Saturday, July 20
Midsummer military ball at The Auditorium. Cards and dancing. Large orchestra. One dance floor reserved for enlisted men. Proceeds for draft dinner fund. Eight-thirty o'clock.
Wedding of Dean Vincent and Miss Gertrude Ruth Cowgill, St. Davida Episcopal church, 8:30 o'clock.

Two Events of Importance Scheduled

Cowgill-Vincent Wedding, and Patriotic Ball Are Week-End Events.

By Nona Lawler

TWO events of especial note are scheduled for the close of this week, the mid-summer patriotic ball at The Auditorium Saturday evening to be given for the entertainment fund for departing soldiers and the marriage of Dean Vincent and Miss Gertrude Ruth Cowgill.

For the dance the interest of the city at large has been enlisted as the character and success of the big luncheon and dinners which have been given in farewell to men of the selective draft are a matter of civic pride. That they shall be successful in the future largely depends upon the efforts of a group of energetic women who are giving this dance Saturday evening to finance them. More than 2000 meals have been served so far and men entering the service have left their home city with a feeling that the people for whom they are fighting have a real and whole hearted interest in them.

There will be several more banquets arranged for the next call of men and it is hoped that the funds realized Saturday evening will provide a sum sufficient to cover the expenses. The ball will also be most entertaining for old and young. Dancing will be arranged in the wings of The Auditorium with the big orchestra on the stage. One floor will be reserved exclusively for enlisted men and their dancing partners and a large contingent of officers and soldiers from Vancouver will be among the guests. Colonel and Mrs. Van Way with Mayor and Mrs. Baker and a number of prominent local society women will form the receiving line.

The wedding of Miss Cowgill and Mr. Vincent will be solemnized at St. Davida Episcopal church at 8:30 o'clock Saturday evening.

Excursion Tonight

Of interest this evening is the entertainment of the O. W. R. & N. Employees' club, which will be a moonlight excursion and dancing party on the floating pavilion. The steamer will leave the dock at the foot of Jefferson street at 8:30 p. m., returning at 11:30.

Under the navigation laws, the number of persons who can participate is limited to 500. As this organization's affairs usually call forth double this number, a capacity crowd is expected. The committee in charge includes: George F. Koch, chairman; Edith Alton, Minna Cameron, Mrs. Theresa C. Dupue, Audra Gentry, Edna Hepp, Frances Howard, Mrs. W. M. Jones, Mrs. N. W. Kinard, Amy Krum, O. M. Landry, Bertha Morris, Mrs. R. L. Neal, Bessie Ritchie, Bertha Rowland, Ruth Smith, Grace Stanton, Clara Zalk, M. H. Bottler, B. B. Curran, George Cromble, L. W. Hobbs, Charles Hordelt, George L. Jones, T. F. Keenan, C. B. Knight, John Magers, E. F. Smith Jr.

Miss Bauer to Lecture

For the war fund teas being given each Tuesday and Friday at "On the Hill" tea garden on Kings Heights, the short talks on various subjects of the hour which have been arranged have proven an enjoyable feature. This afternoon Mrs. E. L. Harmon and her daughter, Mrs. Truitt Hughes, who are in charge of the teas, have secured Miss Marian Bauer, pianist-composer, and she will give a short talk on "The Modern Trend of Art in Music and Its Relation to the War." Tea will be served from 4 until 5 o'clock and all are invited to attend. Miss Bauer will speak at 4:30 o'clock.

Berkeley, Cal. Visitors

Mr. and Mrs. George Hoover of Berkeley, Cal., are the house guests of Mr. and Mrs. Thomas J. Mullin at their home in Irvington. Many delightful informal affairs have been arranged for the visitors, including motor trips to Astoria, Tuesday evening Mr. and Mrs. Mullin

MRS. ALICE M. McNAUGHT, who was recently reelected president of the Progressive Woman's league, is the originator of the plan to collect leather post cards to be used in making aviators' jackets.

gave a small informal dinner in their honor.

Utah Visitor

Mrs. G. W. Kellogg, with her little son, Scott, of Ogden, Utah, are visiting her parents, Mr. and Mrs. W. A. Cowlen, at their home in Rose City park, 539 East Fifty-fourth street North.

Laurelhurst Club Notes

This evening the members of the Laurelhurst club will hold their regular bi-weekly dancing party at Cotillion hall for members only.

Society Personals

Mrs. Russell Hawkins is here from Idaville, Or., for a short visit and is stopping at the Hotel Portland.
Mrs. George M. Weister left this morning for her summer home, the clubhouse, at Manzanita beach, where each season scores of congenial people spend their vacations enjoying the combined ocean and forest attractions.

Major and Mrs. J. D. Reardon of Vancouver Barracks and Mrs. L. B. Wilson of Georgia are spending some time at the Hotel Portland.

Judge and Mrs. W. W. McCredie and Mrs. Higgins left Thursday by auto for the McCredie Hot Mineral springs for a month's outing. They will visit friends at Albany on the way in.

HOUSEHOLD HINTS

Figures giving the food supplies of the world tell us that in 1918 America will more and more be called on to share with a hungry world what she can spare from her own board. This can be done by substituting other foods not needed for shipping. Sometimes it is hard to think of that substitute. Why not prepare a list to hang on the kitchen cabinet to be used for ready reference when in doubt. Let the list below grow with your experience.

Meat Substitutes—Poultry, bean loaf, rabbit, nut loaf, fish, bean soup, eggs,

Borden's EAGLE BRAND

WHEN BABY TRAVELS—don't change his milk

The baby nourished on Eagle Brand can be safely taken on summer journeys. When Eagle Brand is his regular food, there is no question of the slightest change in his diet—no danger of hot-weather milk contamination.

For wherever you go, at whatever season, Borden's Eagle Brand is always obtainable and always of uniform purity. If Nature's own food is insufficient, use Eagle Brand. Even in midsummer's heat the baby will retain it and digest it easily. It is pure, wholesome and economical, with a 60-year record of successful baby-nourishing.

At better groceries; drug stores too.

Kanning Kitchen Makes Report On Work

Fruit Is Gathered and Put Into Jars for Use of Boys Over There.

By Vella Winner

FOLLOWING is the report of the activities of the Kanning Kitchen of the National League for Woman's Service for Tuesday and Wednesday of this week:

July 17—Workers, woman's club: Lieutenant Mrs. G. W. Hosland, 902 Castle; assistant lieutenant, Mrs. C. L. Claussen, 814 Overlook boulevard; assistant, Lenore Makelino, 1100 East Everett; Mrs. G. B. McLeod; Mrs. Sarah McLeod; Mrs. A. G. Dayton; Mrs. W. L. Hubbard, 720 Johnson; Mrs. H. L. Torrence, 420 East Simpson; Mrs. D. R. Norton, 411 East Twenty-fourth north; Mrs. Cora Puffer.

Delta Gamma, Mrs. W. G. Keller, Mrs. R. E. Giger, Charlotte Reed, Mrs. L. J. Whitaker, Edna Young.
Donations—Mr. Deraux, 1160 Milwaukee, cherries; F. W. Parks, 635 East Ankeny, cherries; Mrs. Dorcas, 521 Patton road, cherries; A. L. VanTassel, 16 East Thirteenth street, cherries; Rufus Mallory Place, Thirty-ninth and Harrison, cherries; Mrs. Woodbury, 988 Twenty-eighth street, cherries; W. W. Thurtwell, 122 East Eighty-third; Mrs. Jasper, Twenty-sixth street, one box rhubarb; Miss Vivian Flexner, 1221 Yeon building, one sack sugar.

Work Done—133 quarts, 1 pint.
July 16—Workers, Kappa Alpha Theta and Cooperative League—Lieutenant, Mrs. C. A. Ward, 699 East Davis; Leo Ward, 699 East Davis; Mrs. C. S. Campbell, 660 East Fourteenth street north; Mrs. E. E. Whitmore, 495 East Twenty-fifth street; Mrs. W. H. Thomas, 543 East Sixteenth street north; Donna Spencer, 788 Irving; Phyllis King, 485 Multnomah; Mrs. G. R. McKern, 708 East Taylor; Hazel Stitt, 160 East Forty-eighth street north; May Newell, 499 Lexington avenue; Margaret Montague, 521 North Thirty-second; Mrs. George Sears, 870 Alameda; Lora Henderson, 285 Lee.

Pickers—Annette Hardwinger, May apartments; Enid Newton, 267 Elverson; Mrs. Anna C. Sherr, 1105 East Morrison.
Donations—Mrs. C. J. Patton, 115 2 1/2-gallon jars; 2 pints filled with tomatoes; 1 quart filled with peaches; 1 quart filled with cherries; E. E. O'Gillivie, Oak Grove, Or., 2 baskets cherries; Mrs. George E. Bradford, 45 North Fifth street; 65 empty quart jars; Mrs. C. G. Tipton, 719 East Main, 5 dozen jelly glasses; Mrs. Rachel Howard, 528 Oswego street, basket cherries; picked.

Word Done—133 quarts cherries, 10 1/2 quarts juice.

The National League for Woman's Service and the men in training at the Benson Polytechnic combined to celebrate the great victory of the allies in a truly practical and patriotic manner.

Cherries for their picking had been donated to the league for its Kanning Kitchen in several orchards, and 18 machines were secured through the league's motor squad, and in these 55 of the men in training were transported to the scene of action, picking all the way from Portland to St. John, and the evening's work resulted in 20 apple boxes filled with luscious cherries, which are today being canned by the patriotic women of the city, to be used in the military hospitals next winter.

To date 5000 cans of fruit have been put up for this splendid cause. The kitchen received a fine donation Thursday in the form of 1000 cans from the American Canning company.

Saturday morning volunteer pickers are asked to come to the kitchen, corner Hawthorne and Grand avenues, at 8:30, and Cedar Mills, on the Suck place, Cornell road, to pick cherries.

On Monday there will be a picking of 1400 pounds of cherries at Oswego, and pickers and machines are solicited for this work. A machine load of men from the Benson school will pick cherries for the league on J. R. Duncan's ranch at Gresham on Sunday, and Mrs. Duncan has promised a chicken dinner.

Another machine load will pick in an orchard at Latourel Falls.

Mothers of babies and young children will be interested to know that Saturday at 2:30 at Liberty Temple Mrs. H. K. Davis of the department of agriculture, Washington, D. C., who is giving a series of lectures in Oregon under the general supervision of the Oregon Agricultural college, will speak on the food value of milk with special reference to the utilization of skim milk and the various ways of using cottage cheese in the preparation of appetizing and nutritious dishes. This lecture is the last one of the series which have been given in connection with the food administration's demonstration of the proper feeding of babies and young children. Dr. Allen P. Noyes was the speaker Thursday and Dr. W. G. Patrick is speaking this afternoon at 2 o'clock.

The colored women throughout the country are rising nobly to their country's call and in every way possible are doing what they can to aid in the great cause of freedom. The greatest recognition of their ability has come from the Y. W. C. A. and one woman has already sailed for overseas work under this organization.

The National Association of Colored Women representing 40,000 women of the creative and executive class, has stood in the fore of war activities among the women of that race. A small club in Sioux City, Iowa, made 50 suits of pajamas for the Red Cross as long as they were needed. In all the cities near the cantonments the colored women help take care of the soldiers. The Tuskegee Woman's club, with other clubs of that section, has been a great blessing to the boys in khaki in the Southeast. Two hundred and fifty women in Washington, D. C., under the leadership of Dr. Whipple and Dr. Gray, also women, have become affiliated with the war camp community service and are helping to care for the boys at Camp Meade.

Physical and industrial fitness are being taught in lectures and classes in the various clubs and social centers of the larger cities. Lectures in the preparation of food according to conservation rules are featured and cooking contests with prizes have aroused much interest. The Y. W. C. A. out of its \$4,000,000 budget has appropriated \$200,000 to war work among colored women, its program pledging for them better housing, protection, improved social conditions and better facilities for recreation.

At Camp Upton a hostess house for colored women was recently opened. A most pathetic group is the 3000 graduate nurses of color, mobilized under their president, Mrs. Adah B. Thomas, superintendent of Lincoln hospital, New York City. At the very beginning of the war they offered their services to the Red Cross and they have continued to offer them, and have been refused as often.

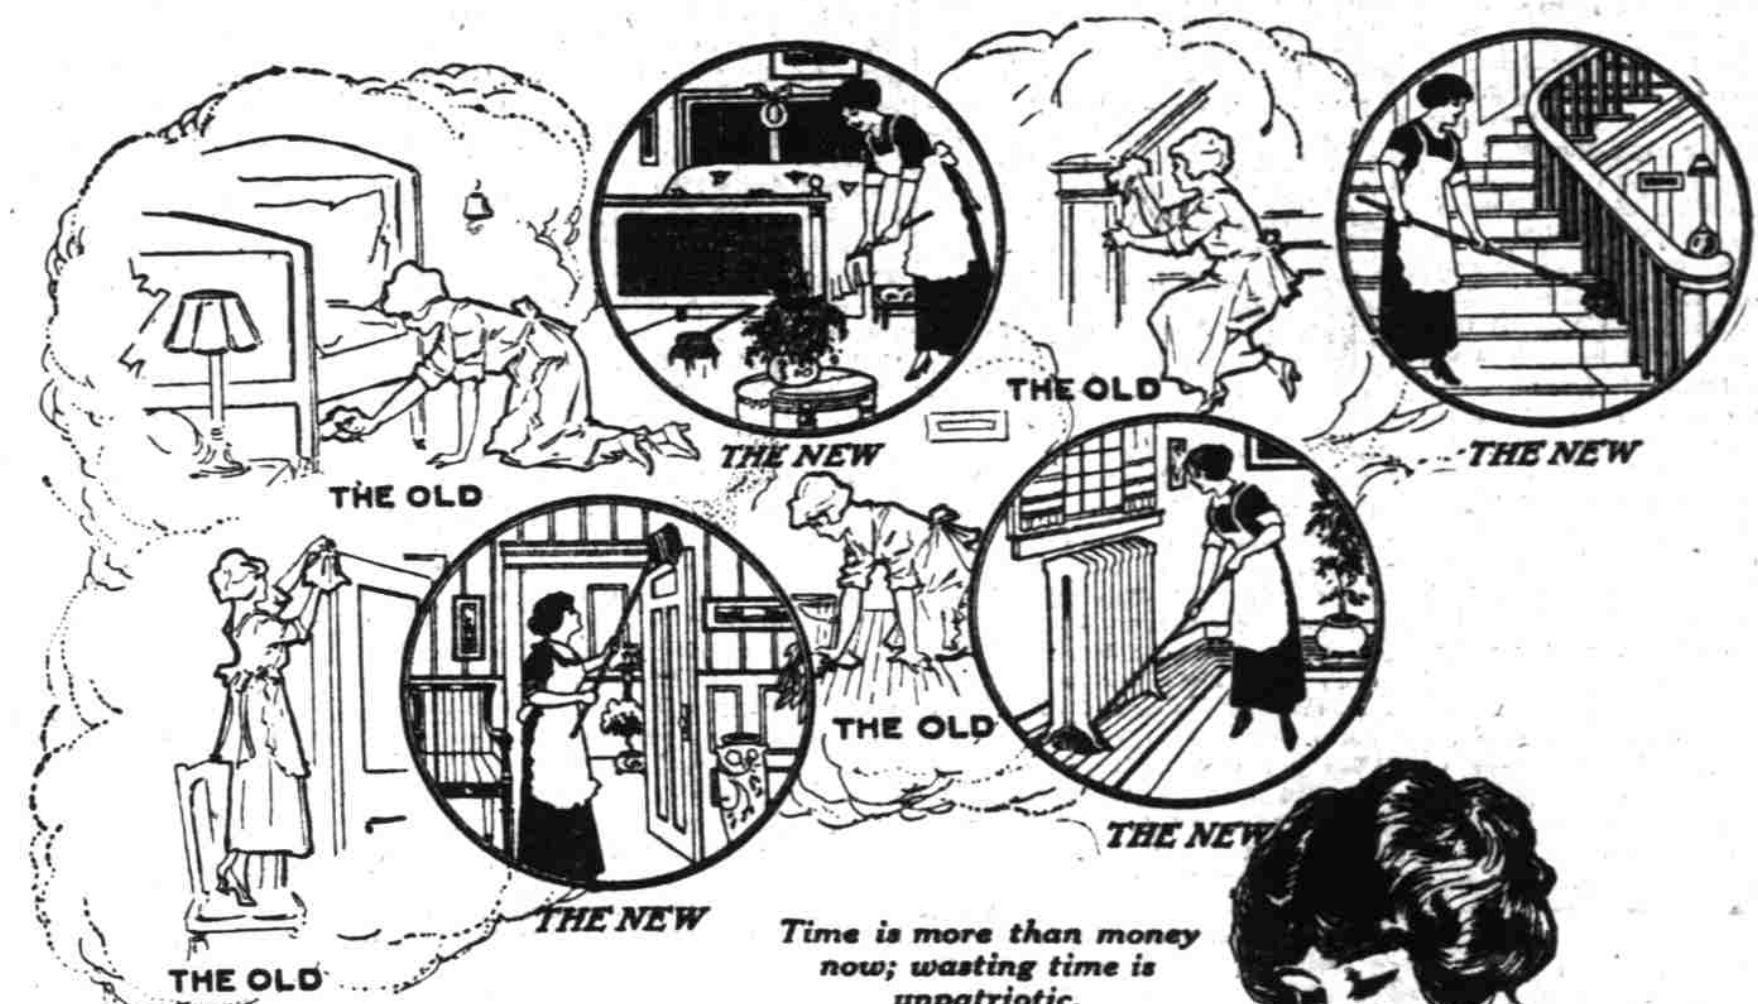

LOCAL WAR WORK

Fifty-one hostess houses have been opened in the United States and three in France within the year by the war work council of the national board of the Young Women's Christian association. Besides these completed houses there are at the present time in this country 29 buildings in the process of erection.

Mrs. Josephus Daniels, chairman of the Quantico and Camp Humphreys hostess house committee, recently took Miss Gertrude Mayo, supervisor of construction, Miss Katherine Budd, architect of the national board, and Miss Katharine Vedder, supervisor of hostess houses of the South Atlantic field, to Quantico and Camp Humphreys, where they placed contracts for the new hostess houses to be erected in those camps. The houses will be ready for full service September 1.

Girls are making themselves useful in airplane production, according to the section on industrial training for war emergency of the Council of National Defense. Referring to the training department of a big manufacturing plant.

Training and experience in modern nursing is one of the most valuable gifts you can make to your nation. All possessed of this skill must make it directly available either in military hospitals or in home defense nursing. When 32,000 nurses have been withdrawn for service in military hospitals, all of the remaining nursing resources must be mobilized. Enroll in the Red Cross for assignment to the military forces or for community service, which is the second line of defense.

In these days of conservation of time and work old ways must give way to new ways.

It is a positive waste to put up with the old, time consuming, back breaking methods of dusting, cleaning and polishing woodwork and floors. It is a waste of money, too.

There is an easier way. A quicker way. And a better and far more economical way. The saving you make in brooms alone will pay for the cost of the new way.

Study the contrasts shown in the pictures above. They tell the story. Banish the old way. Adopt the new.

O-Cedar Mop Polish Mop

brings the new way—the quick—the easy—the better—the economical—the pleasant way of dusting, cleaning and polishing all woodwork and floors in your home. It does all these things at one time. It makes it easy to clean those hard-to-get-at places. It gives floors a high, lasting polish as you dust them.

Try the O-Cedar Polish Mop (Battleship Model) at our risk. Simply deposit the price with your dealer. He will deliver the mop to you. Test it for three days, if at the end of that time, you are not delighted with the work it does and the work it saves, your money will be returned without a question.

Lectures on War Are Proving Popular

Students Much Interested in Series Conducted by Dr. Powers of Boston.

THE series of lectures on the world war which are being given at the Lincoln high school by Dr. Huntington Powers of Boston are attracting widespread attention from the students of war problems and the thinking people of the city, and Portland seems especially favored in having had brought to its midst by the University of Oregon a man of such scholarship and note as Dr. Powers. He is lecturing every evening except Saturday for three weeks, the course including 15 lectures.

Many Portland people had the pleasure of hearing these lectures in Eugene recently, and in their opinion, none who wishes to understand the geographic, economic and racial problems of the various nations can afford to miss them. Dr. Powers spoke Thursday night on Germany. Tonight his subject will be Italy. Monday night Japan will be his topic, and on Tuesday night he will deliver the first of his lectures on the British empire. The second of these

will be given later in the course in connection with the other hemisphere. Colonel Leader, director of military science at the University of Oregon, regards these lectures as magnificent and beyond anything he has ever heard, and a large attendance of British people is expected at the lectures having to do with their country.

Dr. Powers has written books of international note, among them being "America Among the Nations" and "The Things Men Fight For." He has spent many years in Europe in travel, study and research, his specialty being art.

Departing troop trains are to have libraries. Arrangements have been made with the Y. M. C. A. whereby camp librarians are to place on board the train books put up in boxes similar to those now in use by the American Library association for its over seas service, the War Library Bulletin reports. The Y. M. C. A. sends a representative on each troop train and he will take charge of the A. L. A. book boxes, acting as librarian en route. Local librarians are urged to place magazines on trains leaving their cities or passing through them.

The fourth detachment of 86 women telephone operators in the uniform of the American women's telephone unit has reached France for work with the American expeditionary forces, according to the announcement of the civilian personnel section, signal corps, United States army. One hundred and sixty women are now serving in this capacity with the American troops abroad.
