Green Will Aid

In Getting Wool

The appointment of Charles H. Green of this city as wool administrator of the quartermaster department with headquarters here, completes the work of organizing and making Bestland and the complete of the work of the wool. This

completes the work of organizing and making Portland a basis point for wool. This
appointment is in addition to Mr. Green's
position as chairman of the valuation committee, a position he has held for the 1917
clip as well as that of 1918. His duties
will not conflict with those of Mr. Burgard,
wool administrator, in fact his technical
knowledge will aid. Growers can ship their
wool to Portland and receive quick returns.

## CANNERS BID RECORD PRICES HERE FOR STRAWBERRY SUPPLY Hyman H. Cohen

# CHICKEN PRICES HIT HARD BLOW; SUPPLY ALONG STREET HEAVY

Big Supplies Glut the Trade and Sharply Lower Values Result-Light Hens Are Down to 22c a Pound-Small Broilers Slow.

Chicken market prices are badly smashed locally and sales are shown not only at sharply lower figures than last week, but demand is not keen at the reduction. Quite heavy stocks of chickens were carried over by the "street" from last week, this being especially true of the light weight stock. Sales of live weight bens were made down to Sales of live weight near stock in a limited way 22c a pound, with heavy stock in a limited way

up to 24c, although some of the receivers sold the mixed lots at the lower figures in order

get from under. Small broilers sold down to 23c a pound and there was little desire on the part of retailers to clean up offerings. Large broilers were in good demand, considering general conditions, with sales around 28@30c a pound. Few of the latter weights arrived. Much of the present troubles of the poultry trade in effecting a suitable movement was the reneral desire to obtain for country shippers much as possible, and for that reason receiv

An advance of Lc a pound is announced in the price of a coast sweet chocolate by the cal trade, due, it is stated, to the extreme set of labor and advance in materials.

CAR CANTALOUPES WEDNESDAY First full carload of cantaloupes for the local trade is expected here Wednesday by the United rokers from Brawley, Cal. Another car is due One was shipped by express the other by freight.

CALIFORNIA ONIONS SELL SLOW Because of their unusually strong taste, which much stronger than old Oregons, the demand r new crop California ontons is limited here. Prices in general are unchanged.

CHERRY CROP BADLY DAMAGED Severe loss in t. a cherry crop is reported by many nearby growers, who report that the fruit is turning brown and dropping from the trees. More California stock coming and selling around 12c a pound in Jugs.

EGG SITUATION IS QUITE STRONG Market for eggs shows a strong tone generally here, with Saturday's prices maintained. Re-ceipts have been fair, but stocks have cleaned up on arrival. Outside call is also quite fair. BRIEF NOTES OF PRODUCE TRADE

Country killed meats steady for good stuff. Old poratoos steady, with new stock weaker. Price of nails is up 250 a keg, a liberal rise, Butter and cheese markets holding steady at rmer prices.
Asparagus continues scarce, with prices beid

Severe damage to the wheat crop of the Willamette valley is reported in private advices received by The Journal from its special crop correspondents. The ravages of the aphis is asid to be undermining the entire fall wheat crop in several sections of the valley and already the damage is said to be beyond repair. Advices from the Klickitat country indicate damage by insects in that section. as much as possible, and for that the serious distributions and stock are did not care to shade quotations until stock had piled to such a high mark that it was distributed from interior Oregon, Washington and Idaho sections continue optimistic. ## STRAWBERRIES AT HIGHER DEMAND VERY KEEN

Local Market Booms With Greater Volume of Offerings-Marshalls Sell Up to \$3.25 on East Side Farmers' Market.

Instead of being lower with the market weaker. as much of the trade had expected, the price of strawberries was firmer and higher along the wholesale way for the day. Trade was very strong and local Marshalls sold up to \$2.25 @ 2.35 per crate for 24s, while ordinary stock sold from \$3 to \$3.25 per crate.

On the East Side Farmers' market sales of berries were startling as to price, transactions of ordinarily good stock being from \$2.75 to \$3, with fancy Marshalls \$3.10 @ 3.25 per crate.

## Run of Salmon Is Better in Columbia With Keen Demand

Eastern Call for Canned Fish Is Heavy but Packers Have Shipped

A slightly better run of salmon has been shown in the Columbia river during the last few days, catches of Friday and Saturday showing a fair improvement over recent hauls, according to Robert S. Farrell of the Pillar Rock Packing Gillnetters are doing considerably better at this time, and while the improvement in the catches by seiners is indicated, it is somewhat less than among the glinets.

Quality of the fish is unusually favorable and the sizes are all that could be desired.

Demand for canned salmon from eastern centers is keen, but Columbia river packers have little as yet to offer and few shipments in carload lots have thus far here walled. load lots have thus far been made. No formal opening price is yet announced, e trade waiting upon W. B. Ayer, food ministrator. Catch of shad in the Columbia is only fair, and some few cases are being put up by most canneries, although operations are not general because of the high price paid fishermen for this fish and the excellent demand in the fresh

Konenkamp's decision to strike followed failure of the negotiations opened by the national war labor board to mediate between the Western Union and those of its employes who wanted to join the union. It is understood today that the Postal

Telegraph company and railroad telegraphers probably will not be involved, but will not carry messages for the Western Union during the strike, if it materializes. Konenkamp intends to urge govern-

nent ownership of telegraph lines. Gompers, it is known, will advise Konenkamp to make another effort for mediation before calling a strike.

New York, June 3 .- (I. N. S.) -- Efforts of the national war labor board to adjust the differences between the Western Union Telegraph company and its employes have failed. By a vote of 7 to 5 the board voted

"It does not seem useful to further prolong the mediation. The construction of our principles, as set forth in Mr. Daft's telegram to Mr. Carlton, leads to the conclusion that the Western Union Telegraph company should accept this compromise as therein stated. It declines, however, to do so, or to submit to the jurisdiction of this board and no further action of the board is therefore

The refusal of the Western Union company is the first recorded action of a corporation to refuse to accept the principles as laid down for the consideration of labor difficulties by the Taft-Walsh board, which later, for the purposes of judicial action, became the national war labor board. In adopting the report of the media-

ors, it was suggested that the matter be placed before President Wilson. suggestion was voted down. However, it is believed the president will take up the matter if a nationwide strike appears imminent. The attempted mediation grew out of

the alleged discharge by the Western Marshfield, employs over 100 men and is stated at 461,000,000 barrels of Union of men who became members of the union. As the first step in the mediation, William Howard Taft, former president, and Frank P. Walsh presented an agreement to be entered into between the union and the Western Union company. The agreement was sent to Newcomb Charlton, president, and Chairman Wiggin of the executive board of the Western Union directors.
