Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have got up and walk around in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. Anna Schultz, 603 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

Grade Teachers Will Hold Luncheon.

Business Session Will Meet in Lincoln High School on February 6.

By Vella Winner

THE next meeting of the Portland Grade Teachers' association will be one of unusual interest and a delightful time is anticipated. The business session will be held at 4:30 o'clock in Lincoln high auditorium. At the close of the business meeting, the teachers will adjourn to the Lincoln cafeteria, where a cafeteria dinner will be served at a cost not to exceed 50 cents. Miss Edna Groves will arrange for the dinner and this assures a good menu.

At the close of the dinner, all will adjourn to the school gymnasium, where an informal valentine party is being planned by Miss Beulah Rawson and her committee. The members of the association have been exceedingly busy with Red Cross, patriotic and other war and educational activities, but they must not forget that recreation is needed to counteract the seriousness of the times. All members are asked to be present at this, the first dinner of the present school year. Remember the date—Wednesday, February 6. Dinner reservations must be made this week with Miss Rawson, Woodlawn 5403.

East Side Central W. C. T. U. will meet in headquarters, corner East Morrison and East Fifteenth streets, Friday at 2 o'clock for a business meeting. The department "quits" of last week will be continued by the president, Mrs. Hatfield Wilson. Anyone who can contribute material for clippings, partly worn sheets and pillow cases for handkerchiefs, old stockings for gun wipes, and dish towels, will please call Mrs. M. C. Peterson, superintendent soldiers' and sailors' work, East 4th, and material will be called for.

The University of Oregon Glee club will give a concert under the auspices of the June 18 class of Lincoln high school in the school auditorium tonight. All the proceeds will be devoted to the school scholarship fund. The concert will be varied from classical songs, impersonations, character sketches and college yells.

The Portland auxiliary to the 65th coast artillery regiment will have a cake and bread sale, Saturday, February 2, in the Lipman, Wolfe & Co. store on the ground floor. The proceeds will be used to provide for the wants of the soldiers, all the cakes and bread and all services in connection with the sale will be donated.

The literature department of the Portland Woman's club will meet Friday at 8:15 in room H Central library, when Professor Merriam of Reed college will continue his course of lectures on "Contemporary Novelists." The book to be reviewed is Walpole's "The Dark Forest." The lectures are open to the public.

Chapter A. F. E. O., met Monday, January 28, with Mrs. W. O. Haines. After the business meeting a constitutional quilt was conducted by Mrs. E. A. Taft. Mrs. O. W. Mielke distributed scrap books among the members, to be filled for the soldier boys. Knitting for war relief was a feature of the afternoon. The entertainment which was to have been given this evening by the Montavilla Parent-Teacher association has been postponed on account of the snow storm.

Miss Ailsa MacMaster, whose marriage to Lieutenant Ireland will take place Saturday evening at Trinity Episcopal church, extending to every member of the Girls' National Honor Guard of Portland a cordial invitation to attend the ceremony at 8 p. m. The Girls' National Honor Guard is making enthusiastic preparations for renewed activities this spring, and as a means to that end they are reviving their entire membership. The next Liberty loan drive will engage their earnest attention.

Household Hints

Kitchen Helps—If a wall mirror is placed opposite the large doorway opening from the dining room into the living room, the small rooms will look larger. The mirror reflects the living room and gives a spacious appearance to both rooms.

One of the chief causes of the molding of preserves is the rotting of the rubber in jars that have been placed where there is dampness.

It is not practical to cover a kitchen table with oilcloth, because this material is easily scorched by hot pans. The pans stick to it and soon spoil it. Machine grease is readily removed by rubbing a little lard into the stain, being sure to have a pad underneath to absorb the carbon which is almost instantly set free by the clean fat. Use a white unsalted fat in preference to butter or olive oil. After the machine grease has been well saturated with the clean fat, one may wash the spot with a soft brush dipped in soap and water, or one of the bottled soapy cleaning-mixtures known as detergents may be used. Change the cloth underneath many times, for it soon loses its power to absorb the grease.

Kitchen Helps—If jars of preserves must be stored where there is a strong light they should be wrapped in brown paper, as the light will fade the color of the products and sometimes lessen the food value of them.

If casters are attached to the legs of the kitchen table it can be rolled around the kitchen and thus save much heavy lifting and many steps.

A sewing machine needle that has become blunt can be sharpened by taking a few stitches with it up and down through a piece of sandpaper. Thin semi-transparent gold-colored curtains hung in the sun parlor give the effect of sunlight, whether there be clouds or not.

Windy City Is Cheerless For These Girls

Eighteen Cold, Hungry Show Girls Stranded at Oak Park; Manager "Gone South."

CHICAGO, Feb. 1.—(I. N. S.)—Eighteen "showgirls" are "stranded" out in Oak Park, a suburb, today, with visions of every day being meatless and weariless, and the nights cold and dreary. The thermometer is hovering around the 10 below mark today. And the manager has gone "south" with the receipts of the show.

When the show, of the "Broadway type, arrived at the Warrington opera house two weeks ago the dust was removed from the S. R. O. sign. The show was billed for eight weeks, but the last performance was to empty seats.

Villagers, it is reported, are planning to revive productions sanctioned by the drama league.

ACTRESS GIVES RECIPE FOR GRAY HAIR

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture.

Jolicey Williams, the well known American actress, who was recently playing at the Imperial theatre in St. Louis, Mo., made the following statement about gray hair and how to darken it:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 1/4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. It does not color the scalp, is not sticky or greasy and does not rub off."
