Rev. Dr. Charles Eaton Says It Is Priceless Privilege to Be Associated With Great Industry.

MEN AS WHOLE PATRIOTIC

Shipbuilders Declared to Be Actuated by Passionate Devotion to Winning the War.

It is a priceless privilege to be assoclated with the greatest industry in the world, even from a minister's point largest of American churches pale into insignificance in comparison with the unless you and I and the rest of us who work that can be done in the shipyards of the United States.

This sentiment was expressed in Port-land by Dr. Charles Eaton, head of triumph and the world will be broken the national service section of the to the dust and the time of the clock Emergency Fleet corporation, who was will be put back to the very beginning. one of the three leading members of We must beat the Germans, and we the Charles M. Schwab party that spent must do it with the help of God." three days in this city. Dr. Eaton, known to many Portland workmen and others by reason of a visit here some months ago, is probably personally known to more shipyard workmen than any other man in the Fleet corporation presuization. He has been heard in many Oregon shippards and his businesslike style of "preaching with a punch" has been brought into the disfrict by some of the speakers he has appointed. Always ready to recall a speaker who does not adapt himself to shipyard platforms, it has become an axiom that Dr. Eaton's appointees will bring an address well worth hear-

Actuated by Patriotism
"The men who are building these ships are the backbone of the world's passed by the city of Portland relative

Bred for 10 years in Spokane, Wash., sary on account of danger to interests er Bay Point, and Patrick Kelly gives where he was salesman for the Imperial of industrial plants along the water- way to J. B. Ryan as master of the Trading company of that city.

"I tell you what," he continued, "I have gone through all stages of rheumatism, and the agonies I have had to endure simply connot be described. The trouble first came on me about 20 years ago. My shoulders, knees and ankles gave me the most worry and ached so at times that I hardly had any use for myself. About three years ago it got so bad that I was laid up in bed for six long months, and when I got up again I had to go about on crutches for three months, and till recently I never did get it out of my system, although I have spent hundreds of dollars in trying to get straightmed out. I went to Hot Springs, Arkansas, but without results, and then I tried the mud baths nearer home, but got no benefit! from that treatment ofther. A little while ago I felt it coming on pretty bad again. My appetite left me, nothing tasted right, I was constipated and suffered from awful headachs every few days. The pain in my shoulders and knees was so agonising that I could hardly sleep and I would wake up six or seven times during the night racked with pain. Why, at the time I started taking Tanlac, couldn't raise my arms as high as my shoulders to save my life and was nable to put on my coat without somebody helping me, and my knees were

WOMEN HELPLESS so stiff and hurt so bad that I could hardly walk. "After reading so much about Tanlac L'decided to try it and I hadn't finished my first bottle before the stiffness began to leave my joints, and now I never suffer at bit of pain or inconvenience. My second bottle gave me a whacking big appetite, that constipation is relieved

and I never have a headache. I sleep like a log all night, and am lucky if I wake up in time for breakfast before going to work. I certainly am glad to endorse Tanlac and only hope my experience with this wonderful medicine will help someone else who may be going through what I did." Tanlac is sold in Portland by the Owl Drug company,

SHOULD TAKE **PHOSPHATE**

Nothing Like Plain Bitro-Prosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and irratments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly teel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitrophosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary prosphoric food elements, bitraphosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

increase in weight frequently being astonishing.

This increase in weight also carries
with it a general improvement in the
nealth. Nervousness, sleeplessness and
lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale
cheeks glow with the bloom of perfect
health. health.

CAUTION—Although bit:o-phosphate
is unsurpassed for relieving nervousness,
sleeplessness and general weakness, it
should not, owing to its remarkable flesh-

growing properties, be used by anyone who does not desire to put on flesh.(Ad.)

and is being presented this season.
