TWO OREGON MEN ARE BUTTED OUT OF IDAHO BATTLE

Hunter and Macey Hurt; Williams and Nelson Play Once More.

University of Oregon, Eugene, Oct. 23.—Oregon's green, inexperienced football team, battered after their 60 minutes' tussle with W. S. C., assembled on Kincaid field last night to begin five days' preparatory siege for the invasion of the University of Idaho on Saturday.

"I don't know where to start," said Bezek. "I ought to build an entire new line and back field, but I have a single prospect to work on. The boys fought hard against Dietz' team. I have no complaint. You can't build a football machine in three weeks out of men without experience..."

Cook, substitute end on last year's varsity, was worked in the fullback position last night, and Tregilas, of previous football experience, was used at right guard. Basil Williams and Carl Nelson, the only men on Bezek's line who held their own against Washington State, will be of no good to Bezek after the Idaho game...

Uncle Sam out in a financial way. Al having purchased some Liberty bonds. Carson Bigbee of the Pittsburg Pirates intends to alternate his vacation time between his peppermint farm near Woodburn and the home of his folks at Wapinitia in eastern Oregon...

George and Robert Tebeau, father and son, have sold their stock in the Kansas City club of the American association to smaller stockholders in K. C. The Tebeaus owned the controlling stock in the club.

Jerry Downs says that Indian Smith is the smartest young pitcher in the Pacific Coast league and that he will have a 500 average next year. He has caught for the team and the other smart pitchers in the Coast league and has become a regular fox. His temper has bothered him some, but since he went on the warpath and chased Dan Murray of the Oaks with a ball bat, the boys have laid off him. Down in Los Angeles they say that Red Killefer has his name because he keeps out of the box when the chief moists the ball and so flusters him that it is dry again when the redskin starts to pitch. Smith tried out with Portland in 1916 at Sacramento, and the beavers have him so badly baffled that Wolverton or Downs refused to start him in a game in Portland after his first beating here.

Hen Berry, in explanation of the poor showing in the grandstand and bleachers at San Francisco lays it on to the street car strike, which, he asserts, cost him \$25,000. Hen, as usual, says next year ought to be a remarkably prosperous one in the Coast league.

Billy Burke, trainer of the Salt Lake club, may be with the St. Louis National league club next season. If he accepts an offer made him. If he takes it up, he will be the second Coast league trainer to land a job in the major league. Frank Schneider went from Portland to Cleveland several years ago, but did not like it in the east and returned to Portland.

Pete Schneider, who assisted in landing the Cincinnati club in the first division, will winter in Los Angeles and pitch for the San Pedro team. His won 10 straight games during the season.

If Olaf Erickson fans 20 men this week against Oakland, he will have made the 300 strikeouts mark this season.
