

THRIFT CAMPAIGN WORKERS TO MEET

War Savings Stamp Sales Must
Aggregate \$16,000 Daily That
Quota Be Met.

Call for a meeting of all Multnomah county field workers in the thrift campaign at 4 o'clock Friday afternoon in the Central library was issued this morning from state headquarters.

Daily sales of war savings stamps should aggregate \$16,000 in order that Portland and Multnomah county shall do their share in helping Oregon meet its \$17,000,000 quota for the year. All field workers both of the city and county are urged to attend. Printed instructions covering the entire procedure of the invigorated campaign will be distributed. The county as a whole must have 6000 places where thrift stamps at 25 cents each and war savings stamps at \$4.12 each, during January, may be secured.

State Distributor J. A. Currey and Henry E. Reed, in charge of fraternal, military and religious cooperation, announced this morning that with one stroke the Oregon thrift campaign had secured 900 traveling field agents, members of the Travelers' Protective association. Clyde Evans, secretary of the association, has been formally appointed as commissioner of traveling men. All traveling men who are members of the association will work under his direction in observing the progress and equipment of the thrift campaign throughout the state.

Delivery of Spruce Gigantic Operation

Experts Say Job Before Them Cannot
Be Accomplished Unless Government
Handles Situation More Efficiently.

Aberdeen, Wash., Jan. 17.—Delivery of 11,000,000 feet of spruce a month to the government, for use in the building of airplanes, will prove a gigantic task in the opinion of harbor millmen and loggers. It is a job which cannot be accomplished, they say, unless the spruce situation is handled by the government much more efficiently than it has been. No lumbermen are better qualified, they say, to discuss the spruce situation than those of Grays Harbor, for Grays Harbor is producing one half of the airplane spruce being delivered to the government. Of 10,052,989 feet cut in Oregon and Washington in October, November and December, Grays Harbor alone furnished 4,382,542 feet. The harbor shipment was 44 per cent of the total. The state of Washington in those three months furnished 6,769,057 feet, or 70 per cent of the total. Most of that came from Grays Harbor and from Willapa harbor.

November saw the greatest spruce production yet recorded, this totaling 4,111,881 feet, of which Grays Harbor shipped 2,400,000 feet; or more than one half of 2,780,577 feet shipped from Washington during the month. Grays Harbor dispatched all but 380,577 feet.

Raymond's Founder Will Move Away

Raymond, Wash., Jan. 17.—After 11 years' continuous service as mayor of Raymond, A. C. Little, founder of this city, and chief figure in the development of the town and county for the past 13 years, is to leave here and will make his home in Yelm, where he has extensive interests.

Mr. Little is well known throughout the state of Washington, and particularly in the southwest, where he has been identified in a more or less public way with the business enterprises that have located in this section, and the development of the city of Raymond.

Believed to Be Escaped Sailor
Alliance, Neb., Jan. 17.—(I. N. S.)—Pictures of New York harbor, of power plants at Niagara Falls, of the Kaiser, and of railroad shops at Alliance were found in possession of Rudolph Strong, arrested here Wednesday by federal authorities. It is believed he is a member of the crew of the interned vessel, Kaiser Wilhelm.

John Sutherland of London, Or., Dies

Was Father of 14 Children; Preached
Gospel of Christian Church During
Large Part of His Lifetime in Oregon.

London, Or., Jan. 17.—John Sutherland died January 9 at his home about 16 miles west of Eugene, Or. Mr. Sutherland was born in Newton county, Missouri, December 27, 1846. He was married to Miss Nancy J. Bowering August 9, 1866. To them were born 14 children, six sons and eight daughters. Five boys and six girls are living and were all with their father during his last illness.

The children are: William of Silver Lake, Or.; George F. of London, Or.; John of Sacramento, Cal.; James of Cottage Grove, Or.; Horace of Lorane, Or.; Mrs. Nora Henderson of Lorane, Or.; Mrs. Maggie Godfrey of Erick, Okla.; Mrs. Rose McBeck of Wenatchee, Wash.; Mrs. Emma Powell, Mrs. Eva Hays and Mrs. Bessie Hooker of Lorane, Or. Mr. Sutherland united with the Church of Christ when 14 years of age, entered the ministry in 1879, preached and lived the gospel wherever he was under all conditions and circumstances, with only freewill offerings to help support his large family. Mr. Sutherland was a man that was well thought of by all, and respected by all, had many friends among all believers and also those that did not.

Funeral services were held at the little chapel near his home, January 11, and he was buried in McCollough cemetery.

Scores of Jews Are Killed in Petrograd

New York, Jan. 17.—(I. N. S.)—Scores of Jews have been massacred in Petrograd, according to advices received here today by the Jewish Daily Forward from its Petrograd correspondent. The dispatch says:

"The Jewish soldiers have decided to take steps against the massacres and for this purpose have called a general congress of all the Jewish soldiers of Russia to meet at Petrograd in January."

Spokane Farm Loan Bank Ranks Second

Washington, Jan. 17.—(I. N. S.)—Farmers throughout the United States were loaned \$9,389,959 by the federal land banks during December, according to a statement of the federal farm loan board Wednesday. The federal land bank of St. Paul closed the highest total for the month with loans amounting to \$2,605,200. Spokane was second with \$1,838,695.

Ice Floes Do Much Damage to Property

Point Pleasant, W. Va., Jan. 17.—(I. N. S.)—Damage estimated at \$500,000 was caused to docks and ships here, several men were injured and loss of life is feared as the result of breaking up of ice floes in the Ohio river at the mouth of the Kanawha river. Other gorges here are believed on the verge of breaking today.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. (Adv.)

DAIRYMEN WILL SUE TO COLLECT FROM THE MILK DISTRIBUTORS

F. M. Kiger, Manager of the
League, Resigns; Meeting of
Dairymen Expected.

War between the Oregon Dairymen's league and Portland milk distributors came to a head today with announcement from the league that suits for accounting would be filed at once against all distributors refusing to deliver to collectors of the league money due for milk to dairymen who are members of the league.

The league, this morning, was advancing to dairymen amounts due them and taking assignments of their accounts to be used as basis of legal action.

Contracts between league members, who now constitute a large proportion of the dairymen supplying the city with milk, and the league authorize the league to make all collections from distributors.

League Manager Resigns
Notice of the contract and of the form in which checks for milk should be prepared has been ignored by certain of the dairymen, according to officials of the league. At the same time the league has instructed its members to accept no direct payments.

It came known today that the resignation of F. M. Kiger, manager of the league, had been accepted several days ago by the executive committee. Dissatisfaction on both sides was said to exist. Although officers of the league and Mr. Kiger were both reticent, it was said that his acceptance of salaries from both the league and the Port-

land Milk Producers' association, of which he is president, was the cause of complaint in view of the fact that the league was supposed to be paying him for his full time. Mr. Kiger asserts that he had no relation with one organization which was not well understood by the other and that his efforts were devoted to adjusting for the dairymen a situation, which because of war prices for feed and labor was becoming intolerable.

Further Light Wasted
It was said this morning that a meeting of members of the Oregon Dairymen's league would soon be called in order that detailed facts as to the attempt of some of the distributors to break up the organization might be frankly stated.

One of the moves credited to the distributors as a means of defeating the dairymen's organization was the filing of informal complaints with the United States district attorney that the league was acting in violation of the Sherman anti-trust law. In return the league exhibited to the government official all of its records and accounts to show that the organization was a voluntary association active for the interests of consumers as well as producers, but disinterested to the distributors because it had adopted the price recommendations of the Portland emergency milk commission appointed by the mayor.

Kelso Citizen Is Called by Death

Kelso, Wash., Jan. 17.—Solomon W. Beck, who had made his home in this city for 18 years, died Monday evening. He was nearly 81 years old and had been ill for about a year since he had a paralytic stroke. He was born in Pennsylvania and resided in that state for the greater part of his life. Surviving him are six children: S. J. Williams and H. A. Beck and Miss Sadie Beck of this place, and Mrs. Thomas Hayes of Toliman, Or., and Mrs. H. A. Wallace of Charleston, W. Va. Funeral services were conducted this afternoon by Rev. F. L. Fraser.

Labor to Ask U. S. Take Packing Plants

Leaders Representing 10,000 to Appeal to
President Following Refusal of Packers
to Agree to Arbitration of Dispute.
Chicago, Jan. 17.—(I. N. S.)—Fifteen labor officials, representing 10,000 employees of the Chicago stockyards, are on their way to Washington today to urge upon President Wilson seizure of all packing plants in the United States and their operation under government control.

The labor chiefs' decision to appeal to President Wilson resulted from refusal of the packers to agree to arbitration of existing disputes. They are ready, the labor men asserted, to guarantee enough workmen to operate packing plants in continuous daily shifts under government control, and to leave questions of hours of labor, wages and working conditions to the decision of the president.

Portions of Plants Closed

Chicago, Jan. 17.—(U. P.)—Packing plants at the Chicago union stockyards issued an order today closing at once all departments not engaged in the production of perishable foodstuffs. This will include the soap works and fertilizer plants. Other departments will continue to operate unless specifically ordered to close by the fuel administration.

Washington Editors Are in Session

Seattle, Jan. 17.—(I. N. S.)—Editors from many parts of the Northwest are here today attending the sixth newspaper institute. The first session of three days' conference opened this morning at the University of Washington. The conference will deal almost entirely with the strictly business part of publishing newspapers in wartime.

The Most Despicable Person
in the world is the German Kaiser. You can help in his downfall by investing in Thrift Stamps.

Attempt to Smuggle Rubber Frustrated

New York, Jan. 17.—(I. N. S.)—A plot to smuggle dental rubber to Germany for the manufacture of gas masks for soldiers was frustrated here today with the arrest of three stevedores and one musician, members of the crew of the Norwegian liner Hella Olav. The prisoners are Fred Borreson, Hans Hansen and Vladimir Knutsen, the musician. They were charged with violation of the espionage act. The arrests were made just as the men were about to board the vessel with the contraband.

Eats Pathway Through Haystack

York, Neb., Jan. 17.—(I. N. S.)—Four weeks ago Miles Duffy's cow disappeared, followed by a calf. The four weeks during which she was thought to be lost she had spent under a haystack which had fallen over and buried her. She ate her way out.

Colds Cause Headache and Grip

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.—Adv.

California to Keep Her Barley at Home

San Francisco, Jan. 17.—(U. P.)—The California food administration today issued an order prohibiting the sale of barley for shipment outside of California in order to prevent a threatened shortage of the grain in this state. The order will remain in effect until a survey can be made of the quantity of barley now on hand to determine whether it will last until the new crop in May or June.

For Fifty Years a Prisoner on a U. S. Warship

Sentenced—
Never to hear the name of the United States.
To be placed on board a man-o-war.
Kept from seeing his native land.
Always without knowledge of home or friends.
To wear forever a mutilated uniform.

FACTS NO. 236

Oregon's Bright Bit

No state in the Union is doing more than Oregon in helping to win the war. This is true both as to men and productivity. The latter is as essential as the first, but necessary transportation facilities should be provided to bring the raw material to market. The solution for this problem is to pave its highways with
