

NO TELEGRAPHERS' STRIKE, PREDICTION

White House Authority for Statement There Will Be No Walkout of Keymen.

Washington, June 10.—(I. N. S.)—There will be no telegraphers' strike. This statement was emphatically made in circles close to the White House today.

Officials responsible for the statement refused to elaborate it in any way. They spoke with the greatest confidence, however, and it was supposed the president has determined upon a plan which he is sure will bring the telegraph companies and their employees together. The details were not available, but it is believed that the presidents of the companies and the president of the telegraphers' union, S. J. Konenkamp, will be called to a joint conference with the president at the White House in the very near future.

It is probable that President Wilson will request former President Taft and Frank P. Walsh, joint chairmen of the national war labor board, to confer with him at the White House, that the president may learn the history of the telegraphers' union, S. J. Konenkamp, will be called to a joint conference with the president at the White House in the very near future.

The board leaves today for Chicago, where several hearings will be held on minor labor disputes in the Middle West. Hearing of the telegraphers' case will also be continued when the Postal Telegraph company will be called in joint session with the employees.

The board announced the appointment of Raymond E. Swing as an examiner. Mr. Swing was formerly war correspondent for the Chicago Daily News and has spent three years on the European battle front. He will make an extensive report of the Birmingham Coal and Ironworkers' controversy, now before the board.

Konenkamp Not Informed

Chicago, June 10.—(I. N. S.)—S. J. Konenkamp, president of the Commercial Telegraphers' union, when told the news from Washington, indicating that no strike would occur, said today that he had heard from government officials to date nor had he any reason to believe the strike possibility is past.

Meanwhile, Wesley Russell, former international secretary-treasurer of the union, arrived here from New York to attend the conference of railroad telegraphers Tuesday, which is expected to determine what action they will take in case the commercial men go out.

Non-Commissioned Officers Wanted

White applicants are desired for non-commissioned officers in the stevedore regiments of the quartermaster corps, national army, according to communication received from Washington by Colonel George S. Young of the local army recruiting station. The applicants must be suitably qualified and present certificates from officers connected with the stevedore organizations. The stevedore regiments are located at Newport News, Va.

Marine Recruiting Has Lively Opening

Nearly Score of Applications Received on First Day of Marine Week; Educational Campaign to Be Beneficial.

"Enlistment started out lively this morning," said Lieutenant H. E. Potter of the local marine corps recruiting station in the Panama building. "We have had nearly a score of applications so far."

Lieutenant Potter expects the special week of marine recruiting will not only bring a large number of enlistments, but will be of great educational value to the public in general whose notions of the marines are hazy. The film, "The Unbeliever," the numerous talks to be given throughout the week by Corporal Fred K. Hollister and the success which the marines are now meeting in France, will all have their part in swelling the number of recruits, Lieutenant Potter believes.

Two-Day Term in Jail Given Speeder

S. Joseph was fined \$25 and given two days in jail by Municipal Judge Rossmann this morning because he drove his automobile 37 miles an hour along the Linnton road Sunday from the rock quarry to Deadman's curve. He passed nine automobiles and one motorcycle during the history of the race and one automobile completely off the road. He was finally overtaken by Motorcycle Officer Horack in plain clothes and upon being halted offered to put up a fight, advancing toward the officer in a threatening attitude. When the officer displayed his star, Joseph submitted to arrest at once.

Viewed Eclipse From Motorcycle

Had there been no eclipse Saturday, Jack Caverto might not have been in court this morning and fined \$10. As it was, Caverto thought he could ride his motorcycle down Union avenue and watch the eclipse over his shoulder at the same time. For one whole block and past a blind corner he rode without shifting his gaze from the phenomenon in the heavens. Then he was overtaken by a motorcycle policeman, who said such riding endangered public traffic. Caverto's youth won him the court's leniency.

Interfered With Fire Truck; Fined

W. R. Dentey was fined \$20 in municipal court this morning for refusing to give right of way to the fire engine on their way Sunday afternoon to the Northwest Box company fire. He was caught in front of a fire engine on Clinton avenue and although the engine blew its siren Dentey only speeded up to 28 miles an hour and stuck to the pavement and the engine was unable to run around him. Officer O'Halloran made the arrest.

Stimson Named to Succeed J. H. Bloedel

Washington, June 10.—(WASHINGTON BUREAU OF THE JOURNAL)—C. W. Stimson of Seattle has been appointed on the fit production committee to succeed J. H. Bloedel, resigned. H. B. VanDuser of Portland, Or., was named chairman.

BIRTH RECORDS ARE BROUGHT IN COURT IN THE FALING CASE

Dr. Smith Presents Birth Record Showing His Mother to Be Sister of Mrs. Faling's Mother.

That Xarifa Jane Faling was the daughter of Charles and Mary Elizabeth Barrett was shown in County Judge Tazwell's court this morning by the introduction of certain birth records and the testimony of Mrs. Eliza Jane Morris. Mrs. Morris appeared on the witness stand on behalf of Dr. W. Tyler Smith of Sheridan, who is contesting Mrs. Faling's will, in which she left the bulk of her \$600,000 estate to Thomas N. Strong and C. Lewis Mead.

Dr. Smith is Mrs. Faling's cousin, according to a certified copy of a certificate of his birth showing that he was born in Middlesex, England, September 19, 1858, and other records showing that his mother was a sister of Mary Elizabeth Barrett.

Mrs. Morris testified that she knew the Barretts intimately and that she knew that Xarifa was their daughter, they having told her so repeatedly. She testified also that the daughter's dislike for her mother was very pronounced.

A certified copy of the birth record of Xarifa Barrett was introduced, showing that she was born to the Barretts at the Angel Hotel, Cross street, Aberystwyth, Monmouthshire, August 16, 1839. This fact has been disputed. It was alleged that Mrs. Faling had told a number of people she was not the daughter of the Barretts, but was a waif picked up on the streets of New York by the Barretts on their way from England.

CITY'S WAR GARDEN WATCHED

Crop, if Project Is Successful, Will Pay Italians for Plot Destroyed.

City fathers are keeping a watchful eye on the "war potato patch" in Mount Tabor park. It is a substitute garden for the one destroyed by park workmen in clearing the ground for the Marquam gulch recreation place. The garden was owned by Italians. The city administration planted the substitute garden to make amends. If the Mount Tabor garden is a success the debt the city owes will be paid in potatoes. If it fails the city will reimburse the Italians with cash. Owing to the lateness of the season and the prolonged dry spell the city is taking "gamblers' chance" on getting off without a cash payment.

PLAYGROUND CASE STARTED

The first of the large number of cases to condemn land in the Marquam gulch for a city playground was begun before a jury in Circuit Judge Campbell's court this morning.

The case in hand is that against the property of Camilla and Mary Clmoni, consisting of one lot and three houses. The owners demand \$7500 for their property. The city has placed a valuation of \$1500 on the property and has offered them that sum.

The jury selected to decide the matter was taken to view the premises.

Fred C. Engle Sentenced

Fred C. Engle, convicted by a jury Saturday on a charge of having committed a statutory offense against his 13-year-old foster sister, was sentenced to an indeterminate term of from 5 to 10 years in the penitentiary by Circuit Judge Gantenbein this morning.

Nearly 50,000 Men At Camp Lewis Now

Camp Lewis, Wash., June 10.—(I. N. S.)—The weekly health report issued Sunday shows 39 cases of influenza, 31 of mumps, 25 of German measles, 3 of measles, 8 of scarlet fever, 3 of cerebro spinal meningitis, two each of lobar and broncho-pneumonia and one of chicken pox.

There were five deaths during the week. The total number of men at camp is 48,955.

FARMERS TO SET 1918 WAGE SCALE

Meeting to Be Held in Pendleton Today to Decide on Uniform Harvest Scale.

Pendleton, Or., June 10.—One of the most important matters for the consideration of the farmers of the Northwest is to be acted upon at a meeting to be held in Pendleton today. Representatives of all the counties of Eastern Oregon and Eastern Washington are expected to meet here to determine the wage scale to be adopted for the harvest season.

The adoption of a uniform wage scale for farm labor during the haying and harvest season is looked on as a necessity to keep the workers satisfied and to prevent too much shifting of labor. The scarcity of farm help has been heralded far and wide and in many cases over estimated. The idea has spread among farm laborers that farmers will accept them at their own terms, but present indications are that they will be ample help to take care of the crops. The farmers will endeavor to agree upon a scale of wages that will be fair to labor and satisfactory to both the laborer and employer. What this will be, of course, is impossible to say, but as a key for what may be adopted the scale adopted by the Walla Walla county council has been cited—common labor, haying \$3 a day, and for harvest \$4. It is said in some communities higher wages have been paid for haying.

Camp Lewis Needs Carrier Pigeons

Camp Lewis, Wash., June 10.—(I. N. S.)—The pigeon section of the signal corps is in need of birds for carrier work. Major Charles L. Wyman, division signal officer, has announced. No special breed is asked as the common every day pigeon of the streets has the homing instinct as well developed as those of pedigreed ancestry. Those who have birds that spare are asked to notify Major Wyman.

North Bend Shingle Mill Burned Down

North Bend, Or., June 10.—The plant of the North Bend Shingle mill was entirely destroyed by fire Sunday. The origin of the blaze is unknown. Fanned by the high wind, the flames wiped out the whole factory. The loss is \$10,000. No insurance was carried on the mill, which had been doing a good business. It was managed by James Allen, who, with J. Simpson, owned it.

Here and There Around the Store

EASTMAN KODAKS \$1.00 to \$25

—Live over your good times. It can be done time and time again if you have had a good kodak with you on your vacation or outing trip. Provide yourself with one for your future enjoyment.

—6th Floor, Lipman, Wolfe & Co.

FANCY BATHING CAPS 25c, 49c and 50c

—All the little mermaids are going to wear bright colored bathing caps this summer. When you leap from the spring board your ears will not get full of water, nor your hair wet if you have one of the tight fitting kind. New fancy decorated caps in several styles are right for all bathing purposes.

—Main Floor, Lipman, Wolfe & Co.

BATHING SUIT BAGS 35c to \$1.00

—Of course, you don't want to forget that you have to have a bag to carry your bathing suit in when you go out on the river or to the beach. Some dandy ones here.

—Main Floor, Lipman, Wolfe & Co.

WATER WINGS AT 35c

—If you haven't mastered the art of swimming yet, make it "safety first" and get a pair of these water wings to help you.

—Main and Fourth Floors, Lipman, Wolfe & Co.

THE DUPLEX FOLDING PAIL \$2.75

—How many times have you been out on a trip in your car and wished to goodness you had a pail to carry water, either for your radiator or for drinking purposes? Here is one that will answer any purpose, and is exceptionally good for camping. This is the only collapsible pail that you can throw water with or set down without losing contents. Made of heavy canvas, waterproofed. Occupies less space when folded than any other.

—Main Floor, Lipman, Wolfe & Co.

DUPLEX FOLDING WASH BASIN \$2.75

—Here is another valuable accessory for the motorist or camper. These can be carried in a very small space and are light and durable. Made of canvas, thoroughly waterproofed, they can be used anywhere and in any climate. Sportsmen, tourists and yachtsmen or soldiers and sailors will find them invaluable.

—Main Floor, Lipman, Wolfe & Co.

WESTINGHOUSE ELEC. IRONS \$3.50

—No home or apartment is complete without one of these. Your clothes won't look right if they are not kept pressed and you can't take out time every day or so to send your wearing apparel to the presser down town. This iron is built for service and is fully guaranteed. Complete with cord and stand.

—Electric Corner, Main Floor, Lipman, Wolfe & Co.

SUMMER NET CORSETS \$1.50

—You really can't get along without one of these for summer. Medium bust, long hip and back—without bone over the hip—embroidery finished at top. Two pairs of supporters attached. Made of heavy net. Sizes 21 to 30.

—Fourth Floor, Lipman, Wolfe & Co.

Old King Cotton Thinks He Was Mighty Clever to Find These

Five New Styles in APRONS At the OLD LOW PRICES

—And you will agree with him when you see what neat and pretty styles and what good materials there are!
