BDER YOUR KADDERLY

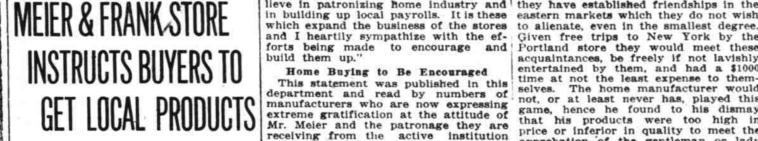

partment store must, of necessity, employ a well organized corps of buyers for its several score of departments. But there must be one main head to it all—a supreme judge, so to speak, to whom appeal may be taken in case of misunderstandings or declinations of

positions. Circulating among factorymen, up to wait until the cold of Winter. We make them of steel and boller rivet them. Will last for within a comparatively short time, one would hear it stated over and over that

the "big" stores of Portland bought everything in the east and that local manufacturers could not get so much as a hearing from their buyers. The writer carried this story to Julius L. Meier,

MAIN 2277

manager of the Meier & Frank company store, and on explanation of the assever tleman said:

Maintenance of Local Payroll of

Big Importance, Says Store

Manager. said: "Portland manufacturers of such wares as are sold in department stores are highly pleased at the attitude as-By H. S. Harcourt It is well understood that a great in-stitution like the Meier & Frank desumed by Mr. Meier. One of the de-

partment heads informed me that Mr. Meier called the store's buyers together and in a little address in substance said: It is my desire that buyers for this store will, so far as possible, give preference to local manufacturers, and if for any reason this seems detrimental to our interests to come to me and exproposals made to those in subordinate plain the reason why. Our interests are

inseperable from those who are maintaining payrolls in Portland.' I had not the least difficulty in interesting the buyer for the shoe department, and I have friends who speak very enthusiastically of the new order

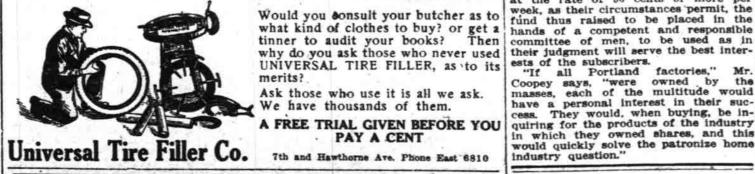

of things at the great department store.'

**Beason** Is Assigned It has long been surmised, with what

ations of the manufacturers, that gendegree of justice it is impossible to con-"You just say to the manufacturers that they can always obtain a hearing ing home products, regardless of price if they will come direct to me! I be- or merit, for the selfish reason that

COOPEY SAYS: If you want to see one of the benefits of cooperation, look at the last balance sheet of F. W. Woolworth, where the American people last balance sheet of F. W. Woolworth, where the American people have cooperated and paid him in the last fiscal year nearly one bundred million dollars in five and ten cent pieces. What a lesson to us people of Portland who have been striving all these years to find a way to get money to loan the small, honest manufacturer so that he can increase his plant and produce goods for home consumption, find employment for home people, as well as assist the Government in carrying on this war for Liberty by producing the one hundred and one things required for the army and navy and our allies on the other side of the water. Cooperation is self help. Why not help ourselves by cooperating? cooperating
