O Jost Green TRADING STAMPS

THE BOYD WAY

Servants of Mr. Hoover These Butter-Nut Laddies are enlisted in the cause of conservation. They bring you a loaf that saves because there is no waste. The flour, milk, lard, sugar,

etc., used in Butter-Nut Bread, are automatically measured and weighed.

Mrs. William Severin, chairman of the National Advisory Council, Women's Association of Commerce, says: "One to three ounces of dough-wheat, in other words-is wasted in every home bread-making. This waste is estimated for the whole country at 650,000 barrels of flour, worth \$7,800,000." You save when you buy-

"CASH AND CARRY" GROCERS First Prize at Land Products Show

BETTER THAN WE HAVE CLAIMED!

Our EGAHO POWDER is even astonishing its best friends. We have been saying in our advartisements that ten cents worth of it equals a dozen eggs in baking anything in the cooking of which eggs are required. But now come numerous ladies declaring we have been too modest in our asseverations. An Albany woman writes that

TEN CENTS WORTH OF EGAHO POWDER SAVED ME 19 EGGS!"

"25 CENTS WORTH OF EGAHO POWDER EQUALLED 57 EGGS!" These statements come from women who use the Powder in their homes—do their baking themselves—know exactly what they are using—and can state precisely the wonder-ful saving effected by the use of this scientifically compounded, healthful and most useful preparation! The 57 eggs saved by Mrs. Combs were worth five cents each—60c per dozen—\$2.85 all told, and this latter sum was SAVED because Mrs. Combs invested 25 cents in our
