

167 PLANES SHOT DOWN BY BRITISH

Record for March Includes the Downing of 23 Teuton Fliers on St. Patrick's Day.

By William Philip Sims
With the British Air Force in France, March 20.—(U. P.)—The air war on the western front is record breaking. One hundred and sixty-seven enemy airplanes have been downed so far this month in daylight flying, including 23 on St. Patrick's day. Of these 103 were reduced to kindling wood, while 65 were forced earthward beyond control. Night flying is unprecedented. There is much mutual bombing at night. The British bombers seem positively tireless. The night scenes at the airdromes are most amazing. Huge airplanes silently roll from the sheds into the moonlight. Big bombs are loaded onto them. Hooded creatures climb up. Then they whirr away like giant moths toward their objectives behind the German lines. After an hour or so they return, guided by the flare of landing lights. The aviators assemble in their reading rooms, gossiping and comparing notes. They absorb a "nightcap" and climb into their bunks.

Raiding Is Active
Paris, March 20.—(I. N. S.)—Raiding and artillery activity was reported from the Champagne front by the war office today. The Germans made several attempts to enter French trenches near Rheims and Souain, but were driven back by the French fire. The German artillery was active in Champagne, on the Verdun front and on the Woerthe plain. American troops were recently reported to be holding a sector of the front on the Woerthe plain.

Heavy Cannonading Reported
Amsterdam, March 20.—(I. N. S.)—Heavy cannonading has been taking place on the Champagne front and at Verdun, according to a dispatch from Berlin, quoting today's official report of the German war office. The report added that some prisoners were taken by German raiders at Bures.

Berlin Reports on Planes
Berlin, via London, March 20.—(U. P.)—Twenty-three airplanes of the allies and two captive balloons were brought down yesterday, the German war office announced today. It was stated also that reconnaissance planes in Flanders had resulted in taking 300 Belgian prisoners.

Two Balloons Shot Down
Rome, March 20.—(I. N. S.)—Two Austro-German observation balloons have been shot down on the Italian front, the war office reported today. There has been considerable artillery activity along the front, but no infantry engagements.

Portuguese Repulse Raid
London, March 20.—(U. P.)—Portuguese troops repulsed an enemy raid in the neighborhood of Fauquissart last night, Field Marshal Haig reported today.

On both sides of the Paschendale sector there was heavy artillery fire.

LENROOT IS LEADING IN WISCONSIN RACE

(Continued from Page One)

ty, considered a Thompson stronghold. The vote was: Lenroot, 182; Thompson, 84; Davies, 115; Berger, 40. The large increase in the Socialist vote and he declared that the primary indicated that Wisconsin is opposed to the war. He said his vote in the state would approximate 50,000.

Thompson carried LaCrosse, his home city, but the returns indicate that Lenroot captured most of the other districts in the western and northwestern part of the state.

Berger led in Sheboygan, considered a Teutonic stronghold, with a total vote of 11,837.

Victor Berger, lone Socialist candidate, has wrecked Thompson, apparently, outside of Milwaukee, by polling an unprecedented total of Socialist votes that may be greater than 45,000.

"On a 100 per cent anti-war issue," Berger said today, "I have ruined Thompson, posing as a fifty-fifty candidate, as between LaFollette and LaFollette's enemies."

Lenroot Carries Madison
The preliminary figures from scattering city precincts tend to show that the "German vote" marched solidly to the polls and voted for Berger on a sharp anti-war platform.

The city of Madison, LaFollette's home, complete, gave Lenroot 2264, Thompson 2004; LaFollette's precinct gave Lenroot 85, Thompson 42.

The Democratic primary resulted in a landslide for Joseph E. Davies, former secretary of the Democratic national committee and until last week a member of the federal trade commission. Davies unquestionably has defeated

THRONG ATTENDS LIBERTY TEMPLE DEDICATION

Scene Tuesday noon when the immense throng was singing "Keep the Home Fires Burning," following addresses by J. L. Etheridge and Rabbi Jonah B. Wise.

Portland's Liberty Temple, both formally and actually in use today, is the gift of the patriotic citizens of the city. A score of manufacturers and merchants contributed the material, and more than 300 workmen from the building trades organizations participated in the construction. Practically all the interior furnishings have been contributed by public spirited firms and individuals for use during the third Liberty loan campaign. A large banking cage was given by Dr. Charles McCarthy by a 5 to 1 vote. The surprise of the early retreating in the results in Dodge county, for years the Democratic stronghold of the state. Complete returns showed victory for Thompson over the entire field.

Thompson, 3208; Lenroot, 508; Davies, 1448; Berger (Socialist), 444; McCarthy, 302.

Democratic Leaders Will Speak
Washington, March 20.—(I. N. S.)—A formidable array of speakers will campaign in Wisconsin for Joseph E. Davies, Democratic senatorial nominee. Henry Morgenthau, former ambassador to Turkey, and Senators Lewis, Ashurst, Pittman, Kendrick and A. A. Jones.

President Wilson, in a letter sent this afternoon to Mr. Davies accepting his resignation as a member of the federal trade commission, thanked him for his "sympathetic cooperation during the early part of this administration in bringing about the adoption of all those measures of reform which he had promised the people," and for his "steadfast loyalty and patriotism during that trying period before we were thrust into the war."

The McGovern resolution, the embargo issue and the armed neutrality act presented the first opportunities to apply the acid test, the president says, and of these, concrete proposition you proved true.

Interest Keen at Washington
Washington, March 20.—(I. N. S.)—Announcement that Representative Lenroot was leading in the Republican primaries in Wisconsin for the senatorial nomination this afternoon was accepted here as indicating one of the most bitter final choices is made. It is believed here that Lenroot probably will be able to maintain his lead and secure the nomination. If he does, then the Republican national committee will put its new slogan, "Win the War," into action behind Lenroot and the fight between Lenroot and his Democratic opponent, Joseph E. Davies, will be on about the same issue so far as the war is concerned.

This is certain, officials here said this afternoon, to mean that Victor Berger, the Socialist candidate, will poll the entire pacifist strength for his candidacy. How great a vote this will mean and whether it will be a menace to the suc-

cess of Lenroot or Davies, cannot be forecast for several days at least. The surprise of the early retreating in the results in Dodge county, for years the Democratic stronghold of the state. Complete returns showed victory for Thompson over the entire field.

Thompson, 3208; Lenroot, 508; Davies, 1448; Berger (Socialist), 444; McCarthy, 302.

Chicago Broker Is Arrested in Seattle
Seattle, March 20.—(I. N. S.)—Jack Moore, Seattle real estate broker for the past 12 years, who is declared to be wanted by the Chicago police for larceny by bailee of \$35,000, is under arrest here awaiting advice from the Chicago authorities. Moore says the action is the result of a real estate deal in Chicago three years ago. The broker says the deal was regular in every respect, but that three months ago he was threatened with a lawsuit by a Chicago lawyer. Moore says he has nothing to fear and will not fight extradition.

Divorce Suit Leads to Tragedy
Washington, March 20.—(I. N. S.)—Because his wife sued him for divorce, Lawrence H. Farquhar, a member of the Metropolitan police, stole into the home of Harry White early today, shot and killed Mrs. White, shot and fatally wounded Mrs. Farquhar and wounded White and Clarence W. Tripplet, a boarder. Farquhar then killed himself. Farquhar, who was 42, was a veteran of the Spanish-American war.

U. S. Mission to Go to Siberia
London, March 20.—(I. N. S.)—An American mission is to visit Siberia to investigate reports that German and Austro-Hungarian war prisoners are being organized and armed there, according to information received here today.

Recently a report was circulated that two divisions of German prisoners were being organized in Siberia by German officers.

League to Weld All for Peace Proposed
(Continued from Page One)

Commercial War Is Alternative
"For every thirty days after the first 30 that Germany refused to make a peace, a year would be added to the five-year period."

Senator Owen said today he would move to bring up the subject because of the fact that spokesmen of all the belligerent powers have at various times enunciated in fragmentary and somewhat disjointed fashion the principles or some of them, the league to enforce peace would stand for.

Under Owen's proposal he would have the following measures enforced during the five year period in which Germany would be boycotted:

"1—Refusal to grant clearance papers to a German ship from any port of any nation in the league.

"2—Refusal to allow any German ship to enter such a port.

"3—A ban on exports from Germany of manufactured articles or raw materials to any country in the league.

"4—A ban on imports to Germany of bullion specie or currency.

"5—Absolute severance of postal, telegraph or telephone communication with Germany from any of the nations in the league.

Owen also outlined the chief principles of international law on which the league he proposed would stand. They are:

"1—Right of self determination and self government for all people.

"2—Territorial integrity for every nation.

"3—Freedom of the sea—not theoretically, but actual and absolute."

Financial Pressure Proposed
Immediate disarmament after this war should be agreed on, Owen said, to the point dictated by local and international needs. In the future any nation violating the terms of the open covenant he outlined would be guilty of a high international crime and held to account by the league of nations. Invasion of the territory of one nation by another, if the motive pursued by Germany with respect to Belgium, would be the worst of these crimes.

Enforcement of the decrees of the league would be provided for under a joint plan and by a continuation of the policy of financial and commercial pressure upon any nation violating the league's mandates.

Parliament Expects Debate
London, March 20.—(I. N. S.)—A continuation of the debate upon the proposed league of nations was scheduled in the house of lords today. It was stated that Earl Curzon of Kedleston, government leader in the house of lords, probably would deliver a speech upon the subject.

The debate was precipitated by Lord Farmoor's resolution approving the principle of a league of nations.

By far the most interesting speech during the initial stage of the debate was delivered by Lord Lansdowne, who said that, in his opinion, the central empire should be included in an international league that is formed.

Lord Lansdowne's two chief points were that the league should be open to all and should be armed with executive powers to enforce its decisions.

PEACE OFFER TO ITALY REJECTED

German Offer Reputed to Have Been Generous; Allies to Stand United.

Washington, March 20.—(I. N. S.)—Italy has spurned a new and tempting peace offer from Austria and Germany. This fact was officially confirmed in diplomatic information reaching Washington Tuesday. It formed one of the principal bases of the success of the recent meeting of the inter-allied war council in London.

According to diplomatic advices received here the results of the war council, upon which it issued a new declaration to the central powers and a new pledge to fight for victory, may be summed up as follows:

First—West of Suez, the allied line is firm in a political and military sense. Every possible military disposition in favor of the allies is being made. In some instances to more than meet—a German offensive has been efficiently made.

Second—East of Suez, the German menace is recognized as for the present remote.

Wait Events in Russia
Though the entente statesmen are reported to have been unusually in favor of Japanese intervention in Siberia, they are also reported as willing to await crystallization of events in Russia and a possible change of the attitude of the United States before taking actual measures to meet the German advance with the help of Japan.

The decisions of the council with respect to Italy are reported to have produced a particularly happy result. The council, in effect, has recognized the value of the Italian link in the allied chain which binds Germany in the west.

With full cooperation of Italy, steps have been taken to meet the great thrust on the Lombardy plains of which fresh evidences have developed within the last few days.

Peace Offer Generous
The peace offer to Italy is understood to have been the most generous nature and to have come from direct official source. It was promptly rejected by Italy, however, as only a part of the political drive accompanying the Teutonic drive at London. The shifting of the German attack to the westward, as indicated in dispatches from Switzerland and Italy and recently received here, was recognized as a menace to effective Italian cooperation in the war.

Should the Germans reach Brescia it was recognized that even if Italy continued to fight, as Premier Orlando pledged her to, her work would be little more effective than that of Serbia and Roumania.

Similar tenders of peace, accompanied by threats of a drive, were reported at the council to have been made to Serbia, and even to France. Not only were all rejected, but according to reports here, the delegates to the council left assured of the fact that ample military provision had been taken to meet every possible military threat.

A Child 2 or 3 Years Old
requires something stronger than the sweet liquid laxatives now on the market which are prepared especially for infants. LAX-POS WITH PEPIN fills this long-felt want. It acts on liver and regulates bowels without griping or disturbing stomach. A Liquid Digestive Laxative pleasant to take. 50c bottle. (Adv.)

SCOTT'S EMULSION

a rich blood-food and strengthening tonic. It is so helpful for delicate girls it should be a part of their regular diet.

Scott & Bowne, Bloomfield, N.J. 17-35

Vigorous Children
It is easy enough to tell whether your children are red-blooded or not. For you can't hide red blood—or the lack of it.

If it is there, you see it plainly mirrored in your little one's rosy cheeks, merry eyes, love of romping and playing, leadership in childhood games and studies. If it is not there, then your children are only ghosts of children—pale, hollow-eyed, stoop-shouldered, hating play, being study—devoid of lively interest in life. Such a child can be helped by natural methods of living and Gude's Pepto-Mangan.

Gude's Pepto-Mangan
"The Red Blood Builder"

Gude's Pepto-Mangan feeds the red blood cells with just the elements they need—adding to their number, increasing their power to carry nourishment and life-giving oxygen to every cell and tissue of the little body. Gude's Pepto-Mangan is exceedingly pleasant to taste, and easily digested.

Gude's Pepto-Mangan is prescribed and recommended by physicians as a general blood tonic and appetizer for all weak, anemic children, nervous, overworked adults, invalids, and convalescents.

Friendly Warning: There are many imitations of Pepto-Mangan on the market, but the genuine is put up in the bottle and sealed package as pictured here. Ask for it by the name—Gude's Pepto-Mangan. For sale at all drug stores.

Pepto-Mangan is made only by M. J. BREITENBACH CO., New York Manufacturing Chemists

Millers Are Granted Relief by New Order

Washington, March 20.—(WASHINGTON BUREAU OF THE JOURNAL).—Food Administrator Hoover Tuesday informed Senator Chamberlain that a new order permits all millers to grind up to 50 per cent of their allotment, instead of 25, without restriction on the monthly wheat quota. If 50 per cent is already ground, it will permit milling for local consumption and for shipment to the food administration up to half of the receipts. This is expected to relieve the situation complained of by Independence, Or., people and other towns where small mills have closed.

Girl-in-Lap Story Brings Libel Suit

Tacoma, Wash., March 20.—(I. N. S.)—Because, among other things, F. R. Pett, commissioner of public safety, declares Mayor A. V. Fawcett said the commissioner was discovered with a girl in his lap in a hotel here one evening, a libel suit for \$10,000 against the chief executive of Tacoma. But this is only one of the allegations brought against the mayor who is declared in the action to have injured the fair name of the commissioner in various other ways.

Entomologist Arrives
Oregon Agricultural College, Corvallis, March 20.—W. K. Foster, federal representative of the United States bureau of entomology, has come here direct from Washington, D. C., to work in cooperation with the O. A. C. department of entomology and the director of extension in the interests of more successful bee keeping in this state.

Following his trip to Polk county, Mr. Foster will proceed to Washington county, thence to Tillamook and back to Multnomah, proceeding from there on a visit to the counties on up the valley. On his return he will inspect the Columbia basin counties, concluding his itinerary in this state at Ontario about April 15.

BASE HOSPITAL 46 IS MOBILIZING FOR TRIP TO AMERICAN LAKE

Members Are Gathering at Portland Academy; Early Call to France Expected.

Base hospital 46 of Oregon began mobilizing this morning and at the close of the week is expected to move to Camp Lewis for a brief period of preliminary training before leaving for an Atlantic embarkation port.

Dr. Robert C. Yennet, major director of the unit, ordered mobilization Tuesday pursuant to telegraphic instructions from the war department.

Members of the unit living out of Portland have been ordered to remain at their address until they receive transportation to Portland. Shelter and sustenance will be provided during mobilization.

The unit is mobilizing in the Portland academy at Thirteenth and Montgomery streets.

The men are enlisted as privates. Non-commissioned officers will be chosen during the training at Camp Lewis. Part of the unit is in the East and in France. The war department has promised that when the unit is established in a base in France, all of its members will be brought together. Those now in the East will join the unit at point of embarkation. It is believed. They include several Portland physicians, who were called for special training at Eastern hospital bases.

While it was still dark this morning, Dr. Vincent hospital nurses were hastening to the hospital from every section of the city to be present at the special farewell mass, held by Father V. O'Hara, in which were bidden farewell the St. Vincent's nurses, who will be with the base hospital unit. Following the mass, which was described as the most solemn ever held in the hospital, the nurses will be taken away by Sister Matilda, on behalf of the hospital. The Mother Provincial, head of the order, made a special trip to Portland for the occasion.

There are 26 Red Cross nurses with the unit, who are graduates of St. Vincent's hospital.

A violin has been invented that is enclosed within a walking stick, a slide covering one side of the cane being withdrawn to expose the strings.
