Emergency Fleet corporation, has wired The secretary visited, among others, to shipping board headquarters that 12 the following cities and inspected grain vessels have already been promised in elevators: New Orleans, Galveston, Omaha, Kansas City, Chicago, Buffalo, July launching in Oregon. In addition, Montreal, Portland, Me., Boston, New the Northwest Steel company will York, Philadelphia and Baltimore. Portland Plans Are Praised

Having carefully examined at least 25 of the most modern elevators in the United States, including those which have handled the greater portion of western wheat, Mr. Randall declares that he has returned with many ideas whereby costs of handling can be reduced, not only over the original local intention but over the costs in vogue of elsewhere.

That the Portland elevator will the most modern in the United States, considering the work it has to do, is the statement of Mr. Randall. He pays tribute to those who were concerned with his important travels by saying that every courtesy was shown nim and a general effort was made to furnish him with all possible information. THIN PEOPLE SHOULD TAKE **PHOSPHATE**

Nothing Like Plain Bitro-Phosphate to Put on Firm, Henithy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due

to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is noth-ing that will supply this deficiency so well as the organic phosphate known aniong druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of pertect

CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh growing properties, be used by anyone who does not desire to put on (Adv.)

600D DIGESTION A JOY

Good digestion is not appreciated until you lose it. Then you cannot afford to experiment on remedies. Strong medicines are hard on weak stomachs. To be able to eat what you want and to digest it is a priceless blessing. If you have lost it do not be deceived by the claims of predigested foods and stomach tonics, so-called.

There is no tonic for the stomach that is not a tonic for every other part of the body. As the blood goes everywhere, an improvement in its condition quickly results in strengthening weak organs. Rich, red blood is absolutely necessary to digestion. If your stomach is weak and you are troubled with gas, sour risings in the throat, a feeling of pressure about the heart and palpitation, try the tonic treatment with Dr. Williams' Pink Pills.

So many dyspeptics have been helped by this simple treatment that every sufferer from indigestion should try it.

The Dr. Williams Medicine Co.,
Schenectady, N. Y., has issued a free
book "What to Eat and How to Eat" that should be in every home. It gives just the information that you want regarding your diet. The company will mail Dr. Williams' Pink Pills, postpaid, at 50c per box or your own druggist can supply you. Do not pay more.
