Sciatic Rheumatism and Nervous Debility Were the Causes of Their Troubles in the Past

If your hand, your thumb or foot trembles when you try to hold it still, If the lines are shaky when you write, if you have tremors of your lips or chin, your nerves need strengthening.

Unless something is done you may easily become the victim of neuralgia. sciatica, neurasthenia, partial paralysis or any of the severe nervous disorders. There is no tonic for the nerves that is not a tonic for every other part of the body. There is no form of debility that does not rob the nerves of nourishment. The remedy therefore for nervous breakdown is a tonic that will build up the general health, revitalize the blood and enable it to carry to the nerves the elements that they need.

"I suffered with nervous debility," says Mrs. J. W. Creighton of Oxford. Mich., "and was confined to bed for a part of the time. I had severe pains across my back and loins and my limbs were numb. I was subject to dizzy passable streets. Ice in the Mississippi spells, with a rush of blood to the river today sunk the packet De Sota, head which would cause me to fall valued at \$50,000, and the towboat Gradown. My appetite was poor and I ham, valued at \$20,000. Coalless Moncould not eat much because my stom- day was rigidly observed. ach would not digest the food proper-

ly. I was also troubled with neuralgia my neck, so that sometimes I could hardly turn my head. "I took Dr. Williams' Pink Pills and

soon felt better. I am cured now and recommend the pills highly. "Some years ago my husband was

in bed for several weeks. The pains He tried medicine from physicians, now doing hard work, without any symptoms of his trouble."

Dr. Williams' Pink Pills are an ideal tonic for nervous people because they are non-alcholic and neurasthenic patients should avoid alcoholic stimulants. The Dr. Williams Medicine Co., Schestady, N. Y., has published a little book on nervous disorders that contains a chapter on neurasthenia in which the symptoms are fully described and the rrect treatment given. The booklet is free on request. Dr. Williams' Pink Pills are sold by your own druggist .- Ad.

eral livestock commission, which also purposes to hold meetings at which cat-

be brought together.

Mixed with Sulphur It Darkens so Naturally Nobody Can Tell.

SY ??

is it

3 15 Je 1

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked

and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it' and draw this

through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphus Compound is that, besides beautifully darkening the hair after a few appli cations, it also produces that soft luster and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful ap-

pearance. It is not intended for the cure, mitigation or prevention of dis-(Adv.)

Phosphate Will Strengthen Your Weak Nerves

what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which DRUGGISTS SUPPLY IN TABLET FORM AND PURCHASERS RE-CEIVE BINDING GUARAN-TEE, SATISFACTION OR MONEY BACK now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy heartburn and the bloated or heavy lumpy feeling that seems to follow most everything you eat. You will find that provided you take a little bisurated magnesia immedi-MONEY BACK.

Weak nerves rob men and women of all the joy of life and quickly reduce the strong and robust to a condition which is pitiable in the extreme. This condition is brought about slowly and stealthily in the majority of cases, and the poor sufferer fails to realize what is wrong until faulty memory, in-decision, lack of desire for work or

recreation, insomnia or some other un-mistakable symptom indicates weak nerves. It is then that many people make the big mistake of resorting to make the big mistake of resorting to the use of so-called nerve tonics, alco-holic stimulants or drugs. Nothing could be more harmful or more danger-ous. The nerves are weak and ex-hausted; they need food and nourish-ment—not drugs that will lash them

a quarter of an dunce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or cal-lus from one's feet. A few drops ap-plied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug never inflames or even irri-tates the surrounding tissue or skin. over again, and, as a package contain-ing sufficient bitro-phosphate tablets for two weeks treatment can be ob-

tained from any druggist at reason-able cost, the remedy is within the reach of every sufferer from weak nerves. Moreover, the whole risk of the trial is assumed by the manufacturers, for every package of bitro-phosphate tablets is accompanied by a binding guar-antee of satisfaction or money back. It is sold in this city by all good drug-

gists. (Adv.)
