TOWN TOPICS

May Case to Be Argued—Final arguments of attorneys in the case against Professor Samuel C. May, suspended from Jefferson high school for striking William Himpie, a student, during a classroom altercation, were scheduled to begin at the courthouse this afternoon at 3 o'clock.

Spy Trailing Is Topic—"On the Trail of the Kaiser" is the rather startling program subject of the Portland Ad club.

To Investigate Housing Program—A. C. Callan, E. B. McNaughton, F. G. McGuire, Coe A. McKenna and Fred German have been named as members by the Portland Realty board to look into the housing problem.

Welsendanger Is Lecture—Albert Welsendanger will lecture at the East Portland library this evening at 8 o'clock on the "Work of the Forest Ranger." His lecture will be illustrated with stereopticon slides.

Steamer Jessie Harkins for Camas, Washougal and way landings daily, except Sunday; leaves Washington street dock at 2 p. m. (Adv.)

Dr. McMahon (pronounced heavy on the "Man"); chiropractic adjustments made easy. (Adv.)

Dance in New Moose Hall every Tuesday and Saturday night. Nelson's orchestra. (Adv.)

A Shampoo Worth Trying

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of Canthrox, which can be obtained from any druggist, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head.

SOMETHING NEW

The Freeburg Bros.' "Carpet Cleaning System"

Spring is coming; this means that the rugs and carpets must be cleaned. Are you satisfied to use the old methods or would you prefer a new—"ROTARY PROCESS OF STEAM CLEANING." Our representative will be glad to call and demonstrate this new system.

that extent if they do not appear in the municipal court soon. These cases have been pending since November 5, 1917. Assistant Clerk Neal Crouse mailed notices to all concerned and if they will not reply at once the judge will order the bail forfeited. In addition to this it is probable that bench warrants may be issued for the offending parties. One of the 24 is out on \$2000 bail. Quite a number of those affected are women who are charged with disorderly conduct.

Want Dairy Scores Printed—Renewed publication by the city of the health bulletin containing the scores of dairies and grading of milk supplied to the people of Portland will be demanded by the Oregon Consumers' League according to action taken Monday afternoon. That it is possible for impure milk to be served consumers in the city and escape detection was asserted by members of the league who insist that publicity of the scores is one of the most effective ways of maintaining a high standard of milk production.

Four Telephone Operators Pass—Only four telephone operators out of a total of 37 who took the municipal civil service examination recently, passed and are on the eligible list for appointment. The successful candidates are Miss Rose M. Jackson, 84.5; Miss Thea Rose Payne, 83.60; Mrs. Frances M. Davis, 79.65, and Mrs. Mae Higginson, 76.35. Miss Payne has been temporary operator at the city hall for eight months.

Thief Enters Kitchen—While Mrs. Harriet C. Reid, 265 East Third street north, was in a front room Monday night a burglar entered her kitchen and stole her handbag containing a vault key, bank book, check book and a small amount of change. A neighbor saw a man prowling around on the back porch, but did not think him a robber.

Card Game Raided—Officers Hunt and Martin of the war emergency squad arrested 24 men Monday night on charges of gambling. Seventeen were arrested at 45 North Fourth street and the remaining seven at 6 North Fifth street. Gust Dimas is held as the conductor of the latter game.

Rankin Going to California United States Attorney Rankin will leave tonight for San Francisco to represent in the circuit court of appeals the government appellant in a case in which Federal Judge Wolverton rendered a decision in favor of the Seufert Bros. company, charged with interfering with fishing activities of Sam Williams, an Indian.

Card of Thanks We wish to thank our friends for kindness shown during illness and death of our brother, also for the floral offerings. Mr. and Mrs. Felix Druhot, Ed Druhot. (Adv.)

Hair Often Ruined By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it. The best thing for steady use is just ordinary muscified coconut oil (which is pure and greaseless) and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get muscified coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. (Adv.)

To Win

We must sacrifice and save as we never did before. We have made a fair start, and no more. Thrift of the individual means thrift of the Nation, and, eventually, success.

Saving in food, in clothing, in money and other things, entrenches us more firmly. Buy Liberty Bonds, buy War Savings Stamps. Have a Savings account and add to it regularly. Have a Checking account and pay all bills by check.

Teach economy. That is one of the first and highest virtues. It begins with saving money.—Abraham Lincoln.

Abraham Lincoln's mother taught him to read before she died, when Abe was 2 years old, and his stepmother, fortunately, urged him to keep up with his study as best he could under the rough conditions that prevailed in the backwoods country in which they lived.

One biographer writes also of Lincoln's stepmother, who was Mrs. Sarah (Bush) Johnson, and who had been courted by Abe's father before he married Nancy Hanks, that "her thrift greatly improved conditions in the home, and she exerted a great influence over her stepson."

In Kansas City W. S. S. workers have this slogan: "The Baby Bond is like a snowball—the further it rolls the bigger it grows. One bond calls for another."

Up in Chehalis, Wash., the school boys and girls have adopted plain dress as an expression of the thrift they are going to practice in order to save more money for the purchase of Thrift Stamps and War Savings Stamps. The boys are wearing overalls and soft-collared shirts

Handling of Roads Praised by Gilman

S. P. & S. President Says Director General and Railway Officials Are Working Hard and Points to Efficiency. L. C. Gilman, president of the Spokane, Portland & Seattle railway system, returned this morning from a two weeks' trip to Washington. His mission was to ascertain the status of his railroad under the McAdoo regime, some doubt having existed as to the powers of officials for shorter lines. In this Mr. Gilman reports he was not altogether successful, the director general not having reached a conclusion on the points at issue.

"The necessities of the government will shape the policy of the director general in handling the roads of the country," said Mr. Gilman. "Officials in Washington are working hard to clear up the congestion due to weather conditions and are succeeding. Railway officials are assisting the government by every means in their power and their combined efforts point to efficiency in service."

Mr. Gilman says weather conditions are vastly improved in the east during the last two weeks, especially in Chicago and the middle west.

Mill Employee Killed When Repairing Belt

Aberdeen, Wash., Feb. 12.—Homer Carroll, aged 20, was killed Monday at the Donovan mill when he attempted to adjust a belt while the machinery was in motion.

Captain of Engineers Clifton E. Hickok, civil engineer, formerly of Portland, has been appointed captain of the United States engineer corps. He is the son of Mr. and Mrs. C. G. Hickok, 344 East Fifty-fourth street, Portland. Captain Hickok is now city engineer of Alameda, Cal.

To the Young Men of Portland:

On this day, the anniversary of the birth of Abraham Lincoln, I can perform for you no higher service than to print here the beloved President's Gettysburg Address; and to ask you again to read it—earnestly, thoughtfully—from its first word to its last.

BEN SELLING.

The Immortal Oration of Abraham Lincoln

(Delivered at the Dedication of the National Cemetery, Gettysburg, Pa., Nov. 19, 1863.)

FOURSCORE and seven years ago our fathers brought forth on this Continent a new Nation, conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that Nation, or any nation so conceived and so dedicated, can long endure.

We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that Nation might live. It is altogether fitting and proper that we should do this.

But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here have consecrated it far above our poor power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here.

It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this Nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.
