## LUMBER INDUSTRY IS FLOURISHING AT WHEELER, OR.

All Mills Running to Capacity, While Box Factory and Other Enterprises Are Building.

SHIPYARDS IN PROSPECT

Developments Being Made by Port of Wheeler Will Facilitate Shipping.

One of the most widely awake com munities on the coast, if reports of plans and accomplishments are a guage, wheeler, Tillamook county, where government spruce cutting, shipbuilding industries generally have conspired to set the town and countryside buzzing. The people of Wheeler, not content to let outside money do all the work that will help assure a future for Mehalem bay, are spending their money to California shipyards. in development of the Port of Nehalem to capital seeking location.

D. R. Groves, formerley assistant is, and has been for some time, engin- party will make future plans. eer of the Port of Nehalem, in charge of some highly important work on the shore line. Under the direction of Mr. Groves, the port commission has undertaken some valuable channel dredging Japanese Steamship Recently Turned on Sunday. work to facilitate shipments to and from lumber mills on the bay, and has made an extensive fill behind a 600 foot seawall for the use of present and future manufacturing enterprises. One of the enterprises preparing to

### DO YOU WAKE UP TIRED?

When you awake in the morning feeling tired out, feeling worse in fact than when you went to bed, you are confronted with one of the characteristic symptoms of neurasthenia. It is due to the run-down condition of the nerves that rest does not bring renewed strength and sleep refresh the tired Overwork and worry are the most frequent causes of this condition. Neurasthenia is the name given to this common form of nervous debility in which the power to recuperate is gone.

The blood can be built up so that it will increase the supply of needed elements to the wasted nerves and this is the only way that the nerves can be reached. Dr. Williams' Pink Pills are a tonic that especially builds up the nerves because they supply to the blood the elements that the nerves need. Many nervous disorders, sometimes chronic ones, have yielded to this tonic treatment with Dr. Williams' Pink Pills when other methods failed to give relief. They are certainly worth a trial.

Dr. Williams' Pink Pills are sold by druggists everywhere or will be sent by cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co.; Schenectady, N. Y. Write today for free books on the blood and nerves.

### Rupture Kills 7000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing truss, appliance, or whatever name you choo to call it? At best, the truss is only a makeshift -a false prop against a collapsing wall-and cannot be expected to act as more than a mere mechanical support. The binding pressure re tards blood circulation, thus robbing the weakened muscles of that which they need most-

have stood the test of time. Purely vegetable. Wonderfully quick to banish biliousness, headache, indigestion and to clear up a bad complexion. Genuine bears signature

PALE FACES Generally indicate a lack of Iron in the Blood Carter's Iron Pills Will help this condition

operate and to use byproducts of ex-isting lumber mills, is a box factory of no mean proportion. The fill being made behind the bulkhead will require 100,000 yards of dredging which port's own dredge is discharging.

A beattery of three lumber and saw-

mills, the Wheeler Lumber company, the Brighton Mills campany and Thompson & company, is engaged, in addition to routine work, in cutting cants from the spruce the United States army is cutting, for shipments to the spruce divi-sion's cut-up plants at Vancouver Washington and elsewhere. The three mills, as a matter of fact, are cutting ship timbers, but the product of the latter two is shipped to eastern and southern shipbuilders for the most part, while the Tillamook builders take most of the output of the former.

In addition to the important work directed by the Port of Nehalem, under Mr. Groves, government engineers are still busily engaged in jetty construction and at the present time are making a rather extensive survey of the bar, evidently looking toward its further improvement, Mr. Groves declares. Rocking of the jetty is said to be about completed.

#### SPEAKING CAMPAIGN IS CUT

Former Australian Premier and British Army Officer Go to California. Confronted with a strenuous speaking campaign after expending much energy in the work of the national service sec tion of the Emergency Fleet corporation, the Honorable Crawford Vaughn, former Australian premier, and Sergeant Major C. H. Smith of the British army have agreed to a cancellation of the re-

built by the McEachern plant of Astoria. created by the Germans in their March The oddity of a huge redwood tree offensive with the Chateau-Thierry floating upright off the coast has been salient, created during the past two weeks' advance. Sunday's attack, launched by General von Huber, followed the same tactics which caused the Boches' preceeding of-

sensive efforts. They made an initial gain through a surprise attack. German infantrymen leaped to the assault in successive waves. Despite the Huns' efforts at secrecy spection of the government dredges Mult- and their use of gas, French artillery was able to maintain a counter preparation throughout the enemy bom-

bardment. The desperate efforts with which the indicative of their realization of the absolute necessity of ending the war be-

Owing to an extremely heavy concentration, the French were able to inflict terrible losses on the Germans from the moment the attack began.

### TOUL ARE INCREASED

By Frank J. Taylor

With the American Army in Lorraine, June 10 .- (U. P.) - American observers report continuation of the German concentration of troops opposite the Toul sector and farther east, opposite Nancy. Boche aviators and aircraft guns are increasingly active in attacking American observation balloons. Military men still hold the opinion that the Germans are not contemplating an

attack in these sectors, but more likely The Journal de Geneve, in a recent issue, announced that the Americans

miles) of front in Lorraine. According to prisoners, it is now necessary to take two of the present German divisions to make one of complete no difficulty in overrunning No Man's Land. The first two Hun trenches are almost deserted every night.

### AMERICAN SOLDIERS

By Bert Ford

With the American Army at the was the first day of comparative rest the Americans on the Marne front had had in nearly 10 days, beginning with the forced march to the scene of the world's great battle.

French troops to the right and left of the American sector struck at the Germans during the night and captured some prisoners. There were a few minor skirmishes between our men and the enemy.

German artillery has been active. dropping many high explosive shells in our line. There was also a lively exchange with automatics. An American officer, speaking of the movement of our men, said:

"Never in the history of the United States army has there been a more masterly achievement than the transfer of our units to a position to buck the Germans on short notice. The endurance shown by our men was marvelous. Without rest or sleep and with but scant food they fought with spirit and skill which made all of their officers swell with pride."

Every American unit that helped stop the German rush in the second battle of the Marne is to be decorated by the French, according to authentic reports. The French military authorities bestowed the highest praise upon

#### "TELL MOTHER" FIRST REQUEST OF WOUNDED

By Fred S. Ferguson With the American Armies on the Marne, June 10 .- (U. P.) -The spirit of the mothers of America hangs over the Marne as the marines-machine gunners, infantrymen and artillerymenfight to save Paris and turn the tide in the most critical moment of the war. It is of the mothers the men in the line are thinking. It is to the mothers that messages from the wounded are being sent. The chaplain leans over the incoming stretchers are asks the soldier if he wants a message sent. The first words of the reply almost always are, "Tell mother." One boy who was seriously wounded

"I've been sort of a wanderer for Diego, Cal. and San Francisco, and a for the last six years. I guess the folks total of 42 new concrete ships have been thought I was good for nothing. But now I wish you would write mother for me and tell her I made good." Hats Shot Full of Holes

> Thoughts of what their mothers would have them do have buoyed them up in the hospitals, as these same thoughts have made them the terrors of the The marines have made all their

tacks with full packs, weighing 30

pounds. These packs were shot clean off the backs of some, with the bearer scaping entirely or with only a slight flesh wound. A sergeant from New York had chin strap of his tin hat shot off and he only received a slight cut on the face. I saw marvels in tinhats among the men who participated in these fights. Some of them had been pierced by machine

gun bullets without the wearer being

touched. Others had their rims fairly

ripped off and their crowns dented like

eggshells. In most cases the wearers got only slight scalp wounds, if anything, Huns Attempt Trickery

The similarity in color between the marine and the Boche uniform is giving the enemy an opportunity for trickery Mass.

They evidently had been in some sort of an argument. for despite the fact that they were The present attack was for the purpose all badly wounded, one of the marines Steel company and the Pelican was of linking up the Montdidier salient invited the Hun to "hop out and fight." The interference of the attendants was not required to keep the Boche from accepting.

Owing to the constant fighting, fev officers or men, either in the line or out, know the day of the week or the date. Many bets are made on

American Line Heavily Shelled By Henry G. Wales

With the American Army on the Picardy Front, June 9, 7 p. m.—(I. N. S.) -Although German artillery preparation preceding the recommencement of Germans launched their new assault is the offensive extended to the northwest of Montdidier, where Americans are located, the infantry attacks were concentrated to the eastward on the Kossiuth, Montdidier-Noyon line.

Americans in the Cantigny sector were violently bombarded with gas shells, by high explosives and shrapnel. The enemy used trench mortars extensively as usual, but the Americans escaped the fierce hand-to-hand fighting that was experienced farther east-

ward on the line. The latest German blow was evidently aimed to eliminate the French salient in the Oise river region, rectify Ill. positions and shorten the front between Montdidier and Chateau-Thierry.

a frontal attack in the Cantigny

The enemy employed the same intense bombardment with trench mortars as marked the preceding three drives, to make more effective their infantry attacks, but at the same time they employed countless machine gun squads for infiltrating the allied positions in an effort to enfilade the flanks.

Fillman, St. Louis, Mo. Gunner Sergeant Elmore Butler of the Fifth regiment of marines, previously reported missing in action, is now reported by international Red Cross as a prisoner in Germany. Preliminary shelling was carried out chiefly with gas shells, the deadly fumes drenching the forefield positions and rendering them difficult to

Capture of Americans Claimed London, June 10 .- (U. P.)-Referring to their new attack, the German war office announced that "west of the Oise we have captured the height of Gury and adjoining enemy lines." Gury is two miles north of Mareuilla-Motte and Counter.

represents an advance of only a mile. Regarding the American successes northwest of Chateau-Thierry, Berlin said: "Americans who attempted again Marne, June 9, 8 p. m.—(I. N. S.)—This to attack northwest of Chateau-Thierry were driven back beyond their positions of departure with heavy losses and prisoners were taken."

> Decisive Check Given Germans Paris, June 10 .- (I. N. S.) -The Germans have received a decisive check, writes Henri Bigou, famous war ex-pert. The slight German advance, he added, would not compensate for the enormous German losses.
