

NEW RUSS LEADER REFUSES TO OBEY AND IS DEPOSED

Commander-in-Chief Refused to Negotiate Armistice—Ensign Krylenko Succeeds Him—Negotiations Off.

General Dukhonin Refuses to Negotiate for Armistice as Directed by People's Commissioners—Chaos Reigns

Petrograd, Nov. 22.—(U. P.)—The people's commissaries today directed General Dukhonin, named commander-in-chief of Russian army forces by the Bolsheviks, to negotiate for an armistice. The general refused to obey and was thereupon summarily deposed. Ensign Krylenko was named in his place. Orders for arrests of all guards of counter-revolutionary generals were issued today, signed by Gulanoff, Lenin and Krylenko.

All negotiations for a compromise coalition government, were definitely off today.

A majority of the government employees have refused to continue their work under the Maximilists, declaring them not proper governing forces.

Telegrams received today from the front addressed to the railway union of the municipality, declare the Twelfth Russian army is on the verge of starvation. Trouble was predicted unless Russian transportation difficulties are remedied and food sent at once.

The Maximilists have still been unable to lay hands on the store of government money in Petrograd. Private guards today forcibly prevented a Maximilist committee from opening safes in the State bank.

Lenine today proclaimed that all power in Russia was vested in the various soviet bodies of the workmen and soldiers and directed peasant councils throughout Russia to seize power in their respective districts.

The town council began distribution of electoral lists for the constituent assembly. Nineteen different political parties were represented by candidates.

Lenine Is Prussian Tool

Paris, Nov. 22.—(U. P.)—Absolute proof that Nicolai Lenine, the Bolshevik dictator at Petrograd, had sent to Russia by the German spy system and is a creature of the Prussian propaganda service, is in the hands of the French government.

The announcement was made today, on receipt of news from Petrograd that Lenine and his co-partner in the Bolshevik revolt, Leon Trotsky, had sent to all allied diplomats in the capital an invitation proposing an immediate armistice as the overture to democratic peace parleys.

Supplies Still Being Sent

Washington, Nov. 22.—(I. N. S.)—The United States still is sending supplies to Russia in spite of civil war conditions in the new republic.

The war trade board today officially denied that the steady stream of supplies that had been going to Russia while Kerensky was in power had been halted.

The official statement said: "The war trade board wishes officially to deny the report given prominence in

the newspapers of November 21 that no shipments of supplies are being permitted to go to Russia. It may be mentioned in this connection that cargoes are now moving to Russia."

This announcement came as a complete surprise as it was exactly the opposite of the information that has been made public by other branches of the government, all of which have insisted that until a stable form of government that would be anti-German had secured control in Russia no further supplies would be sent across the Pacific. The war trade board did not furnish any information as to what sort of supplies still were being sent or to whom they are assigned.

Armistice to Be Proposed

London, Nov. 22.—(U. P.)—Lenine and Trotsky, the Bolshevik dictators of the Russian "government" at Petrograd, with their revolutionary associates, propose to proclaim an armistice "for all belligerents" as soon as they are firmly established, according to a wireless message from Petrograd.

Trotsky Sends Message

Copenhagen, Nov. 21.—(U. P.)—"Foreign Minister" Trotsky of the Russian Bolshevik forces, has sent a message to all the allies, asking a revision of their war aims and threatening that if his request is not answered, the Bolsheviks will consider that they are justified in making a separate peace with Germany.

A message to this effect was received here today from Haparanda.

"Kerensky Troops Surrender"

Copenhagen, Nov. 22.—(U. P.)—The Bolshevik agency declared in a message received here via Haparanda today that "all of Kerensky's troops had surrendered."

The Ukrainian government, it was stated, had sent 150,000 troops against General Kaledine, the Cossack leader opposing the Bolsheviks.

Russia's Army Near Break, Japan Hears

Tokyo, Nov. 22.—(U. P.)—Army and navy representatives at Petrograd have announced that Russia is in a state of anarchy and is unable to support its battlefronts, where the soldiers are wholly without food or supplies, according to a dispatch to the Asahi from Harbin today. The dispatch, it is said, says the dispatch, withdrawal of forces from the front will become inevitable, it is feared.

A Jiji dispatch from Harbin declares that Germany is transferring large forces from the Russian front to France and Italy.

Japanese Aid Is Urged

Tokyo, Nov. 22.—(U. P.)—At a Solvay party meeting in Osaka a resolution was adopted declaring that Japan should enlarge her participation in the war in aid of the allies.

City Not to Enter Wood Business Now

The city will not go into the wood business—at least not for the present. The city council Wednesday afternoon dropped the idea of a municipal wood yard and indefinitely postponed ordinances providing for its establishment.

The city experienced trouble in getting bids for cutting standing timber which it proposed to purchase, and this is said to be the principal reason for not going into the fuel business. It received bids on three tracts on which there was timber, and bids on hauling, but no bids were received on cutting.

According to a French scientist's theory, electric currents can be made to take the place of food in sustaining life to a considerable degree.

DELEGATION ANGERED BY GOVERNOR'S MOVE IN COLUMBIA COUNTY

Executive Failed to Keep Appointment to Hear Petition on Judgeship.

S. C. MORTON IS NAMED Successor to Late R. S. Hatton Is Selected in Remarkably Fast Time

Salem, Or., Nov. 22.—About the angriest group of citizens ever gathered at the statehouse was a delegation from Columbia county who called upon Governor Withycombe Wednesday afternoon by appointment, only to find that the governor had ignored his promise to give them a hearing and had acted before they reached Salem.

The delegation desired to take up with the governor the matter of appointing a successor to County Judge R. S. Hatton of Columbia county, who died Monday night and is to be buried Thursday. They communicated with the governor, who promised to hold the appointment and give them a hearing Wednesday. They arrived on the first train Wednesday and were told by the governor they were too late; he had already appointed S. C. Morton, editor of the St. Helens Mist, the man the delegation strongly opposed.

Haste Not Planned

In the delegation were Glenn R. Metaker, district attorney; J. W. Allen, county school superintendent; T. S. White, county coroner; E. E. Quick, Sherman Miles, Frank George, H. J. Southard, Elmer Chapman, Henry Morgan, H. S. Mason, H. E. LaBarre, C. E. Howard, L. D. Rutherford, Mr. Lansing and others.

"We had intended to say nothing about the appointment until after County Judge Hatton was buried, at least," said District Attorney Metaker, "but we learned that Mr. Morton had been up to see the governor Tuesday to arrange for his own appointment. We immediately telephoned the governor and asked for an opportunity to be heard and he promised to give us a hearing Wednesday."

"We came on the first train Wednesday morning, and when we arrived we were told by the governor that he had already appointed Morton."

Big Petition Carried

The delegation carried a petition urging the appointment of Martin White, deputy county assessor. This petition, they said, was signed by every official of Columbia county, by every city official except Morton, who is mayor, besides other leading citizens.

The delegation asked the governor who recommended Morton's appointment, and the governor refused to give any names.

Some of the delegation pointed out that the St. Helens Mist, of which Morton is editor, has been "knocking" the governor in its columns, and that now a change of policy may be expected.

Former School Head Praised

Salem, Or., Nov. 22.—The Salem Ministerial association has adopted resolutions expressing regret over the resignation of Will S. Hale as superintendent

of the state training school for boys. The resolution says:

"Resolved, That we regret that Superintendent and Mrs. Hale feel under the necessity of relinquishing the control of the Oregon State Training school. We congratulate Mr. and Mrs. Hale, and the state of Oregon, upon their successful, Christian, non-partisan administration of this school, and to train the boys committed to them for loyal Christian citizenship."

CAMBRAI IS IN SIGHT OF HAIG'S MEN IN BATTLE

(Continued From Page One)

Journalistic history delved into remote type boxes to bare the victory across these pages in Americanese "streamers."

The victory was regarded as one of the greatest strokes of the war. It was achieved because British strategists had the courage to try something new in the catalogue of war.

General Byng and his coworkers so minutely worked out the battle plan that they had cavalry massed and ready for action. Official reports today told of how in many cases they rode full tilt at the charge on German artillery, capturing without the enemy capturing field pieces. The cavalry was credited with the capture of the villages of Marcoing and Masnières.

Hundreds of tanks participated in the battle.

There apparently could not be a British drive without inclement weather. When the British started Tuesday morning it was fine and clear, but today's front dispatches reported a cold, drizzling, incessant rain.

This is the first time in this war that any commander has been able to mass gigantic forces of men, of such lumbering monstrosities as tanks and cavalry without the enemy discovering that maneuver. A brief dispatch from the front today stated that only five German airplanes had been seen on the whole of the Hindenburg line—40 miles from Drocourt to St. Quentin as the crow flies.

Berlin Tries to Cheer Up

Berlin, via London, Nov. 22.—(U. P.)—"On the western bank of the River Scheidt the enemy was driven back on Annuex and Fontaine Notre Dame," declared today's official statement.

"On the eastern bank we forced the enemy's departure to positions south of Rumilly."

"In connection with the English attack," the statement continued, "the French strongly attacked between Craonne and Berry au Bac. Fighting continued throughout the day. Northeast of Saville aux Bols a French nest remained. Elsewhere the enemy was repulsed or driven back in hand to hand fighting."

French Hold New Ground

Paris, Nov. 22.—(U. P.)—General Peletain's troops held fast today to new ground gained in yesterday's offensive between Craonne and Berry-au-Bac. The attack was a concentrated, localized assault covering a front of a little more than half a mile and aimed at very strong German positions. All objectives were attained to an average depth of about a quarter of a mile.

Intense artillery was reported in this sector today.

French Inflict Heavy Losses

Paris, Nov. 22.—(U. P.)—A German counterattack around Juvincourt was thrown back with staggering losses in the French fire, today's official report asserted.

French troops successfully raided German positions around St. Quentin, Vauxaillon, Thies, Ailles and Malson de Champagne, taking numerous prisoners.

BEND VOTES AGAINST SUBSTITUTE PLAN ON PROJECT AT TUMALO

Belief Is Expressed That Reservoir Can Be Repaired, and Efforts to Be Made.

Bend, Or., Nov. 22.—Deciding against the plan recently proposed to the desert land board of diverting water from the Deschutes river to Tumalo creek to make up for the leaks in the Tumalo project reservoir, the Bend Commercial club Wednesday voted against petitioning for an appropriation to secure funds for a survey to map the route of a diversion canal. The vote was taken after the report of a committee which has been investigating the matter for the last two weeks, had been read.

At present only 8000 acres of the entire 22,500 in the project can be irrigated. The report declared that results already attained had shown the leaks in the Tumalo reservoir to be curable, that water could not be diverted from the Deschutes unless a surplus were provided by storage, and that there is no reason for believing that a reservoir at the headwaters of the river would hold any better than that which is now partly in use on the project.

The committee urged that the necessary sluicing to make the reservoir water tight be continued until the irrigation of the 22,500 acres included in the project is made possible.

Arsenal Sentries Attacked

Springfield, Mass., Nov. 22.—(I. N. S.)—Army officers commanding the troops guarding the United States arsenal here made it known today that four attempts on the lives of sentries doing guard duty have been made during the past three weeks, the fourth attempt having been made last night. On two occasions sentry shots were fired from locations in the rear of the waterworks.

Entries in Poultry Show Close Tonight

Entries for the ninth annual show of the Oregon Poultry and Pet Stock association will be closed this evening. Indications are that the exhibit, which will be held at the Auditorium December 2 to 8, will be the largest in the history of the association. There will be a long list of special awards in addition to the usual cash prize donation of \$1000 made by the state.

New December Numbers of Columbia Records

When Lazaro sings "Laugh, laugh, Pagliaccio!"

It is more than words or song or acting. His "Vesti la Giubba" is the breaking of a heart in music. Sorrow beyond words, hidden beneath a smiling mask to face the call of duty—what one of us has not sometimes laughed with Pagliaccio? Lazaro, Metropolitan Opera tenor, in this appealing record has made his singing live. 49020—\$3.00.

THE records individually mentioned are only a few of the splendid Christmas list of Columbia Records. It includes many other operatic numbers, 22 new popular song hits, 14 whirlwind dance numbers, patriotic songs, fairy stories for the children, and a number of beautiful Christmas carols and hymns.
