## Call Comes To Make More Knitted Work

ANOTHER call has been made for the 12 inch knit squares which are being made throughout the country for the Serbian relief work to be fashioned into bedding. Acknowledgment has been made of the first shipment made from Portland this fall by Mrs. A. A. Morrison, of a collection contributed from women and children in all parts of Oregon.

The squares were received in New York just in time to catch a Serbian relief ship sailing from that port and went directly to their destination instead of via England as was originally planned, to be made there into the bed covers.

The plan now is to make a second shipment shortly after the first of January, and Mrs. Morrison has appealed to all who are interested in this work to finish their squares and send them in as soon as possible.

Those who have knitting units or neighborhood groups that have accumulated a number of the squares are requested to send them together five in a length and four in width and thus send them in finished.

The Serbian minister at Washington, L. Michalovitch, has written in behalf of his people to the Portland headquarters of the Serbian relief society and expressed the deep appreciation of the good work. The 12 inch squares have carried much more in war spirit to Serbia than their mere wool warmth to the stricken people. The wool that has gone into these squares has been odds and ends from the work basket accumulated during the last few years or from old woolen garments, raveled up, washed, even dyed and retinted into the useful little squares. One contribution of 12 squares that went in the last shipment was sent from a remote corner of Oregon by a woman who has raveled up and dyed old partly worn and discarded woolen shawls and slippers to procure yarn. The committee sent her the wool for the remaining six squares that she might have the pleasure of knowing she had made an entire blanket.

The Thursday Subscription club will give an informal dance at Murlark hall, Monday evening, December 10, the change in the club night having been made necessary on account of the big Red Cross ball to be held at Murlark hall, Thursday, December 13.

Laurelhurst club members scored a big success Wednesday evening in their big annual Thanksgiving ball at the Multnomah hotel. Both ball rooms, the tea garden and lobby were turned over to the guests at the dance and a gala evening was enjoyed with five orchestras rendering continuous music. The affair was only semi-formal, the great body of the assembling attending in smart tailored costumes and dancing in the lobby. Those who chose formal attire gathered in the gold ball room. Over 1000 guests were assembled.

Again on Thursday evening the Multnomah hotel was the scene of a large and most successful dancing party when the 1917-18 Polka says the Thanksgiving ball. They topped occupied both ball rooms and the entire mezzanine floor of the hotel.
