Kuehlmann Denies Peace Offers Made

German Foreign Secretary Says Kerensky's Statement as to Peace Proposals "Is an Invention."

Amsterdam, Oct. 3.—(U. P.)—Denial that Germany made separate peace proposals to France and England was made in an official statement issued by Foreign Minister von Kuehlmann, according to dispatches from Berlin today.

OREGON STATE BRANCH OF LEAGUE TO ENFORCE PEACE TO BUY BONDS

William D. Wheelwright, as Chairman, Calls Meeting of the Executive Committee.

William D. Wheelwright, chairman of the Oregon state branch of the League to Enforce Peace, will use the influence of the league in the second Liberty loan campaign, begun in Oregon as part of the nation wide program Mr. Wheelwright, accordingly, has called a meeting of the executive committee of the league branch to consider a line of action. It is planned to put competent speakers in the field who will urge the necessity of subscribing to the Liberty bonds as a patriotic response.

Mr. Wheelwright has received from William Howard Taft, president of the Peace Enforcement League, a request to aid in the Oregon campaign. The League to Enforce Peace, which has dedicated its organization to war work on definite constructive lines, and which subscribed to \$10,000 in Liberty bonds of the first loan, was chosen by Secretary McAdoo as the medium for an appeal to all national societies engaged in patriotic propaganda.

Extension Classes Prepare to Organize

Twenty classes will be organized Friday and Saturday for the University of Oregon extension course and a number of others are planned for next week. The law class under Dr. E. W. Hope was first to organize and will hold its second meeting Friday evening.

French, Spanish and dramatic criticism classes will be organized later.

Saturday has been selected as a class day for the extension course, owing to the fact that most of the instructors are regular members of the university teaching faculty.

Registrations are being made at room 451 courthouse.

Philomath College Has Big Registration

Philomath, Or., Oct. 3.—Today was opening day at Philomath college. Stores closed from 10 a. m. till 12 m. and a crowd gathered for the opening exercises, which also celebrated the fiftieth anniversary of the college, and the reception during the year of \$30,000 from Mrs. Sarah B. Baker of the coast conferences.

The registration was double that on opening day last year and the prospects of the college are bright.

Col. Percy Willis Ordered to Boston

Lieutenant Colonel Percy Willis, formerly a major in the Second Oregon in the Philippines, has been ordered to report for duty at Fort Warren, Boston harbor, in the artillery service.

He will leave in a few days and will be accompanied by Mrs. Willis who just returned from Manila with her husband. Lieutenant Colonel Willis has completed three terms of service on the islands. He and Mrs. Willis are visiting Colonel Willis' brother, Eugene Willis, 603 East Ninth street.

Big Audience Out To Hear Scientist

John Sidney Braithwaite, member of the board of lectureship of the mother church, the First Church of Christ, Scientist, in Boston, spoke Tuesday evening before a large audience in the Auditorium.

Mr. Braithwaite told how Christian Science can be applied to daily life to make tasks more pleasant and burdens less heavy. "For man's conscience is for him the battleground of the spiritual and the material, the real and the unreal, the true and the false, and it is here that these issues will be fought out, now or hereafter," Mr. Braithwaite said.

"For a successful demonstration of Christian Science both quietness and persistence are needed. Quietness to offset the false claims of activity which would convict one of sloth, the diligence, waste of time, if he does not happen to be materially active."

"When St. Paul wrote 'Study and be quiet' it is evident that he did not think that this attitude of mind was easy of attainment. It is in the quiet attitude of listening that we can best receive the behests of principle and the visions of the true thought-world."

"Persistence is needed to overcome discouragement. We see in the parable of the importunate widow and unrelenting creditor that the power of prayer to borrow some bread of his friend in the middle of the night, two wonderful illustrations of the effect produced by the most potent of arguments of discouragement."

E. S. Warren to Be Buried Thursday

Edwin Samuel Warren, who died Tuesday, Mrs. E. S. Warren, and her son Henry and Helen M. Warren, and was born in Oregon City January 6, 1866. At the age of 19 he moved to McMinnville and received his education at McMinnville college. He returned to Oregon City, where he entered the furniture and undertaking business and was prominent there for several years. He served on the city council and was captain of Company F, O. N. G. He will be remembered by many as an athlete and sportsman in his earlier life.

In 1888 he married Nina A. Sperry, daughter of the late Rev. C. C. Sperry of Brownsville, Or. In 1900 he moved to Portland and had resided here since.

Mr. Warren leaves a daughter, Mrs. F. P. Gram of 235 East Thirty-ninth street, two grandchildren, Warren B. and Dorothy Jane Gram; two sisters, Mrs. C. O. T. Williams of Oregon City and Mrs. E. Magers of this city; two brothers, W. E. Warren of Hood River and James M. Warren of Seattle.

Funeral services will be conducted by Rev. W. E. Brinkman at 2:30 p. m. Thursday at Finley's undertaking parlors with burial in Mount Scott cemetery.

President to Authorize Examination of All Men in Draft Now Heretofore Summoned.

Washington, Oct. 3.—(I. N. S.)—The final 15 per cent of the drafted men will be called October 17. The entire 687,000 men will be in cantonments and under intensive training by November.

This information was made public at the war department Tuesday, together with the fact that within the next two days President Wilson will issue a proclamation authorizing Provost Marshal General Crowder to proceed with the examination for military service of the 7,000,000 men not called up in the present draft.

In addition it was stated that a new draft is under discussion although the conversations have not progressed to the point of considering a tentative date.

TROOP TRAINS START NORTH; PORTLAND TO HELP FEED SOLDIERS

First Detachment Will Reach City Near Midnight Thursday; Others Will Follow.

The first of the troop specials carrying drafted men from California to Camp Lewis, American Lake, began leaving assembling stations this morning and are now rolling northward.

The first one will arrive in Portland near midnight Thursday and will carry drafted men from Oakland city precincts and from Solano county.

Other trains are leaving Sacramento, Stockton and Bakersfield and are carrying drafted men from surrounding districts.

The mobilization which is beginning today and which is taking the second 40 per cent of drafted men called into service is being conducted along the same plan as the one that took nearly 200,000 men into Camp Lewis two weeks ago without causing a hitch in railroad schedules.

Other trains are leaving Sacramento and northwestern division will be encamped at American lake.

Arrangements have been made by the railroad to take as many trains as possible in Portland at meal times because of the efficiency shown in Portland in feeding the troops. The Multnomah hotel is the headquarters of the first 40 per cent, will be headquarters for troops during their brief stay in the city.

Manager F. H. Strong of the Red Cross canteen is making arrangements to provide lunches for drafted troops arriving in Portland at other than meal times. It is probable that lunch boxes containing cigarettes as well as viands will be given out as before.

London, Oct. 3.—(U. P.)—Mutual artillerying east of Ypres during the British offensive at Passchendaele is reported today from the British front.

War Declared on Rats by U. S. Gov't

The government at Washington is preparing a campaign that should be effective in killing the rats that are so destructive both to lives and property. A conservative estimate places the loss of foodstuffs from rats at over two hundred million dollars annually, and in the present scarcity of food, this loss must be prevented. The most efficient way to "kill the Rat" is by the use of Stearns' Paste, and thousands of dollars worth have been bought by the government. Every housekeeper troubled with rats, mice, roaches or waterbugs should buy a small box of this reliable exterminator and stop further loss of food in her home.—Adv.

Loan of \$2,000,000 Is Made to Belgium

Washington, Oct. 3.—(U. P.)—A loan of \$2,000,000 to Belgium was announced by the treasury department today. This makes the total advanced to Belgium by the United States \$55,000,000 and a grand total to all the allies of \$2,519,400,000.

SUPERIOR COURT SETS ASIDE COMMISSION'S RULING IN RATE CASE

Holds That Public Service Body Has No Jurisdiction Over the Dallas Water Co.

Salem, Or., Oct. 3.—Holding that the public service commission has no jurisdiction over waterworks operated in Dallas by H. V. Gates, the supreme court today handed down an opinion in which the decision of Circuit Judge Kelly is reversed and the order of the commission requiring the rates charged by Gates is set aside.

In 1902, the city of Dallas made an agreement with Gates whereby Gates was to build waterworks to cost not less than \$20,000 and the city was to pay him \$12,000 and furnish all rights of way and water permits. Gates was to operate the plant for 20 years, at the end of which the city was to pay an additional sum to be fixed and take over the plant.

Fuzzie Case Settled. The supreme court holds that the plan is municipally owned and hence the public service commission has no jurisdiction.

The supreme court settled the controversy over the public service commission's ruling in 1914 by reversing the findings of Circuit Judge Galloway and holding that Frank Fain, Stanislaus Janowski and Charles Caya were winners of the three highest prizes, and that no fraud had been committed by them. The circuit court had awarded prizes to H. W. McClean, G. C. Tillman and Mrs. B. Jones.

Opinions were handed down by the supreme court today as follows: Martin Johnson, et al vs. Robert Tucker, et al, appellants, appealed from Multnomah; suit to complete revocation of injunction restraining sale of property; demurrer to writ sustained; opinion by Justice Burnett.

T. K. Johnson vs. N. A. Jeldness, et al, appellants, appealed from Clatsop; suit involving fishing grounds; opinion by Justice Burnett; Circuit Judge Eakin affirmed.

Judge Kelly Reversed. Kohler & Chase company vs. J. F. Savage, appellant, appealed from Marion; suit to recover on promissory note; opinion by Justice Moore; Circuit Judge Kelly reversed.

George S. Shepherd vs. Inman-Poulson Lumber company, appellant, appealed from Multnomah; involving cost bill in connection with litigation; opinion by Justice Harris; Circuit Judge Davis reversed.

McKenzie vs. the Corporation of Royal Exchange Insurance, appellant, appealed from Multnomah; action on insurance policy; opinion by Justice Harris; Circuit Judge Gates reversed.

W. D. Allen, appellant, vs. the Peoples' Loan and Savings company, appellant, from Multnomah; petition for rehearing denied; opinion by Justice Benson.

What Causes Wrinkles? What's The Remedy?

Stop to consider what produces wrinkles and sagging on the skin. Premature aging, malnutrition, etc., cause the flesh to shrink, lose its youthful plumpness and firmness. The skin then is too large for the flesh underneath; doesn't fit tightly and snugly as it used to—it wrinkles or sags.

It must be plain that to tighten the skin, make it fit the face perfectly in every place, will effectually remove the hateful wrinkles and bagginess. This is easily and harmlessly accomplished by dissolving an ounce of powdered saxolite in a half pint of witch hazel and using the solution as a face wash. The ingredients you can get at any drug store. The results are surprising. The skin immediately tightens up, becoming firm and fresh as in youth. Every wrinkle and sag is affected at once. (Adv.)

Shark Tries to Drag Fisherman to Ocean

Three Nehalem Men Battle Half Hour With Deep Sea Fish Entangled in Drift Net.

Nehalem, Or., Oct. 3.—Victor Olson a Nehalem fisherman, while drifting Sunday night at the mouth of the river, got his net tangled up with a large mud shark, weighing about 400 pounds, and the shark, finding itself entangled in the net, immediately put out to sea, taking the fisherman, boat and all. Mr. Olson called for help, and two other fishermen, who were drifting nearby, hurried to his rescue. It took the combined efforts of all three, who struggled for nearly half an hour, to get the fish into one of their boats.

The shark fought desperately and it was only after it had worn itself out that it was captured. The sea monster was brought to Nehalem and placed on the dock here, where it was viewed by many people.

Is Grandmother "Always Cold"?

Gude's Pepto-Mangan is a good tonic and health builder for the aged, because it increases the quantity and improves the quality of the blood.

It makes thin, sluggish blood rugged by providing great quantities of new, rich, red blood cells. Rich, red blood coursing through the veins drives out poisons and carries warmth, health, and vigor to every part of the system.

Gude's Pepto-Mangan "The Red Blood Builder"

If grandmother hugs the fire and her appetite is poor and she is no longer interested in things, give her Pepto-Mangan. If you are pale, run-down, and always feel over-worked take a course in Pepto-Mangan yourself. Pepto-Mangan does not interfere with digestion because it is predigested; its taste and color are agreeable, its benefits are soon apparent; it cannot injure the teeth.

Friendly Warning: The well-merited fame of Gude's Pepto-Mangan has prompted many imitations of the name, bottle, and product. For your own protection refuse all substitutes. You are entitled to the genuine; be sure it is Gude's. Pepto-Mangan is made only by M. J. BREITENBACH CO., New York Manufacturing Chemists
