

OREGON MEMBERS' VOTE DIVIDED ON THE RENTAL BILL

Representative McArthur Voted Against, Hawley and Sinnott For the Johnson Measure.

PUTS BAN ON PROFITEERING

Under Provisions of Proposed Law Tax on Rentals Would Absorb Excessive Advances.

Washington, March 21.—(WASHINGTON BUREAU OF THE JOURNAL.)—The Oregon delegation in the house of representatives divided on the Johnson profiteering bill, which is intended to cut down the exactions of greedy landlords in the city of Washington.

The house approved the bill by a vote of 221 to 101. If it becomes a law, houses cannot be rented for an advance of more than 10 per cent over the rate for which property was rented on September 30, 1918.

Clute Concrete Examples The bill following the passage of the bill Representative Johnson of Kentucky, author of the bill, called the attention of the house to a few examples of rent profiteering in Washington which had just been brought to his notice.

He said that Mrs. Black, wife of General W. M. Black, chief of engineers of the army, had just been notified that the rent of their home will be raised to \$250 per month.

Lesser Profits on Federal Property The government owns the Washington market premises and is paid \$7500 a year rental. The upper story was formerly used as a dancing pavilion, but when the government hunted for space for one of its bureaus, the market consented to sublet the upper story to the owner, that is, the government, for \$8000, or \$500 more than the government is paid for the entire building.

The Munsey Trust company rents 10,000 square feet of an office building for \$10,000 a year, but has given notice that on July 1 the rent will be \$11,500.

Apartment and house rentals have jumped in much the same degree, and the situation has become so close to intolerable that a large meeting in the house decided upon drastic action.

Naval Committee Supports Daniels Washington, March 21.—Secretary Daniels has the strong support of the naval affairs committee in his position. He has taken to postpone action until the close of the war on the Helm report recommendations for Pacific coast defense.

The Pacific coast has one member only on this committee, McArthur of Oregon. Mr. McArthur says that while he would be pleased to have the Helm report acted on at once, he recognizes that the secretary of the navy has taken a stand consistent with the government's policies in centering all effort on the winning of the war.

He also expressed confidence that the secretary and his colleagues on the committee are friendly to the plans outlined in the Helm report. Secretary Daniels, as announced in a letter to Mr. McArthur a short time ago, has promised to visit the Pacific coast to make a personal study of defense conditions at the end of the war, and members of the naval affairs committee say they will follow the secretary's example.

School Garden Army Mobilizes Under Lane

Washington, March 21.—(I. N. S.)—The school garden army is fast mobilizing under the generalship of Secretary of the Interior Franklin K. Lane. Wednesday he sent the following telegram to San Francisco:

"That is good news that I get today that you are to have a school garden parade and give a wonderful great campaign. I hope other cities will follow San Francisco's good example.

Jail at Marshfield Filled to Capacity

Marshfield, Or., March 21.—The jail here is so rapidly filling that four Germans, arrested for failing to observe the rulings against enemy aliens, were taken to the county jail at Coos Bay. Herman Belka, of North Bend, teamster, was arrested by federal officers for entering the waterfront zone.

Bennett Will Not Give Salary Figures

Question Arises When New Official Declines to Reveal Amount He Intends to Pay Newly Appointed Help.

Salem, Or., March 20.—Will H. Bennett, recently appointed superintendent of banks in connection with a general change in his department's force, announced Tuesday, refused to disclose the salary he intends paying his newly appointed office help.

The question arose when he was asked the salary which will be paid W. E. Smith, cashier of the First National bank of Monmouth, who has been appointed office clerk in the banking department, taking the place of A. A. Schramm, who has been promoted to assistant examiner.

A general change in the office force was caused when Charles H. Stewart, who has been assistant superintendent of banks under Superintendent B. G. Sargent for four years, and was an applicant for the position to succeed Sargent, resigned. It is said he has been given a place with the Federal Reserve bank at San Francisco.

Marshall Hooper, who was examiner, was promoted to assistant superintendent at a salary of \$2000 a year. H. A. Sonne of the Baker Loan & Trust company of Baker, was appointed examiner at a salary of \$2400 a year, while Mr. Smith was named as office clerk. This gives the department one more examiner than it had since Fritz Slade resigned to enter military service, several months ago.

German Explosives Less Menacing, View

San Francisco, March 21.—Germany's stock of high explosives is running short or deteriorating, according to Leo Thomas, marine engineer, here. Thomas and Thomas ought to know, for he has been on torpedoed steamers three times and says that each time the force of the torpedo grew less. Thomas was on the steamer Rookingham, which was torpedoed and sunk 200 miles off the Irish coast. He and other survivors were picked up after spending two harrowing days and nights in an open boat.

Later Thomas was on the steamer Armenia when that vessel was attacked last December, but although the torpedo exploded against the Armenia's side she did not sink. Again last month the Armenia was attacked and this time the torpedo did even less damage than in the first attack.

Banks Retains School Banks, Or., March 21.—At a meeting of the qualified voters of the Bank district a vote was taken to determine whether the high school would be discontinued the coming year. The vote was 52 to 8 to retain it.

'Tay Pay' O'Connor Visits San Francisco San Francisco, Cal., March 21.—(U. P.)—Two Irish celebrities arrived in San Francisco today on entirely different missions. One was T. P. O'Connor, writer, editor and member of parliament. He plans to speak to numerous clubs and Irish societies, although several leagues of Sinn Feiners and Nationalists still tried to prevent his appearance today.

The other famous Irishman was John McCormack, tenor. He is going to sing \$100,000 worth here and turn all the money over to the Red Cross. McCormack was given a rousing military and naval reception.

A Conserving Food of Grape-Nuts

The recognized value of Grape-Nuts as a "saving" food for these serious times, rests upon real merit.

Unlike the ordinary cereal Grape-Nuts requires no sugar, little milk or cream, and requires no cooking or other preparation in serving.

A trial is well worth while for those who sincerely desire to save.

Accuse Halsey Man Of Passing Checks Albany, Or., March 21.—Harry Freerksen of Halsey waived examination in Justice of the Peace L. L. Swan's court Wednesday morning and was bound over to the grand jury under \$1000 bonds on a charge of passing forged checks on local merchants.

Freerksen, who comes from a good and well known Linn county family, is accused of passing two checks on local stores last week. The checks were made on the bank of Shedd and were returned to the J. W. Cusick bank of Albany through which they were placed for collection. Tuesday Freerksen called to make a deposit, was recognized by the assistant cashier and placed under arrest.

Delinquent Fines To Remain on Books

Fines aggregating \$2800, assessed by the municipal court to be collected on installment payments will remain on the books and collected if opportunity to do so presents itself.

Municipal Judge Rossman recently requested the city council to cancel the fines, imposed under a former administration, and thus clear the court books. City Auditor Funk reported to the council that efforts to locate the persons against whom the fines have been assessed has proved futile. The city commissioners feel that a part of the money might be collected and it will result in no harm nor additional work to carry the fines on the books.

To Keep Your Skin Free From Hairs

If you are willing to spend a few minutes time in your room using a delatone paste, you can easily banish any ugly, hairy growth without discomfort or injury. The paste is made by mixing some water with a little powdered delatone. This is then spread over the hairy surface and after about 2 minutes rubbed off and the skin washed. You will not be disappointed with this treatment, providing you get real delatone.—Adv.
