

### FISHERMEN AGREE TO DELIVER FISH AT LOW COST FOR CITY SALE

Twenty-two Trap Operators to Turn Over All But Salmon, Sturgeon and Shad.

Arrangements have been completed by W. P. Studdert, representing the United States bureau of fisheries, for the delivery of all fish caught by trappers at Chinook, Wash., excepting salmon, shad and sturgeon, at nominal cost at Chinook receiving stations.

The fish delivered under this agreement, signed by 22 men, controlling 59 traps, will be handled by municipal fish markets, including the Portland market, by the Oregon food administration or under the direction of the United States bureau of fisheries.

The fish probably can be placed on sale at Portland markets at a price not to exceed 6 cents per pound. Dan Kallher, commissioner of finance, was notified by Mr. Studdert Wednesday to negotiate with fishermen who have signed the agreement. Should the municipal fish market representatives fail, to make proper arrangements, the Oregon food administration will be asked to handle the sale of the fish, and if this plan is not successful, the bureau of fisheries will station a representative in Portland or on the lower Columbia to distribute the fish.

The salary of the captain of the Joseph Pulitzer now in use as a municipal fishing schooner, was changed by the city council Wednesday from a flat rate of \$125 per month to \$80 per month, plus one-fourth of the total amount paid to the fishermen and seamen employed by the city.

The fishermen receive no flat salary, but are paid the following prices per pound for fish caught: Halibut, 3 cents; black cod, 2 1/2 cents; and bottom fish or "scrap" fish, 1 1/2 cents.

The only members of the crew now paid on a flat wage are the engineer, who receives \$100 a month, and the cook, who is given \$75 per month.

The fishing boat is scheduled to leave Portland, Thursday, on its second expedition.

### PERMIT IS GIVEN TO COUNTY

Over the protests of C. A. Bigelow, commissioner of public affairs, and Fire Marshal Ed Grenfell, the city council granted a permit to Multnomah county to erect a galvanized frame building at East Water and Alder streets to be used as a bridge repair shop. Under the agreement the building is to be temporary and used for not more than two years.

Commissioner Bigelow held that the type of building proposed is prohibited by ordinance, that the county could secure property outside the fire limits and that by granting this permit the council would be besieged with requests from private individuals for similar concessions.

### Election to Be Considered

The city council has been advised by City Attorney LaRoche to set immediately the date of a special city election, scheduled on May 17, the date of the state primary election. The council will probably consider the special election question at the next regular meeting, March 27. The election must be arranged before any legislation can be referred to the people by the council.

### Taxicab Licenses Revoked

In an effort to curb reckless driving by men operating for hire cars in Port-

land, city council Wednesday morning revoked three licenses held by taxicab companies. One license revoked was held by the Lee Taxicab company, another by Arthur Camp and the third by E. F. Norton and M. P. Sanders. The revocation followed convictions in the municipal court.

### SECRETARY BAKER REVIEWS U. S. FORCE IN FRANCE

(Continued from Page One)

The first American soldiers to enter the trenches in France was at first invisible behind a dip in the plateau, the music giving warning of their approach. Then the "inhats," shoulders and rhythmically moving bodies of the company in front appeared.

From the mules hauling the rolling kitchens to the officers, everything was in fighting trim.

Lines after line passed, saluting the secretary of war with precision and speed.

Mascot dogs scampered between the lines. Wagons became mired deep in the mud, but the drivers, by superhuman efforts, maintained their even place in the line.

It was an exhibition marking the passing of the American army from purely a peace establishment to one of the world's real fighting forces.

After the review, Baker addressed the first division of regulars, who had been in the front lines. Baker said:

"If I have any advice to give you, it's strike hard and shoot straight. If sometimes the discipline seems wearying to you now, you must know you would have paid for its lack with your lives.

"The better you're trained, the more valuable you are to your country as a fighter.

"On every hand I am told that you are prepared to fight to the end. I see this spirit in your faces. You may depend on us at home to stand by you, in a spirit worthy of yours.

"From the day of my arrival in France I heard praise of the New England division which made good in its initial experience in the trenches, in a manner which guarantees it will be equal to all emergencies.

"The division was trained rapidly. Some of its members probably descended from the Minute Men and from Ethan Allen's mountaineers, whose fathers

### THIS IS THE AGE OF YOUNG WOMEN

And Women With the Look of Youth

Everywhere, it is the young or young-looking woman who is making the most of the wonderful opportunities for women today. The good things are not for those who seem to have passed their greatest usefulness.

Don't let gray, streaked with gray, or faded hair with its look of age rob you of your chance. You can easily regain all its youthful beauty as many other women have by using Q-ban Hair Color Restorer occasionally.

Q-ban will not dye your hair. It simply brings back the natural color and gloss. It is a delightful toilet requisite that should not be confused with hair dyes and other such preparations. Q-ban will not stain the scalp, wash or rub off. It does not interfere with shampooing or waving the hair. Easily applied. Sold by all good druggists everywhere on Money Back Guarantee. Price 75c. (Adv.)

### TWINS BORN; 1ST IN U. S., 2D IN CANADA

MONTREAL, Quebec, March 21.—U. S. P.—As the military special carrying Canada's "original firsts" from Halifax touched the United States border, the wife of Private Peter Mackenzie of this city, who was riding with her husband, gave birth to twins.

The first arrival, a boy, was born in United States territory, and the girl, 15 minutes later, in Canada. The doctor in charge of the train dubbed the kiddies "C. P. R." and "Mississippi."

### AMERICANS UPHOLDING TRADITIONS

"After a long period of peace, commercial success and comfort, some skeptics feared we had grown soft. I shall send home a message from the men in France who have given up their comfortable home life for the trenches, that we had not."

Standing on the plateau among the generalists after the review, Baker's inevitable pipe appeared, a tin tobacco box flashed from his pocket and he lit up.

Baker then called on a French general, who complimented the American troops on their appearance.

Later, the secretary and Pershing visited Joan of Arc's birthplace, passing from room to room, in tow of an aged French woman, who acquainted them with the intimate history of the place.

Earlier in the day, Baker had been photographed with Carlisle Babcock, a

### Pro-Huns Roughly Handled in Oklahoma

Altus, Okla., March 21.—(I. N. S.) O. F. Westbrook, a prominent farmer living 17 miles north of here, was taken from his home last night by the "Knights of Liberty," stripped of the waist, horse-whipped and tarred and feathered and then ordered out of town. Westbrook is alleged to have grown bold with his pro-German remarks and utterances against the government.

Signs have been posted on all county crossroads and on the public buildings: "Pro-Germans, don't let the sun set on you in Jackson county. This county must be 100 per cent American."

About the same time another band of masked men entered the home of Henry Huffman, 10 miles south of here, and gave him the same treatment Westbrook received. He was then taken to the county line and headed into Texas.

### PORTLAND PEOPLE SHOULD EAT PIE DAILY

Pie is wholesome, combining both fruit and grain. Those who have trouble digesting pie should take ONE SPOONFUL simple buckthorn bark, glycerine, etc., as mixed in Adler-Joka. This flushes the ENTIRE bowel tract, removes foul matter which poisoned your stomach for months and relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. Leaves stomach in condition to digest ANYTHING. Skidmore Drug Co., 151 Third st. (Adv.)

# National Thrift Move and Firestone CORD TIRES

How the conditions which meant efficiency before the war mean a public saving now

THE economy methods which, long before the war, prevailed in the Firestone factory have simply anticipated today's demands for judicious buying, conservation of resources and war on waste.

This war against waste in the Firestone factory means war against waste on the road. For the values thus conserved go back into the product which more and more is recognized as the tire of Most Miles per Dollar.

This is more than a Firestone slogan, more than a working motto of the organization. National stress and the need of thrift now make Most Miles per Dollar a sound American doctrine.

More and more the world-affairs today require that you use your car. But more and more patriotism and common sense alike order that you use it wisely and at lowest upkeep cost. Experience proves that this means Firestone equipment. Get Firestones from your dealer now.
