The Fleisher Yarns In Diamond-Wound Balls

We have a splendid assortment of these famous yarns in the new put-up. The new ball does away with hand winding, eliminates tangles, preserves the original loftiness and elasticity of the yarn and insures better garments. Each ball contains either a full ounce or two full ounces of yarn.

Mrs. Luscomb has with her a large and interesting DISPLAY OF THE NEWEST GARMENTS made of the Fleisher yarns. Their softness and warmth, their fine finish and brilliant dyes, their unusual working qualities and great durability have made Fleisher yarns standard. Garments made of these yarns are soft and warm and will not lose their shape or fluffiness. Hard wear has remarkably little effect upon them and when soiled they may be washed. We know you will agree with us that these yarns are worthy of your finest skill. May we expect you tomorrow? —Art Needlework Shop, Second Floor.
