OREGON SIDELIGHTS

"Give till it hurts," no matter what Looks as if in Russia instead of

SMALL CHANGE

crat says. new born republic it might be quad-ruplets, at least. What a treasure the kaiser missed

in not having at his command the Baby Keats gang of kidnapers! In Haig's system of deciension, all the nouns on and back of the Hinden-burg line seem to be in the objective case

Fifty dollars per slacker is offered, and no one should hesitate to turn in the slacker and take the money-provided he buys a Liberty bond with the ffity and then makes some good cause a present of the bond.

The frisking that the Swedish economic commission is undergoing Washington indicates that there is least one good Prussian custom that

is not to be permitted to corrupt the world.

Those who forego higher interest rates to accept the lower that the Liberty bonds yield are doing what hurts; but they know that hurts less than handing the whole thing over to the kaiser, principal and interest.

There is one good story that has fast of oatmeal and buckwheat cakes. never yet been written—that of the military despot, telling the story of mixture of wheat flour has also been his life, and telling all the truth. Nahis life, and telling all the truth. Na-poleon was a great man, but not great enough for that. What would the kaiser's autoblography, checked up by the recording angel, not be worth to the world!

WATERWAYS MUST BEGIN AT HOME By Carl Smith, Washington Staff Correspondent of The Journal

Washington, Oct. 17 .- "The people | between the several lines of railroads, of the country, including even that to the end that each may complement forceful glass of citizens who manage the other and be jointly dedicated to large industrial units and are vitally the service of the public." interested in transportation, appear to Chairman Small then extracts the

have slight knowledge of the primary meat of the cocoanut in the following essentials for securing transportation hints to the states and local agencies by water," says Chairman John H. "The committee submit that the Small of the house committee on rivers above additional facilities are both and harbors, in a letter written by direction of the committee to the necessary and feasible. They further secretary of war. The purpose of the suggest as a general proposition that water terminals must be provided by letter, copies of which are to be sent the states or by municipalities or to all district engineers, the governors other public agencies of the states, and of states, mayors and commercial that water carriers must be organized bodies, is to call attention on one hand to the work that must be per- and maintained by individuals, corformed by local and state agencies. parations, or other local agencies.
