

SUCH IS LIFE!

MR. TIGHTWAD.

HULLO! HOWS JOHN DOE?

PUTTY WELL, TIGHTWAD!

I'LL BUY YOU A CIGAR IF YOU STEP IN THE STORE WITH ME!

NO THANKS

SHOWED YOU NEVER TALK OLD TIGHTWAD INTO OFFERING TO BUY YOU A CIGAR?

HE HEARD I SWORE OFF SMOKING I GUESS!

# BIG INDOOR TRACK MEET WILL BE STAGED FRIDAY NIGHT IN THE ICE PALACE

### Cream of Athletic Talent Will Vie for Supremacy in First Military and Open Championships to Be Staged on the Pacific Coast; High School Rivalry Is Keen.

OLDIER-ATHLETES of the Vancouver barracks are expected to carry off the honors in the Northwest and open indoor track and field championship meet to be staged in the Ice Palace next Friday night at 8 o'clock. Indications are that the meet will be the biggest of its kind ever staged in the West.

Hundreds of tickets have been sold under the directions of Miss Ruth Plummer, who has been handling the drive. Assisting Miss Plummer in the drive have been members of the Girls' Honor Guard and the girls of the various high schools.

Reserved seats for the meet will be placed on sale at a central point early this week. General admission to the meet is 50 cents, which includes war tax, and the price of a reserved seat is 25 cents, including war tax.

Entries for the meet will close Monday night. In view of the great number of entries expected it is necessary that all athletes, who intend to participate in the championship file their entry blanks in the committee's headquarters in room 104 Northwestern National bank building.

All arrangements for the meet will be completed at a meeting tomorrow afternoon at 4 o'clock.

List of Events  
T. Morris Dunne, chairman of the program committee, has arranged the events in the order which they will be held. The high jump will be the first event on the program and it will begin promptly at 8 o'clock. The trials in the 70-yard dash will start shortly after 8 o'clock.

The complete list of events, in the order in which they will be held, follows:

1. High jump.
2. 70-yard trials.
3. 220-yard trials.
4. 880-yard run.
5. 70-yard finals.
6. 220-yard finals.
7. Bomb-throwing.
8. 70-yard high hurdles trials.
9. 440-yard run.
10. One-mile run.
11. Shot-put.
12. Bayonet sparring exhibition.
13. 70-yard hurdle finals.
14. Grammar school relay trials.
15. High school relay trials.
16. Gas-mask relay.
17. Equipment relay.
18. Grammar school relay finals.
19. High school relay finals.
20. Open relay.

Several hundred soldiers, who are doing their bit in the spruce division camp, will be present to witness the meet, which will be given a military aspect in view of the fact that military police will act as ushers.

To choose officials for the meet will be chosen during the early part of this week: Colonel Bruce P. Disque, commander of the spruce division of the signal corps; Colonel R. C. Moore, commanding officer of 318th Engineers; Lieutenant Colonel Van Way and Lieutenant Colonel Godfrey will act as honorary referees. T. Morris Dunne, who has had a great deal of experience in handling track and field meets, will be the referee. Several members of the Pacific coast and national polo vault champion, will act as starter.

The floor is being laid in the Ice Palace under the personal supervision of George Philbrook, chairman of the grounds committee. Dr. A. D. Ewins, director of physical education at the Oregon Agricultural college, will come to Portland Tuesday or Wednesday to supervise the construction of the turns on the track.

The interscholastic league athletes are taking a great deal of interest in the meet and a number of them have a chance to capture some of the places in the open events. There is a great deal of rivalry among the various schools entered in the high school relay.

Hummel to Run  
Walter Hummel, who represented the Multnomah Amateur Athletic club in the national championships at Newark two years ago and who was returned winner in the junior and senior 440-yard hurdles events, will wear the club colors in the 220-yard and 440-yard events. Hummel will also enter the 70-yard dash.

Whether Camp Lewis will enter a team has not been determined. Every effort is being made to have the American Lake soldier athletes represented. A number of former Portland boys stationed at Camp Lewis have entered.

Band to Be On Hand  
The Oregon Aggies will be represented by a dozen men and the University of Oregon will send a like number. The University of Washington and Washington State college may also be represented in the meet.

The entire net proceeds of the meet will be turned over to the enlisted men at the Vancouver barracks for a permanent athletic fund. The Signal Corps canteen band will play various selections during the staging of the events.

Scholastic Games Billed This Week  
The following games are billed to be played in the interscholastic baseball league this week:  
Tuesday—Franklin vs. C. B. C., East Twelfth and Davis streets; Commerce vs. Columbia, Multnomah field.  
Wednesday—Jefferson vs. Washington, Multnomah field; Hill vs. Lincoln.  
Friday—James John vs. C. B. C., East Twelfth and Davis streets; Benson vs. Franklin, Franklin field.

"Cupid" Has Good Ball Team  
"Cupid" Dick Sharp has collected a glassy bunch of ball players to represent Miller & Tracey this season. Among the players on the team are: Morris Rogo-way, Abe Popick, Dan Gage, L. Colon, E. Thompson, A. Goldstone, I. Murnane, Choppi, Harry Zaikurtz, Tucker, Levitts and Doran.

## Difference in Class of Games Little Says Ping

Ping Bodie, the desperate fence destroyer, has it all figured out. Says he:

"The principal difference between the game of baseball in the big leagues and down in the sticks is as follows:

"In the minors the pitchers are always trying to keep you from hitting the pilt. In the big leagues the batters are always making you hit it. That's all there is to it."

## EVERS IS THROUGH AS PLAYER

### Famous Second Baseman Is About Done For as Far as Playing Ability Is Concerned.

NEW YORK, April 20.—(U. P.)—The trade which sent Dave Shean, second baseman to the Boston Red Sox, and George Foster, pitcher, to the Red Sox means just one thing of any importance. It means, beyond question, that John Evers, former great second baseman, has reached the end of his career. He is through as a playing second baseman. This is borne out by his quitting the Red Sox.

There are several reasons for this conclusion. The best probably is that Evers, himself, declared last winter when he was trying to dispose of his services that he didn't know what he would be able to play next summer. The admission means that he realized he was approaching the end, but wanted to take one more fling at it.

Barrow Fortifying  
Shean's acquisition means that Ed Barrow has discovered the weakness of the once mighty Trojan and is fortifying himself for the emergencies that are certain to come out if Evers takes his place as the club's second baseman. Shean was one of the second basemen last year in the National league, judged from fielding and batting skill. Barrow certainly couldn't win the additional strength the club could gain. That's the crux of the situation. Consequently he signed Shean.

As a matter of fact, Shean had been traded out of the National league when the trade that sent him to Boston was pulled off. Barrow needed a second sacker and had an unruly pitcher on his hands. He offered to swap the obnoxious one for the second sacker and Mathewson snapped him up, hoping to reach terms with Foster.

Would Help Reds  
In case Foster should consent to report to the Reds there is the notion that the Cincinnati stock, now at a high level, would be even better. Foster is a great pitcher, smart and with plenty of "stuff." He would supply void in the Cincinnati makeup.

Evers' main value to the Red Sox, after the Boston team had signed him to a contract, will consist of his coaching ability. His playing will be done largely on the coaching lines this year, but he will continue to draw a huge salary for his efforts, even though they do not amount to as much as in years gone by.

Hendricks Wants Evers  
Jack Hendricks was quite eager to get Evers for the Cardinals, hoping that the veteran would be able to play part of the season. He has a valuable addition to the Cardinals because of his ability to teach youngsters. Hendricks' infield lacks a real high-class second baseman. Evers might have been able to develop one for him. However, Hendricks need weep very little because he failed to land Evers, for the Barrow acquisition of Shean is the tip-off on the condition of John.

## Army - Navy Clubs To Play June First

Although no definite arrangements have been made, the army and navy baseball teams will all probably clash again this year. Both teams have reserved the date of June 1 open on their schedules.  
The games at the naval academy have asked to have the annual meeting on the diamond restored this year, but the war department ruling stands in the way of clinching the game. It is hoped to develop one for them. However, Baker may pave the way and a permit be granted the cadets to come to Annapolis for the contest.

## WALTER MUIRHEAD, former University of Oregon athlete, who will represent the Multnomah Amateur Athletic club in the indoor meet in the Ice Palace next Friday night. Muirhead has been assisting in coaching the Oregon team this spring.

## FIELD MARSHALS of the MAJOR LEAGUES

NEW YORK, April 20.—(U. P.)—In spite of the fact that the Phillies have been hard hit in the loss of play-ing talent, rival managers are bound to respect them.  
The answer is Pat Moran, who built himself a niche in the hall of fame when he took a team of cast off players and made it a national title in Philadelphia and piloted it to a championship in 1915.

Moran is made out of the kind of stuff that counts and he is not the sort who lets big disappointments sweep aside his determination to win pennants.  
When President Baker sold Grover Alexander and Bill Killefer to the Cubs last winter, Philadelphia fans said goodbye to Philly pennant hopes. Not so with Moran.

All Around Leader  
"The club owners have a right to do what they want to do with players," said Patrick, "and though the loss of our star battery is not going to help a lot, we'll be in these giving 'em all a battle for the pennant."

J. RAY GREATEST DISTANCE STAR SINCE SHEPARD

Chicago Runner's Trainer Attributes Great Performances to Fine Heart Development.

NEW YORK, April 20.—(U. P.)—When Jole Ray tied the world's record for 1000 yards indoors at the A. A. U. meet here recently, he had a perfect right to stand on his hind legs and howl for a revision of the time credited to him, for two official watches and three of the non-official variety caught his pace faster time than the mark hung up by Johnny Overton a year previously.

But the cocky little distance star had nothing to say.

Will Go After Marks  
"Never mind," he announced after the meet. "Just wait. I'll break 'em yet."

And right there Ray showed his hearers one of the reasons why he is the greatest distance runner since the best days of Mel Shepard. He beams confidence in himself. Every word he utters about his running bubbles with self-pride. Yet there isn't a bit of conceit in the air. He is simply the brilliant-haired racer from the west. He simply believes he is the best without any fuss or show—and he has the dope right.  
The surprise occasioned by Ray's easy two stars that Ray would have passed the tape in record time by as watches had Fall or Mike Devaney been able to challenge him with any real speed.

Had Not Winded Him  
The fact was, however, that Ray simply breezed ahead when the notion struck him. He came into the last furlong of his stunt going like a sprinter and he snapped the tape a full 25 yards in advance of Devaney. Up to the final quarter he had lagged in third place. As he crossed the finish line he turned his head and looked back at his pursuers, and then walked nonchalantly from the track. His heart was beating no stronger than when he had started.

Japanese Form Association  
A California-Japanese amateur athletic union has been organized composed of Nipponese students of the University of California, Los Angeles and various San Francisco high schools.

Winning the event in such remarkable time had not winded him.  
Ray's trainer credits his great performances to his fine heart development. He has never yet been pushed to the point of exhaustion in his races.

## OREGON U SQUAD IS SHAPING

### Walter Muirhead Whipping Eugene Track Men Into Shape for Season.

UNIVERSITY OF OREGON, Eugene, April 20.—Track prospects Oregon are nightly assuming some little degree of hopefulness—at least there is a ray of sunshine where a week ago only dark clouds hovered over the Kincaid speed-way.

"Moose" Muirhead, famous all-around athlete, who wore the lemon-yellow during 1915 and 1916, is aiding materially in whipping the men into shape and is keeping interest in track and field athletics alive. Muirhead is out every evening with the varsity and freshmen aspirants, and will remain with the squad as coach until Bill Hayward is able to return, which will no doubt be about the first week in May.

Absence Hurts Chances  
Coach Hayward's absence during the all-important pre-season conditioning and the utter lack of letter men and material of any degree of proficiency, are factors that will be well nigh impossible for the lemon-yellow to overcome before the dual meets with O. A. C. and Washington.

One reassuring thing was developed in the last week that has gladdened the hearts of the varsity supporters. Bill Hayward's plea for men and more men has been answered. Thirty varsity aspirants, some of whom are coming out through sheer loyalty, are sprinting and tossing the weights. In another week Coach Hayward's call for "more men for every event" will have been answered.

Have Some Sprinters  
Oregon is fairly well fixed in the sprints, with Hank Foster, Dew Wilson and Lloyd Still—all sophomores—on hand for honors. Foster will make rival century and 220 men step to show him their heels. He showed a world of speed last year and ought to duplicate it this year. He is, likewise, good for over 20 feet in the broad jump. Wilson ran a close second to Foster last year and may make him step this year in the race to the tape. Wilson is also being used in the high and low hurdles as well as the high jump. Hayward and Muirhead plan on specializing him in the high jump pole vault race.

Strong in Distance  
Jack Montague, a Portland senior, may develop into a first or second place man in the middle distance runs. Montague has been coming fast every year and should hold his own this spring. Ivan Warner, who has been on the sick bed with pneumonia, is also looked to for strength in the middle distances. He will not be out until he regains his strength, which will be a week or more.

Born Lyle, a sophomore from Oklahoma, along with Dwight Parr and Bill Coleman, compose a trio of promising mile and two miles that should hold up the honors of Oregon in the long grinds. All three are without any experience but are learning fast and should be in good trim in the early part of May.

Oregon's strength in the weights is almost nil, with nothing more than three or four inexperienced, lanky though willing men out for places. Runquist of Portland and Gilbert of Marcella are the only possibilities in the shot and discus. Herb Heywood, a slender senior from Portland, is tossing javelin around 145 feet in his first workouts and is showing good form in the low hurdles.

Oregon will enter its best men in the indoor meet in Portland.  
To Form City Baseball League  
Managers of independent baseball teams will meet tomorrow night for the purpose of perfecting the organization of a City League. The league will be composed of six or eight teams. Among the clubs which have signified their intention of entering the league are: Journal, Miller & Tracey, Piedmont Park, Camas, Oregon City, Kirkpatrick, Macabea, Oregonian and Hillbertans.

## JOHNNY DUNDEE, eastern lightweight boxer, who has recovered from an attack of pneumonia. He has been matched to box Joe Welling next month.

## TWO BROTHERS OF PORTLAND ARE IN HOSPITAL

### Former Vancouver Oarsman Is "Gassed" by the Germans, According to Word Received.

Frank Waite, former oarsman of the Vancouver Rowing club, and his brother, Arthur J. Waite, are in hospitals in France and England, suffering from injuries received in the war against the Hun, according to word received here by J. Waite, who formerly rowed for the Portland Rowing club.

Frank, who enlisted in 1914, was "gassed" last September and during the middle of October it was announced he had fully recovered. He returned to the firing line, but had to be taken back to the hospital on account of his lungs.

Arthur joined the Canadian forces last November and was injured while training at Seaforth, county Sussex, England. The army officials wanted to return him to Canada, but Waite wanted to stick it out, and after placing him under an x-ray for three times it was decided to operate on him. The operation was set for March 5, but was postponed until he was stronger. Nothing has been heard from Waite since early last month, but it is presumed that the operation was a success.

Steel Co. Soccer Stars Remain  
Bethlehem Steel company soccer players are working on munitions, and as a result lost none of its star players. They hope to win the two big soccer trophies this year, De War and American, and also the National league cup.

## OREGON CO-EDS TENNIS TEAM SCHEDULES MEETS WITH LOCAL NET STARS

### University of Oregon Girls Will Play Women's Team of Multnomah and Irvington Clubs May 17 and 18; Return Matches to Be Held in Eugene in June; Much Interest Displayed.

ARRANGEMENTS have been completed whereby the girls' tennis team of the University of Oregon will play home-and-home matches in the singles and the doubles with the women members of the Multnomah Amateur Athletic club and the Irvington club.

The Lemon-Yellow co-eds will play in Portland, May 17 and 18, meeting the Irvington club players on the 17th and the "Winged M" racket wielders on the following day. The return matches will be played June 1 and 8, the Irvington players playing on the first and the Multnomah players the following week.

This will be the first time that tournaments of this kind will have been played, and much interest is being displayed in the events.

Miss Irene Campbell, who has charge of the tennis in the women's annex of the Multnomah Amateur Athletic club, plans to stage tryouts for the club team during the first part of May. Miss Campbell will play in the singles matches.

Mrs. W. J. Northrup, state champion, will represent Irvington in the singles. Miss Stella Fording may also play under the colors of the Irvington club.

Play in June  
The annual championship tournament of the Women's Annex of the Multnomah club will be held during the middle of June, according to the present plans of Irene Campbell, who is arranging the details of the tournament. Last year, in the first tournament staged exclusively for the women members of Multnomah, some very good tennis was played and the members are looking forward with a great deal of interest to this season's championship play.

Mackie Enlists in Army  
James H. Mackie, chairman of the tennis committee of the Multnomah Amateur Athletic club, and one of the best soccer players the club ever had, departed last week for England, where he will join the British forces in the battle against the Hun.

Mackie is well known throughout the city, having been connected with various branches of sports for a number of years.  
The result of the enlistment of Mackie, the meeting of the Portland Lawn Tennis association, scheduled for last week, was postponed until a new committee chairman was appointed to succeed Mackie. The board of directors of the Multnomah club will appoint Mackie's successor tomorrow.

The postponed meeting of the Portland Lawn Tennis association will be set for some time within the next fortnight, according to President McAlpin.

## Case School to Carry Military Training

Case School of Cleveland will carry out a military program in training students in athletics. The events will take the form of an inter-company meet and every contestant will be required to perform all the tests and the combined standing will determine which team wins. Events will be 50 yard dash; obstacle race; broad and high jump; hand grenade throwing and a modified cross country run. The contestants will compete in military uniform. As many as possible will take part in each race held outdoors.

Buy Soccer Balls for Soldiers  
The British government recently ordered 1,000,000 soccer footballs for use of its soldiers. Owing to scarcity of leather, the covers were made of heavy canvas which had been given chemical treatment.

Columbia in Two Regattas  
Columbia University varsity eight-oared shell crew will participate in two regattas, the Childs cup event at Princeton, May 4, and the Patriotic event on the Severn river course, Annapolis, May 18.

# "Co' Boss! - Co' Boss!"

Shut your eyes a moment! Carry yourself out into the cool, green countryside, any place you will. Can you hear that call echoing and re-echoing in the still afternoon? Can you hear the tinkle of the bell as the herd ploddingly responds? Just put yourself in the picture. Say, for instance, you're on a

## Harley-Davidson

For 16 Years The Master Mount

A farmer lad calling the cows, waves with an envious grin as you sweep by. Farther along the winding road you, too, turn off into a lane to spend the week end with friends.

Let us help you make every leisure hour your fondest dream come true. You can own a Harley-Davidson and sidcar. The operating cost is but \$4 to \$6 a month.

Stop in and talk it over. We can arrange terms to suit your convenience.

### Motorcycle & Supply Co.

209 Fourth Street  
Harley Davidson Service Center for the Northwest  
Full Line of Harley Davidson Parts and Accessories
