## INCREASE IN PAY IN INSTITUTIONS OF STATE IMPERATIVE

Caretakers of Inmates Must Have More Pay, in Opinion of Control Board Members.

SOME SALARIES ADVANCED

**Emergency Said to Exist Because** of General Conditions; Board Will Meet Thursday.

Salem, Or., April 6.-Wages of the employes at all the state institutions must be raised in order to keep a sufficient force on hand to take care of the inmates.

This was the concensus of opinion among the members of the state board of control and the superintendents of the various state institutions, expressed at a meeting of the board Wednesday

A special meeting of the board was ealled for Thursday afternoon of next week to take up the subject. At that time the superintendents of those institutions which have not already increased salaries will present revised payrolls showing the increases that must be

A few days ago the wages of th employes at the penitentiary were increased, and at the meeting of the board Wednesday afternoon the board granted a request from Dr. Steiner, superintendent of the Oregon state hospital, for an increase of \$10 a month in the salary of all employes now receiving under \$60 a month. Dr. Steiner's request was based on a petition presented by 171 employes. He estimates that the increase will add \$25,000 a year to his payroll. "This is an emergency," he declared, "and something must be done at once or we will be unable to keep enough

employes to run the institution." At his request, the board also increased the salary of C. M. Wilcox, who has charge of the poultry department, from \$1100 to \$1800 a year. Mr. Wilcox's report shows the poultry yard made profit last year of \$7800.

Practically all of the the employes at the Oregon Soldiers' home were given an increase of \$5 or \$10 a month, at the request of Commandant Markee. All the other institution heads are

asking for increases in salaries for employes, but as some of them were not in the form desired by the board they were told to present their requests at the special meeting next The board authorized Dr. Steiner to

invest \$2500 of the fund accumulated by his patients' personal accounts in Lib-About \$2000 will be left erty bonds. in the fund, which he said was enough to meet the needs of the patients. From this fund \$5000 has already been invested in Liberty bonds for the benefit of the patients.

Secretary Goodin of the board was in structed to investigate the matter of employing a dentist to give all his time to attending the patients at the various

#### More Funds Needed

Salem, Or., April 6.-Pursuant to the action taken by the state board of control Wednesday, Secretary of State Olcott is calling a meeting of the state emergency board for 10:30 a. m., Tuesday, April 9, to consider the request for more funds for ridding the state of diseased immoral women and men. The funds, if authorized, will become a deficiency in the appropriation for the state board of health.

#### More Than Double Its Quota Is Subscribed

Amity, April 6 .- The local Third Lib erty loan committee, comprising J. W. Briedwell, president of the Bank of Amity, as chairman, and A. B. Watt, Dr. R. Lee Wood, E. E. Robbins, George W. Briedwell, J. E. Miller, S. D. Titus, C. A. Dobell and W. R. Osborne, have rereceived and reported into the office \$15,-000 as the efforts of 24 hours' work.

Amity, a small town of 500 inhabitants in Yamhill county, was assigned a quota of \$9300. Amity has taken 137 subscriptions so far and expects to earn a blue star in the Honor Flag. There are no fackers in this community. Amity sent 56 volunteers to the service from its midst. The quota for the Second Liberty oan was \$13,500, and \$15,600 was raised in one week. Amity raised \$362.50 for the Y. M. C. A. drive, \$112.50 more than the assignment, in 20 minutes at a pub-

### Rheumatism

Home Cure Given By One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rhetima-tiam. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a rem-edy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted, and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied. your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay Write today.

## GEORGE M. BROWN ASKS REELECTION TO STATE OFFICE

Attorney General, With Record of Accomplishments, Files His Declaration of Candidacy.

SUITS FOR STATE ARE WON

Active Part Taken by Official in Prosecution of Hyde-Benson and Pacific Land Cases.

Salem, Or., April 6.-Attorney General George M. Brown today made formal announcement of his candidacy for reelection on the Republican ticket, and at the same time filed his declaration with Secretary of State Olcott.

"During my term of office," he says in his official platform, "my one aim has been to protect the public interest. conscientiously, economically and efficiently, keeping in mind always that all power is inherent in the people, when they have spoken either directly or indirectly or through their representatives, it becomes the sworr duty of the attorney general to assume that the laws so made were en acted in good faith, are valid and should be enforced. If reelected, shall pursue this policy, expecting profit by past experience."

Record One of Accomplishment Attorney General Brown is serving his first term, and it is generally cknowledged throughout the state that he has made an enviable record as the law officer of the state. He has been vigorous in prosecuting suits brought in the interest of the state. Most notable of these are the widely known Hyde-Benson land fraud cases and the Pacific Livestock company land fraud case. The Hyde-Benson cases were fought

through the circuit courts of seven different counties, the attorney general winning in every county Clackamas. The cases were carried to the supreme court and the attorney general won a signal victory for the state, as the court reversed the Clackamas county case and ordered practigovernment. This land, amounting to approximately 15,000 acres, is still be recovered for the state and Mr. Brown is working to that end.

Attorney General Brown is making a similar fight to recover for the state the thousands of acres of land which it is alleged the Pacific Livestock company has obtained through fraudulent methods.

# Marshfield Puts

Marshfield, Or., April 6.-Marshfield's new city ordinance requiring a bond from every jitney line and tax operator in the city, goes into effect Monday. A \$500 bond for every taxi licensee covering any number of cars he may have, and a \$1000 bond from every jitney line licensee, covering all his cars, are required. Two jitney lines and a half dozen taxi owners are affected.

Simpson Is Feature Brogan, Or., April 6.-L. J. Simps peaking here last night on world affairs of the day, was one of the features of the Third Liberty loan meeting attended by more than 300 persons. Brogan's quota of \$15,000 made a good start right on the spot.

IN KLAMATH COUNTY

Pumps Will Be Utilized to Raise Water for Units in the Bonanza District.

Klamath Falls, Or., April 6. — The biggest progressive movement in the history of Eastern Klamath county is be made this year, when 4000 acres of fertile lands lying tributary to Bonanza, the Clover Leaf Town, 25 miles east of this city, will be brought under irrigation by the installation of nine big pumps stationed at various points along Lost river. The various pumps and motors for them have been ordered by the Baldwin Hardware company of this city, and will likely be in place by the first of next The largest of the different units

the Big Springs unit, consisting of 2400 acres on the north side of Lost river, a short distance above Bonanza. Two pumps will be placed there. One pump will be required for the 900-acre unit in Yonna valley, two pumps for the small unit directly adjacent to Bonanza, one for the 200 acres near the Lytle ranch, one for 600 acres at the Irwin and Keller ranches in Langell valley, and one for 700 acres in the Bowne district, near Bonanza.

Some of the most productive lands in Klamath county are located in the Sonanza district, which has been handiapped in the past by the lack of irrigation." Various attempts have been made during the past few years to get vater from various sources, but, from ne cause and another, they have fallen through. The government, however, has recently made the residents a very reasonable offer for a water right from Lost river, which may be paid out in easy installments, and they have been quick to avail themselves of the opportunity. The power for the pump-ing is to be furnished by the Californiaoregon Power company of this city. This work will probably mean the extension of the Strahorn railway Bonanza in the next few months.

Rails Laid to Icenbice Ranch Klamath Falls, Or., April 6.-Rails on the new Klamath Falls municipal railway, being constructed from this city to Dairy, 20 miles east, by Robert E. ization, the Benton County War Coun- Strahorn, under contract with the city, cil, has been organized here, and as have now been laid as far as the Icenbice ranch at Pine Grove, seven miles east of this city, and are being laid at county organization, whose membership the rate of a quarter mile a day beyond there, according to Chief Engineer H. N. Bogue, who is in charge of operations here now. The grading is practically completed to Olene, 12 miles east of this city, and the roadbed is ready for the ties at practically all points to the Dairy terminus.

Inability to procure steel at any price under the abnormal war conditions will prevent the contemplated immediate extension of the line by Mr. Strahorn from Dairy on to Sprague river, 29 miles thence, but it is the intention now to go ahead with the roadbed, grading and other preliminaries as soon as the link to Dairy is complete, and be ready in that way for the rails as soon as they can be obtained.

### PERMIT GRANTED FOR IRRIGATION PROJECT IN M'KENZIE VALLEY

Granted\* 105 Water Permits So Far This Year.

Salem, Or., April 6 .- During the first quarter of this year, 105 water permits diseases. engineer, according to a statement issued by his office. These permits included the irrigation of land aggregating 27,723 acres, the development of 501 horsepower, and water supply for one municipality. The estimated cost of construction for these projects totalled \$423,390.

The municipality which will receive water supply under the proposed project is Crawford Point, in Coos county. The Milton, April 6.-Grave concern is ex- Portland, Eugene & Coos Bay Land pressed by the fruitgrowers all over this company, which has charge of the Wednesday night, as to the effect it Willranch creek, through a pipeline 41/2

dians on the Klamath Indian reservation, north of here, are willing-and eager | deal of fish. to help Food Administrator Hoover win the war, but are in need of instructions in regard to the use of wheat substitutes, according to Miss Ada Rice, field worker at the Klamath agency, who is in town for a few days on business. Miss Rice says that the Indians are very good cooks, generally speaking, but that they are very wasteful and throw away much food that could be used. As yet, they do not observe the wheatless of the Thrift Stamps and Liberty bonds.

Klamath Falls, Or., April 6.-The In- and meatless days, although they are saving much meat now by using a great

Miss Rice has a few recipes for the use of wheat substitutes, but the Indians are asking for more, so arrange ments have been made to obtain a sufficient supply from the food administration as soon as possible.

**DEMOCRATS WILL OUIETLY SUPPORT** SENATOR BORAH

Administration at Washington Satisfied to Center Effort on Election of Senator Nugent.

TWO SENATORS IN HARMONY

Antis of Both Parties and Other Aspirants for Toga Are Displeased With Turn of Affairs.

Boise, Ida:, April 6.-Idaho Democrats will place no one in nomination for United States senator against Senator Borah this year, if the advice of the administration at Washington is foltional capital this week stated that the administration would not only throw its nfluence toward the nomination and election of Senator Nugent, the Democrat appointed to fill the vacancy caused by the death of the late Senator Brady, but would urge that the fight be cen-tered entirely in behalf of his candidacy, leaving a clear field to Borah. The view is taken by administration officials, it is said, that as Idaho is naturally a strong Republican state and Senator Borah has such a strong following, his election is inevitable, and Demo crats will do well to unite on Senator Yugent.

For months there has been talk in Idaho political circles that there was possibility of a coalition arrange-ment between the Borah and Nugent forces whereby the two senators would give each other their support. They have been working in perfect harmony since Senator Nugent took his seat, in spite of the personal enmity that has existed between them for years. In their younger days Borah and Nugent firm friends, the latter having studied law in the latter's office, but politics, augmented by the fact that they were opposing counsel at the Moyer-Haywood-Pettibone trials, their friendship. Washington reports are to the effect that the breach has been entirely healed and that now they are not only personal but political

Gooding, the two avowed candidates, and a long list of prominent Republicans who known to cherish senatorial ambitions. but who have been waiting to size up the situation before making any announcement as to their plans.

Takes Appeal in Damage Case The first of the damage suits resultng from the catastrophe at the North tar mine near Haley, February 25, 1917, ended in a verdict of \$2000 for the plaintiff, Hugh F. Mayrard, who brought suit for \$50,000 damages. The action was in the nature of a test suit to place responsibility for the accident. the mining company were sleeping was demolished by a snowslide, causing heavy loss of life and injury to many of the men. Suits for damages aggregating several hundred thousand dollars have been brought by dependents of the men killed and by those injured. The trial of the Maynard case was held n the district court at Shoshone and was bitterly contested, prominent attorneys of Idaho and Utah being engaged. Witnesses were called from as far east as New Jersey. Owing to the heavy damages involved, the mining company will carry the case to the highest courts, as decisions on points involved will affect the settlements made in practically all of the pending cases. The lefendant company's plea was that it or soft brush with it and draw this was in no way responsible for the accident and had taken every precaution possible for the protection of its employes. The North Star company is understood to be a sudsidiary of the Federal Mining & Smelting company.

Technical Point Up to Court The Idaho supreme court will determine whether or not the \$50,000 Morrill fund issued to this state by the federal Post, Yields to Apoplexy; Served government, now in the general fund of the state treasury, shall be removed and placed to the credit of the treasurer of the University of Idaho. State Treasurer Eagleson and State Auditor Van Deusen were mandamused and appeared in court to show cause why they should not turn the money over to the university. Arguments were submitted and the case taken under advisement. The money was received under the provision of the act of congress appropri-ating \$50,000 annually for the supportof certain designated classes in educational institutions of the country, of which the University of Idaho is one The question involved in the case now n court is whether this fund shall be expended by the university direct or under the direction of the state.

Organized for Liberty Loan Drive Idaho is thoroughly organized for the third Liberty loan drive under the same management as the second campaign. D. W. Davis, Republican candidate for Governor in 1916, is chairman of the state organization, and he has secured the cooperation of practically all the workers who helped make the second

drive a success. The state board of examiners has put the lid down tight on public improvement in Idaho. At a meeting this week a resolution was adopted that no bills for improvement work not connected with war activity will be allowed while the war is in progress. The decision was given when the matter of the erection of a building at the Idaho Technical institute at Pocatello was considered. Governor Alexander, in recommending this policy, announced that all state institutions should be required to get along the best way they can until the war is won. Then, he said, a new era of activity will come.

Water Users Start Important Suit
The long expected litigation involving the cost of water to settlers on the Boise project has been filed in district court at Boise in the nature of an injunction suit in which the Payette-Boise the lid down tight on public improve-

and D. W. Cole, C. C. Fisher and Charles F. Weinkauf, officials of the reclamation service; the Riverside irri-gation district and the Nampa-Meridian irrigation district, defendants. Pending further action in the suit, a temporar restraining order has been assed by Judge Davis which prohibits the de-fendants from demanding and collect ing any construction charges against the lands of the shareholders, or shutting off water, and commanding the deliverance of five-eighths of a miner's inch of water per acre until further order from the court.

The suit involves the price of water

Water Users' association is the plainti

to be charged approximately 2500 set-tlers on 332,000 acres of land in the Boise valley, with interests valued at \$14,000,000. The plaintiffs allege that \$14,000,000. The plaintiffs allege that the price of \$80 per acre fixed for water is an excessive and unfair charge, made before the system was comple before it was absolutely determined. number of acres included, and that the price is based on the construction of the Arrowrock and Deer Flat reserve costing approximately \$6,000,000, and further that illegal and unlawful charges have been made for investigations and surveys of other undertak-ings not connected with the project, which can only be disclased by an audit of the books of the reclamations ser

which is demanded. Convict labor will be given its chance to help win the war. The state board of prison commissioners has leased 646 acres of land near Nampa for a prison tentiary here will bring it to a state of cultivation. The land taken over on share and share allke basis with the owners.

Candidates Announced Dallas, Or., April 6 .- Mayor Tracy this city has announced his candidacy for the Democratic nomination for county clerk. Mr. Staats, who is a native of Polk county, served one term as county treasurer a few years ago. At present, in addition to being mayor, he is clerk of the Dallas school

T. J. Graves of McCoy, one of the best known ploneer farmers of Polk county, will be a candidate for the Republican nomination for county commissioner.

#### **OLD PERSCRIPTION** FOR WEAK KIDNEYS

Have you ever stopped to is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? reason is plain-the article did not fulfil the promises of the manufacturer. This applies more particularly to a medic A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy recommended by those who have been benefited, to those who are in need of it A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root. Senator Borah's attitude toward crit- preparation I have sold for many years

most every wish in overcoming kidney,

Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y. ium size bottles for sale at all drug

### GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautidark and luxuriant. Just a few applications will prove a revelation your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the ad-

dition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiven By darkening your hair with Wyeth's Sage and Sulphur Compound, can tell, because it does it so naturally, so evenly. You just dampen a sponge through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and

luxuriant. This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of dis-

#### DRINK, HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dui, dizzy headache; or if your meals soft and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralise and then wash out of your stomach liver, kidneys and 30 feet of intestines all the indigestible waste, poisons, sour all the indigestible waste, poisons, sou bile and toxins, thus cleansing, sweet

ening and purifying the entire all-mentary canal.
