

ALL SECTIONS SEEK LA FOLLETTE'S EXIT FROM PUBLIC POWER

Petitions for His Expulsion Pour in on Congress, and Quick Action Is Asked.

MINNESOTA LEADS FIGHT

Many of the Appeals Are Printed While Others Come in Form of Personal Letters.

Washington, Oct. 3.—(I. N. S.)—Evidence of an organized movement extending over a wide area to force the expulsion of Robert M. La Follette from the United States senate made its appearance Tuesday as petitions concerning the Wisconsin senator's utterance continued to pour in.

Some of the petitions were in printed form and were signed by large numbers of persons, mostly from Minnesota, where the governor, J. A. Burnquist, is leading the movement. The most common form of petition read: "To the senate of the United States: Disloyalty Is Charged.

"The undersigned citizens of Minnesota, believing that the conduct of Robert M. La Follette, evidenced by his public utterances, both in the senate and elsewhere, is such as to promote disloyalty and sedition, and to harass and obstruct the government in the prosecution of the war and give aid and comfort to the enemy, respectfully submit that he should not be permitted longer to be a member of the senate of the United States and therefore hereby petition for his immediate expulsion."

Senator Kellogg of Minnesota, Senator Sterling of South Dakota and Senator Overman of North Carolina presented petitions demanding Senator La Follette's expulsion.

A large number of employees on the engineering department of the Duluth and Iron Range company signed a letter declaring that the senate had been "foully disgraced by several of its members" and demanded that congress "be purged of these creatures."

C. E. Wallack, professor of history and political science at the state normal school, Duluth, Minn., demanded the expulsion and internment of disloyal senators for "strengthening our enemies and insulting our patriotic citizens."

Numerous petitions signed by citizens of St. Paul, Duluth, Brainerd and Fergus Falls, all in Minnesota, were submitted.

Speedy Removal Sought Charles S. Weiler of Mitchell, S. D., wrote Senator Sterling that the disloyal senators were "leading cheer to the much-embarrassed Central Europe brigands."

W. E. Milligan of Aberdeen, S. D., declared congress "would find it difficult to explain to the people if it adjourned without disciplining Senator La Follette."

Petitions were also received from the Rotary club of Aberdeen, S. D., and from the Caldwell county council of defence of North Carolina.

Mexico Has Become Big Trade Prospect

General Purchasing Agent of Carranza Government Says U. S. Is Certain to Secure Bulk of Huge Commerce.

San Francisco, Oct. 3.—(I. N. S.)—Mexico is on the high road to internal stability and economic rehabilitation and looms as one of the biggest foreign prospects of the United States.

This was the message conveyed to a gathering of several hundred San Francisco business men Tuesday by Senator B. A. Alamada, general purchasing agent of the Mexican government, at a luncheon at the San Francisco Commercial club given by the club and the Chamber of Commerce in honor of General Obregon and Rolando Morfis, American minister to Japan.

Alamada reviewed the work of the Carranza government during the last eight months, in the restoration of Mexican industries and improvement of railroads.

He declared that Mexico is in the market for hundreds of millions of dollars worth of merchandise, machinery and materials of all kinds and that the United States is certain to secure the bulk of this trade.

MEN! Here's the ORMAND FLORSHIEM Shoe Shop. A masculine stylish Florsheim Shoe for men of all ages. Comes in black, dark brown and cordo shades. \$7.50 and UP. Florsheim Shoe Co., 350 Washington.

Much Booze Captured In Multnomah's Hold

Deputy Sheriffs and Police Seize Big Shipment of Contraband on Vessel From California.

Deputy sheriffs and police descended upon the deck of the steamship Multnomah as she pulled in from California ports Tuesday evening and made one of the biggest and most successful raids since the "dry season" set in. Command of the vessel was temporarily taken from Captain Greene, the boat's skipper, and the crew was excused from duty while the officers went through the ship.

An even dozen casks of assorted whiskey, each containing from two and half to three dozen bottles of high grade stuff, were taken from the vessel's cargo, as was also one 60-gallon barrel of the "red eye."

Those participating in the raid were Deputy Sheriffs Hurlbutt, Ward, Christoffersen and Phillips, and Patrolmen Schadd and Nelson.

GYMNASIUM CLASSES FORM FOR THE FALL AND WINTER SEASON

Recreation Buildings Open at Peninsula Park and Sellwood; Schedules Given.

The community recreation buildings at Peninsula park and Sellwood opened Monday for the fall and winter season. The first three days will be given over to the registration of members for the various gymnasium classes and the first actual floor work will begin Thursday.

Miss Mildred Bartholomew will be in charge at Sellwood and at Peninsula park the women's gymnasium will be conducted by Miss Jewel Tozier, assisted by Miss Grace Woodworth, the classes for men being in charge of Henry O. Pfander.

The schedule for classes at the Sellwood gymnasium will be as follows: Kindergarten class, Monday and Tuesday, 9:30 a. m. to 11 years, Saturday, 2:30 p. m. Intermediate class, 12 to 14 years, Wednesday, 4 p. m. Senior class, 15 to 18 years, Tuesday, 8 p. m.

Ladies' classes, Tuesday and Friday, 10:30 a. m. to 1:30 p. m. 7:30 p. m. Boys' class, 7 to 11 years, Saturday, 9:30 a. m. Preparatory class, 12 to 24 years, Monday, 7:30 p. m. Intermediate class, 15 to 18 years, Thursday, 4 p. m. Night junior class, Monday, 7:30 p. m. Night senior class, Thursday, 7:30 p. m.

The classes at the Peninsula park gymnasium have been arranged on a schedule much the same as that of last year.

Kindergarten class, boys and girls under 6 years, Monday, Thursday and Saturday, 1:30 p. m. Junior class, girls 7 to 11 years inclusive, Wednesday, 4 p. m.; Saturday, 9:30 a. m. Intermediate class, 12 to 14 years, inclusive, Monday and Thursday, 4 p. m. Senior girls, 15 to 18 years inclusive, Tuesday, Friday and Saturday, 1:30 p. m. Ladies' class, Tuesday and Friday, 10:30 a. m. Boys' class, 7 to 10 years inclusive, Wednesday, 4 p. m.; Saturday, 10:15 a. m. Preparatory class, 11 to 14 years inclusive, Monday and Thursday, 4 p. m. Day junior class, 15 to 18 years inclusive, Tuesday and Friday, 3:30 p. m. Night junior class, Tuesday and Friday, 8 p. m. Senior class, Monday and Thursday, 8 p. m. Business men's class, Monday and Thursday, 1:30 p. m.

All classes in costume for the women's classes consists of dark blue or black bloomers, white middie blouses, soft-soled, heelless shoes, preferably black. For men the usual costume of white trousers and sleeveless jersey, with gym shoes is preferred.

All classes and instruction are free and open to the general public. The program of club and social activities will be announced later.

Jury Disagrees Over Anti-Picketing Law

Ordinance at Issue in Municipal Court in Connection With Shipyard's Strike and Jurors Cannot Reach Verdict.

A jury in the municipal court, called to try the first case for violation of the anti-conspiracy ordinance, announced Tuesday evening that it was unable to agree on a verdict, and was discharged.

William L. Martin, who has been arrested twice during the present strike trouble, was made the defendant in this case. His violation of the ordinance consisted of refusing to move away from the plant of the Willamette Iron & Steel works last Saturday night when ordered by the police to do so.

Martin admitted in court that he refused to move on, and Joe Reed, president of the boilermakers' union and chairman of the executive committee of the Metal Trades council, testified that Martin was sent to the plant for the purpose of picketing.

W. S. U'Ren, attorney for the strikers, denounced the ordinance as unconstitutional and unfair to the working men.

Attorney W. P. LaRoche told the jurors that they were not called upon to decide the constitutionality of the ordinance.

Captured Germanic Officers to Be Paid

San Francisco, Oct. 3.—(I. N. S.)—Until the United States government makes a formal agreement with the German government, German army and naval officers who are captured by American forces will receive the base pay prescribed by law for officers in the United States army. Orders to this effect have been received at western department headquarters from Adjutant General McCain.

A captive German second lieutenant will receive exactly as much salary as a second lieutenant of the United States army, and so on.

It is believed the order affecting the pay of enemy officers will be only temporary. The United States and German governments are expected to work out a system of reciprocity in prisoner pay.

LANE COUNTY ANNUAL FAIR TO OPEN WITH OVERFLOWING BOOTHS

Stock Barns, Enlarged for Big Show, Are Well Filled; Big Racing Card Arranged.

Eugene, Or., Oct. 3.—The Lane county fair opened this morning with the largest stock exhibits in its history. The large new buildings are well filled, and much stock which has been winning prizes in state and interstate fairs is on exhibition.

Today is Grand Army day and Civil war veterans and their wives are guests of the association.

There are many of the fastest horses on the coast gathered for the racing meet.

King Zorlock, a racing horse owned by Ed Donnison of Portland, died here Tuesday as a result of a fall on the pavement. Zorlock was being led from the cars to the fair ground and fell, breaking his hip and injuring himself internally. Zorlock won the 2:12 pace at Salem last week and was entered for 2:12 and 2:15 pacing races here during the fair.

Draft Dodgers Worried Eugene, Or., Oct. 3.—Draft dodgers are finding they are not safe even after having been exempted. The district board of appeals has reopened three cases, two because their wives recovered too soon after the husbands were exempted, and a third because one man who had been exempted on the plea that he was buying horses for the government was loafing around cigar stores.

Lincoln County Defeats Road Bonds

Newport, Or., Oct. 3.—Unofficial returns from yesterday's special election indicate that the voters of Lincoln county have voted down the proposed county road bond issue of \$200,000 for highway improvement.

The majority against the bond issue will approximate 100 votes. Newport voted almost solidly in favor of the bonds, but Toledo, the county seat, voted a majority of only 25 in their behalf. The question in Toledo was based on the fear that the county seat would be removed to Newport if the roads were improved. This question of the county seat was settled at the next regular county election.

Had the road bond issue carried the state highway commission would have cooperated with the county in the improvement of the main roads.

Oil Necessary to Move Hood Apples

Hood River, Or., Oct. 3.—Upon notice to the Mount Hood Railroad company by the oil companies that they will be unable to supply fuel oil for further use, Mayor H. L. Dumble, the Apple Growers' association and county officials have appealed to the oil companies to supply fuel oil for the moving of the apple crop in view of the fact that the Mount Hood Railroad company has heavy grades to haul over and if forced to return to wood for fuel that the fruit growers will suffer a severe handicap in the movement of trains, as the efficiency of the motive power will be seriously affected.

Messengers' Strike Ended Within Hour

San Francisco, Oct. 3.—"Another strike" in San Francisco was called, arbitrated and ended within an hour Tuesday. The messenger boys of several offices of the Western Union Telegraph company started a walkout. Several from the main office were under the misapprehension that the new schedule of commissions would be unsatisfactory and started out to spread the news to a half a dozen branch offices they had called out of the valley. It is contended by the petitioners that the oil for fuel will be necessary to save the apple crop in view of the fact that the Mount Hood Railroad company has heavy grades to haul over and if forced to return to wood for fuel that the fruit growers will suffer a severe handicap in the movement of trains, as the efficiency of the motive power will be seriously affected.

Senate Confirms Fort

Washington, Oct. 3.—(U. P.)—The senate has confirmed J. Franklin Fort, a member of the federal trade commission.

California Anthrax Epidemic Controlled

Outbreak Fought by Experts, Who Quarantine Herds and Shut Off Milk Supply for Safety.

Merced, Cal., Oct. 3.—(I. N. S.)—An anthrax outbreak which has spread through the cattle herds on five ranches near Volta, with a total of 100 animal deaths to date, besides many more cases of infection, is reported by Dr. D. Matrocce, county veterinarian, to be well under control, with several herds now released from quarantine. In addition to the many cases of the dread malady in the Acolla region, there were a few infections in the Gustine vicinity.

According to Dr. Matrocce, the epidemic has been the most violent for some years, and only the strictest of quarantine and other measures prevented the disease from becoming more widespread. One cattle farm has had a private staff of three veterinarians at work. The milk supply from certain dairies was stopped for a period of time to prevent the possibility of dissemination of the dangerous germs through that means. The treatment given is the anti-anthrax serum.

German Side Given Of Venezuela Affair

Berlin, Via London, Oct. 3.—(U. P.)—Certified documents of the late Ambassador Sternberg reveal that Roosevelt had declared he considered an independent state in Venezuela the solution to the South American problem," declared the Frankfurter Zeitung Tuesday.

The comment was in connection with a review of the recent speech made in the United States by Colonel Roosevelt in which he related circumstances connected with the German-American imbroglio over Venezuela.

Baron Speck von Sternburg was formerly German ambassador to Washington.

Roseburg Will Try For Army Hospital

Roseburg, Or., Oct. 3.—A number of Roseburg business men have taken up the proposition of trying to secure the federal military hospital which will probably be built in the state of Oregon. A meeting was held Tuesday evening at which the initial steps toward the realization of the project were taken up with the Oregon senators and the war department. An excellent site can be secured free of charge by the government and the climatic conditions here are considered ideal for an institution of this kind.

Our Enlarged Art Needlework Section

is the largest and best equipped of any Art Needlework Section on the coast. You will find the newest designs and stitches here always—and many exclusive novelties.
