Supreme Court Holds Under Calfornia Laws Limit of Bond Issue Had to Be \$750,000.

TRUST COMPANY IS GRILLED

High Tribunal Declares That It Did Not Come Into Court With Clean Hands as It Should.

Salem, Or., May 21 .- The supreme court, in an opinion handed down today, modified the judgment of Circuit Judge Gatens in the case of the Title Insurance & Trust company, appellant, versus Northwestern Long Distance Telephone company, defendant and respondent, and Home Telephone & Telegraph company of Portland, interveners, and John B. Coffey as receiver of the North- tion of Crook county. western Long Distance Telephone com-

pany, intervener and respondent. .
The opinion of the supreme court affirms the judgment of the lower court foreclosing the trust deed and ordering the sale of the property of the Northwestern-Long Distance Telephone company for satisfaction of \$750,000 par value of bonds. It affirms the action denying a fee to the receiver and also denying a fee of \$10,000 to plaintiff. It reverses judgment against the Title Insurance & Trust company for \$131,-354, which was granted by the lower court in favor of the Northwestern Long Distance company as counter-

Suit was brought by plaintiff to foreclose a trust deed given by the Northwestern Long Distance Telephone company to secure \$1,500,000 bonds. The testimony revealed that the bond issue was twice the amount authorized under the laws of California, and for that readuced to \$750,000.

In denying the fee of \$10,000 claimed by the Title Insurance & Trust company, which acted as trustee for the long distance telephone company, Justice Burwho wrote the court's opinion, points out that the trustee did not come into court with clean hands.

"It ill accords with the high standard of good faith demanded of a trustee to award it compensation for personal services when its own conduct, even when cloaked under inter-locking boards of directors, did so much to put the cestui que trust in default," says Justice Bur-

Further discussing the action of the trust company, the supreme court makes judicial use of the word "Camouflage."

"It is the duty of every trustee to act with the utmost fidelity with respect to the interests of the cestui que trust Cargo Carrier Sunk which have been lodged in its keeping. He cannot rightfully assume a position which his own profit will be enhanced and these of his principal diminished. Neither can he accomplish this result by indirection; and the camoufsame purpose will not conceal its con- ment announced today. duct from the scrutinizing eye of a court of conscience.
