

DAFFODILS WILL VIE WITH PAPER IN THRIFT WORK

Patriotic Conservation League Combines "Children's Thrift Day" With Paper Cleanup. BLOSSOMS FOR STAMPS Boys and Girls Will Be Paid in Thrift Stamps; Fire Stations Will Receive Deliveries.

Oregon's patriotic Conservation League, of which Mrs. R. D. Inman is chairman, has in charge a number of activities scheduled for Saturday, officially set aside as "Children's Thrift day," and including waste paper day, rag day and flower day.

The collection of waste paper and old rags is an annual event, participated in by the Portland fire department because of the fire prevention features which mark any general clean-up. The fire stations will as usual be receiving stations for the paper and rags collected, and firemen will weigh the product and make payment as last year, except that this year payment will be made in Thrift Stamps at the rate of a Thrift Stamp of the value of 25 cents for every 100 pounds of waste turned in. Odd cents will be paid in cash, \$2500 worth of pennies, nickels and dimes and \$2500 worth of Thrift Stamps being now ready for distribution to the various stations.

Start Saving to Help Win War The Thrift Stamp idea taken up by the league this year adds another important item to the number of beneficial results of the clean-up, giving the youngsters an opportunity to start a savings account with Uncle Sam and helping him win the war.

The league will also hold a daffodil sale on Saturday afternoon and evening, and thrifty children can earn more Thrift Stamps in the morning by selling all the daffodils they can gather at the rate of one cent each. The flowers may be exchanged for stamps at the Max Smith floral shop from 8 a. m. to 2 p. m.

Daffodils should be wrapped in bunches of 12, rolled in a cornucopia shaped package. By placing blossoms diagonally across a full sheet of newspaper, rolling loosely, pinning top corners, a convenient package may be made. All daffodils should be gathered the morning they are to be delivered, care being taken to gather those with long stems, seeing that blossoms are free from green portions and are as perfect as possible.

Daffodils in Memory of Youth, The daffodils will be sold at all leading theatres and downtown locations. All offices, restaurants and residences are asked to use daffodils on desks and tables during Saturday and Sunday and everyone is requested to wear a daffodil in memory of his childhood days.

Thrift Saturday will be followed by Thrift Sunday, March 17, and by Thrift week, beginning Tuesday, March 19, when a state wide house to house canvass in the interest of Thrift Stamps and War Savings Stamps will be launched. Ten thousand volunteer workers throughout the state will take part in the canvass.

Paving Contract Is Awarded in Wasco

The Dalles, Or., March 14.—Dahl & Dahl have been awarded the contract for paving a section of the county road between Dufur and The Dalles. The bid was \$28,301.02. Other bids received were from O. D. Wolfe, \$30,411.25 and the Elliot Contracting company, who asked \$30,813.64.

Fifty-six Men Sign

The Dalles, Or., March 14.—Fifty-six men signed the muster roll of the Wasco County Home Guards Tuesday night when Company A was formed in The Dalles at an enthusiastic meeting, held in the court house. Sheriff Levi Christman will be major and County Clerk L. B. Fox is the adjutant at headquarters. Other officers of the company will be elected soon. One hundred guns will be furnished the company by the government.

Life Sentence Imposed

Kalama, Wash., March 14.—In the superior court in Kalama, William Voight Jr. pleaded guilty to the murder in the first degree of Earl Petrucci on November 28 last and was sentenced to the penitentiary for life by Judge Darch.

SERVICES HELD FOR NATIVE OF ILLINOIS

Robert Dagget Garland, who died February 28

Robert Dagget Garland, who died at his home, 1095 East Seventeenth street, February 28, was born in Winnetka, Ill., July 28, 1885. He went to St. Paul in 1884 where he was identified with the Garland Trunk company. On April 22, 1902, he married Callie Countess Terry, who survives him. A sister is Miss Sue M. Garland of St. Paul. The funeral was held March 7 from the chapel of J. P. Finley & Son, Rev. Joshua Stansfield of the First M. E. church officiating. The following were pallbearers: Al Waddle, Lawrence Keating, Charles S. Kelley, G. Hejtkemper, H. W. Viets and H. Knudsen.

A theatre chair has been invented with a seat that the occupant can push back several inches without rising to permit a person to pass in front of him.

LABOR LEADER WANTS EDITOR OF MAGAZINE INTERNED AS ENEMY

President Washington Labor Federation Alleges Walter V. Woehlke Is German.

Seattle, March 14.—(I. N. S.)—Demanding his internment for the duration of the war, and alleging Walter V. Woehlke, editor of the Sunset magazine of San Francisco, is a German, who recently arrived from that country, and who intends to return there and make his home, a resolution is on file today with the Seattle labor council submitted at the request of William Short, president of the Washington Federation of Labor. The resolution charges that Woehlke wrote certain articles appearing in the Sunset Magazine, particularly one entitled "Bolsheviki of the West," which deals with the labor situation in the west as it affects Pacific coast shipbuilding. This article, the resolution says, misrepresents the labor movement, and tends to cause strife among workers "who have proven their loyalty to their government by producing more and better ships than any other section of the country."

Woehlke, who is in Seattle, declared regarding the resolution: "The facts speak for themselves, and we have ample evidence to prove them. No attempt has been made by those who are so strenuously objecting to the articles to prove that I am wrong."

According to Who's Who in America, Woehlke was born in Hanover, Germany, and came to the United States in 1898, and held editorial positions on a German paper in St. Paul. From 1902 to 1905 he was employed by a San Diego newspaper, and from 1906 to 1907 was employed with a San Bernardino paper, and since 1912 has been editor of the Sunset Magazine.

He says he is an American citizen. Mr. Woehlke has been a visitor in Portland a number of times. He is known to a number of the local newspaper men and has met quite a good many business men. His studies of Portland business conditions have been expressed in complimentary fashion through the medium of Sunset Magazine. His series of recent articles in Sunset Magazine have constituted a composite indictment of organized labor's patriotism in the present national crisis. His article, "Bolsheviki of the West" particularly criticized the way

ATTENDING ORDNANCE CLASS AT UNIVERSITY

Kenneth S. Jordan, whose brother is in marine school.

Kenneth S. Jordan, who for the past several years has been connected with the Wallace, Ciceroan company of this city, is one of the 17 boys chosen from Portland to attend the fourth ordnance class at the University of Oregon. Out of 800 applicants 80 were selected, the others being from other cities on the coast. Kenneth is the second son of Mr. and Mrs. J. H. Jordan, 1093 Denver avenue, to enlist in the service. A younger brother, James, is attending the marine school at the Philadelphia navy yard.

In which he alleged that organized labor retards work in the shipyards. Although no publicity was permitted, it is known that some of these allegations were investigated by government representatives and a report has been rendered to the war department. No intimation has been given as to whether the report supports or denies the allegations.

More Pay for School Teachers

Ridgefield, Wash., March 14.—The school board of the Ridgefield school has granted a raise in salaries in response to the unanimous petition of the teachers.

Hood River Apples Moving to Market

Hood River, Or., March 14.—With from 12 to 20 refrigerator cars per day coming into Hood River for fruit, it is expected that all of the apples in storage on the Mount Hood railroad line will be moved to market today, and this will leave only a few hundred carloads in the city chemical cold-storage plants to be placed in transit.

Hood River Observes Rules Hood River, Or., March 14.—The Hood River county food conservation committee, under the direction of Professor L. E. Gibson, county food administrator, has just completed its task of placing the new Hoover food regulation cards in the homes of the city. It is stated that every home in Hood River has now signed the Hoover pledge cards.

BRITISH CITIZENS MAY GET IN UNDER DRAFT IF TREATY IS PASSED

Senate Has Measure Under Consideration to Cover Treatment of Conscripts.

Washington, March 14.—(WASHINGTON BUREAU OF THE JOURNAL.)—While the house has passed a bill providing for the deportation of aliens of countries at war with the central powers in case they claim exemption from the draft, this measure is held in the senate committee pending the effort of the state department is making to settle the question by treaty.

The state department has already sent to the senate treaties with Great Britain which cover the treatment of citizens of that country, or of Canada, and it is believed these treaties will be ratified. They provide, in effect, that either country may draft the citizens or subjects of the other, within the draft ages fixed by the country of their birth. Efforts are under way to reach a like agreement with Italy. The bill passed by the house, might be construed to be in violation of a treaty made with Italy many years ago, wherein it was agreed that neither country would enforce compulsory service on the citizens or subjects of the other.

Under the bill passed by the house "any alien whose status is such that he may become eligible by existing law to

become a naturalized citizen of the United States, who is a native or a subject of a country that is engaged in war with Germany, Austria-Hungary, Bulgaria or Turkey," and who, except for his allegiance, would be subject to the draft, who has claimed or hereafter claims exemption as a foreigner, shall be denied the right of naturalization and, as soon as practicable, be deported. This definition would exclude students and others temporarily sojourning in the United States, and would also be non-applicable to Chinese and Japanese.

because they are not eligible to become citizens. The bill further allows 60 days from its enactment during which any alien may escape its penalty by withdrawing his exemption claim. Insurance Right May Be Extended Washington, March 14.—Under a joint resolution passed by the senate other persons than soldiers will be permitted to make application for war risk insurance, under regulations prescribed by the bureau, daily in placing insurance

has been caused in a large number of cases because soldiers in France could not readily be reached, but insurance could not become effective unless application were made by the soldier personally. Under the senate plan protection can be made certain by the application of a wife, parent or relative. The house has yet to act on the resolution. After ten years of experimenting, a Massachusetts carpenter has built a small table that contains 29 secret drawers.
