# YOUTH! YOUTH! YOUTH

—the Best Part of a Woman's Life— Why Should It Vanish So Quickly?

Don't let your youth go! And above all, don't lose your youthful appearance through old-fashioned prejudice. Women who a few years ago scorned the use of face powders or cosmetics, now depend on them to keep a youthful appearance. And this is equally true of the hair color restorer. Constantly, more and more women are using Q-ban Hair Color Restorer to keep their hair dark and glossy and

free from gray.

Q-ban is not a dye. This you can prove by trying it on your combings. Dyes stain them instantly, but Q-ban has no immediate effect. Q-Ban is simply a delightful toilet requisite for restoring the natural color of the hair. O-ban does not stain the calp, wash or rub off or prevent washing or waving the hair. Easily applied by brushing or combing through the hair. Sold by all good druggists every-where on Money-Back Guarantee.

Council Votes to Make Individual Canvass Among Its Membership.

By Vella Winner
N RESPONSE to an urgent appeal from Mrs. Charles W. Fairbanks, wife of the former vice president, who is interesting herself especially in the women's organizations of the country on behalf of the third Liberty loan, the Council of Jewish Women, at a special meeting of the board held Thursday, voted to make an individual canvass among its entire membership, seeking nvestors in the bonds. The annual meeting of the council is the next sched-uled and, if it is found after the payment of bills that any money remains in the treasury, the council as a whole will purchase bonds.

The council held its regular monthly meeting Tuesday, when R. E. Haney, United States district attorney, defined the term "alien enemy," and made a strong plea with the members to buy Liberty bonds. At the close of his address he answered questions. The pleasure of the afternoon was heightened by the singing of Mrs. Fletcher Linn.

The State University has recently outned a course in short story writing for the club women of Oregon. They have taken special pains to plan it to suit the busy housewife, and yet it will help the woman of leisure to know whether she cares for a longer course, or not. Every woman who takes this course will have a better understanding of, and a better appreciation of all literature. Copies of the introduction and an outline of the lessons, have been furnished by the university, and the literature and ilbrary committee have placed them in the hands of all of the federated clubs in the state. The Oregon Agricultural college outlined a course also, but through some misunderstanding it did not reach the committee in time to be included in the letter recently sent out. Clubs wishing to see it may obtain ment of the O. A. C.

The Etude Study club of Woodburn met at the home of Robert Foote Tuesday evening. #### Why Spring Brings Out Freckles and Eruptions

The sudden appearance of freckles, slight eruptions or fine lines at this season is attributed by scientists to the "acting ray," which is unusually active during the spring months. Where the skin is so affected by this influence, if one will procure an ounce of commen mercolized wax at any drug store, apply a little of it before retiring, like cold cream she can easily overcome the troucream, she can easily overcome the trou-ble. When the wax is washed off next morning, minute flaky skin particles come with it. The entire outer cuticle is removed in this way in a week or two, with all its defects. No bleach could so effectually remove freckles or blemishes. The new surface is smooth, clear, fresh looking. No pain or inconvenience accompanies this sim-ple treatment.—Adv.
