Mrs. Frankie Walker gave two of her delightful compositions. A. C. Clark, president of the Home Industry league, spoke of the necessity of asking for home products, stating that the women spent from 80 to 90 per cent of the payroll, and if that money was spent at home for better goods than can be bought elsewhere, this would result in more factories, more payrolls and a larger and greater Portland and Oregon. Dwight Edwards, manager of the Dwight Edwards Tea, Coffee, Spice & Extract company, told the women how cooperation of consumer and producer alone can make the city full of factory smokestacks and large payrolls. D. A. Paitulo, manager of the Golden Rod Milling company, said he was not wish particularly to speak of his firm, but of all home firms, and the great necessity of cooperation. Everything for the use of young babies and their mothers will be made. An unusual plan has been evolved for the securing of funds for this work. Mrs. Frederick H. Girls! Lots of Beautiful Hair

25c bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy, free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine from all drug stores and use it—apply a little as directed and within 10 minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks—when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. (Adv.)

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Lydia E. Pinkham's Vegetable Compound at any drug store all ready for use. This is the old time recipe, improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw it through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrant. This preparation is a delightful toilet requisite, and is not intended for the cure mitigation or prevention of disease. (Adv.)

A Child Doesn't Laugh and Play If Constipated

Look, mother! Is tongue coated, breath feverish and stomach sour?

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste. Liver gets sluggish; stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.

Avoid Operations

Statistics show an appalling increase, every year, in operations performed upon women for some derangement of the feminine organism.

It is perfectly true that some of these troubles may reach a stage where an operation is necessary—but it is also true that many women have escaped the necessity for an operation by removing the trouble with

Lydia E. Pinkham's Vegetable Compound

even after an operation has been advised as the only means of recovery.

These Three Letters Prove That Statement.

Tennille, Ga.—"I want to tell you how much I have benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said that I had ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to have me try Lydia E. Pinkham's Vegetable Compound, and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others with benefit."—Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHÉ JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick anymore and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss IRVINE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

The strongest and most trustworthy letters come from women who have escaped this terrible ordeal by the timely use of Lydia E. Pinkham's Vegetable Compound. Unless an operation is necessary at once, try this famous old remedy first. It can do no harm and in many cases it has been a blessing. The Lydia E. Pinkham Medicine Co., Lynn, Mass.
