South Portland Playground Park Calls for Appropriation of \$120,000-More Are Lights Wanted.

For the next two weeks the city council is to be busy with its 1918 budget estimates. Budget sessions beginning Thursday morning probably will be held every day until all departmental estimates are revised in accordance with the ideas of the majority of the commissioners.

Tentative estimates, including general fund expenditures and special appropriations, call for a tax levy of approximately 10 mills as compared to a 9 mill levy for the present year. Practically all the commissioners have provided for salary ineral increases of 10 per cent in their departments while others have provided individual increases ranging from \$25 to \$50 a month.

Among the new items which are before the commissioners this year are an appropriation of \$120,000 for the establishment of a park and playground in South Portland, an appropriation for operating and maintain-

AUDITOR TO KEEP ALL BOOKS

Commission Believes Positions Can Be Eliminated, Costs Reduced. After December 1, all bookkeeping of the various city departments will be handled by the city auditor's office, according to a decision reached by the city council. By having the work done by the auditor the commis-sioners hope to eliminate several positions in different departments and

reduce expenses.

Heretofore each department has been handling its own bookkeeping while the auditor's office did the general accounting. Under the proposed arrangement the only book work done by departments will be the keeping of cost accounts

Let's Facelt!

It is not a question of "making the loan a success." It is not a question of the "moral effect on Germany." It is a question of SUPPORTING THE AMERICAN SOLDIERS NOW IN FRANCE AND THOSE PREPARING TO GO.

YOUR laxity in this respect imperils American soldiers.

It is better to realize this now, than to gnash one's teeth and WEEP when the casualty lists come in. It is better to say "I HELPED" than to say "I WISH I HAD HELPED!"

For God's sake think about this, realize it, and then DO YOUR BIT, EVEN IF YOU CAN'T AFFORD IT. War is hell, but we've all got to get our hell, and it's better to get it now while we can stand it, than to have it later on with regret, shame and sorrow to add to our miseries.
