

MOVE TO REPUDIATE LA FOLLETTE'S TALK STARTS AT ST. PAUL

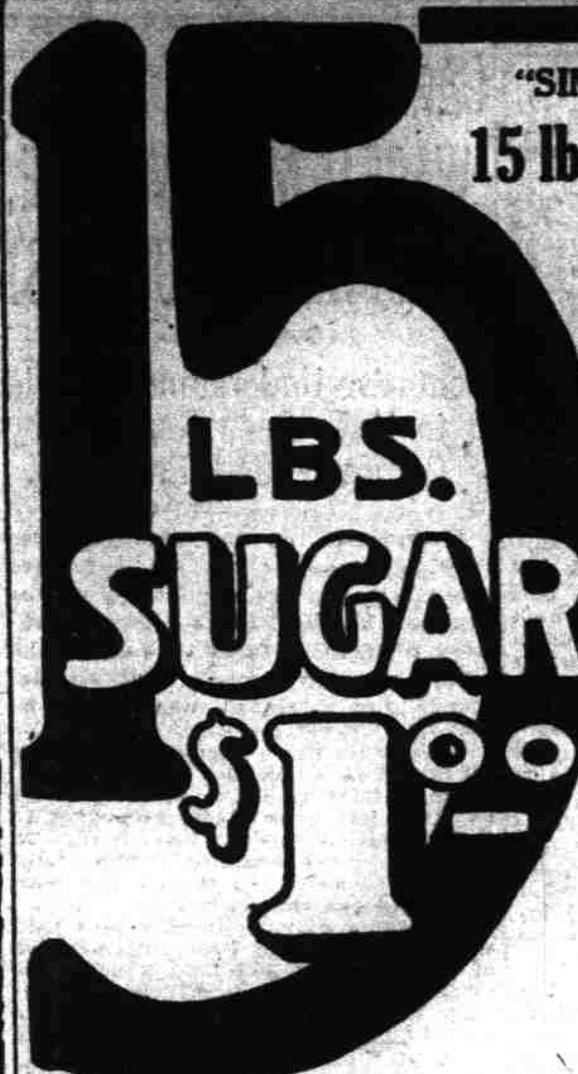

Non-Partisan League Members Say Anti-War Speech Not Representative.

St. Paul, Minn., Sept. 21.—(I. N. S.)—The Non-Partisan League, which staged the meeting at which Senator La Follette was jeered and repeatedly interrupted last night when he declared America had no cause for entering the

war, may repudiate the Wisconsin senator. A movement was on foot today to have the league issue a statement declaring that La Follette's remarks and utterances of A. C. Townley, president of the league, and Mayor Van Lear did not represent the opinion of the meeting in their speeches at the closing session of the big producers' and consumers' conference. Federal agents said they could take action, pending authorization from Washington. They have a full report on the speech. A majority of the delegates to the conference, it was declared, are shocked at the extent to which Senator La Follette and Townley went in their alleged disloyal utterances. Delegates in large numbers, individually, are voicing the demand that Townley retract and that the Wisconsin senator be repudiated. Indignant delegates visited the conference headquarters today to demand that Governor Frazier of North Dakota call a meeting at which resolu-

tions of repudiation could be passed. Governor Frazier had left for his home, however, and leaders were forced to content themselves with asking national headquarters, presided over by Townley, to have issued 1,000,000 copies of the resolution adopted by the conference pledging loyalty and professing the patriotism of the assemblage. T. E. Campbell, head of the department of justice division here, refused to say what course he contemplates taking or what can be done in a legal way concerning the alleged seditious utterances. Campbell admitted that an investigation of Townley's case is being made but refused to predict his probable action. Will Sell Stock Eugene, Or., Sept. 21.—The sale of high bred stock exhibited at the fair will be a feature of the closing day of the Lane county fair on Friday, October 5. The fair board will furnish a first class auctioneer free to exhibitors according to action of the board taken last night. THRIFT THOUGHT Do you throw away "ham gravy" or bacon fat, Madam Housewife, because it is too greasy for ordinary use? Here is a way suggested by the United States Department of Agriculture to make it blend into soups or gravies instead of floating as a greasy layer on top. Stir into each two tablespoons of melted grease, one half tablespoon of flour. The mixture will blend easily into milk soups, stock soups, sauces or gravies and give an appetizing flavor. An Added Thrift Thought is the fact that the People's Market is the largest market of its kind in the Northwest. You absolutely get better quality while saving on every purchase.
