FIGHT INCLUSION IN SOUND DISTRICT

Protest Against Proposed Hulls and Boilers Inspection Law Is Sent to Secretary Redfield.

BUSINESS WITH CALIFORNIA

Point Is Made That Portland's Interests Are to South of Here and Not to North.

Protesting against the inclusion of the Columbia river in the Puget sound district under the new law providing districts on the Pacific coast for inspection of hulls and boilers, a resolution will be sent to W. C. Red field, secretary of commerce, signed by the Chamber of Commerce, the Port of Portland, the Commission of Docks. ship owners and shipping interests, and in all probability by Mayor Baker of

which were passed by the board of directors of the Chamber of Commerce Wednesday afternoon, that Portland hipping interests would suffer from being placed in the Puget sound district, despite geographical proximity letter to Secretary Redfield fol

"We, the undersigned, most earnestly petition you in carrying out the provisions of the law reported to have been passed by congress creating two Pacific coast districts for the hulls and boiler inspection work here, to attach the Coumbia river territory to the California district, rather than to the district of which Puget sound is the center.

Despite the fact that inspector general of hulls and boilers has held that it would be a convenience in the adistration of the work to have the Columbia river attached to the Puget able sound district, we earnestly request you not to make this division on such made July 23 All our coastwise steamer service is with California points; all of change. the private interests affected are very citous and argue that it is a matter of considerable importance to them that Columbia river and California should be held in the same district. From the Portland viewpoint we further urge that a considerable vessel coastwise vessels would be entirely lost coastwise vessels would be entirely lost to us if attached to Puget sound. This is due to the fact that the owners of these vessels, most of whom are in California, will insist on doing the work in the district where they can quickly the district where the reach the chief inspector of the disin matters of appeal and conferences on this class of work. We do not think that the geography of the coast necessitates districting us with

sulting is so appreciable to us.

French Government Wants All Tha Foundation Company Can Produce. Although no definite number was placed, and the option of the French overnment for 20 more ships at the oundation company was not exercised in just that form, word has been repalved that the French government wil take all the ships the company can build this year, and probably all that can be constructed in 1919. This news came in message to Bayley Hipkins, Pacific coast manager of the company, from Franklin Remington, its president.

Theodore Knudson, superintendent of the plant, has resigned and his place will he filled by Paul B. Thompson, purchas- the ing agent of the Tacoma plant, who is now in Portland, with C. W. Craig, office manager of the yard here, as assistant superintendent. Captain F. Pruda has arrived from

France to take out the Commandant Roissin, the third of her class finished for the French government, and the first launched, taking the water March

TRIAL RUNS SUCCESSFUL

Point Judith and Adriaen Baden Perform Up to Contract.

The Point Judith, launched May 4 by and the Adriaen Baden, a Peninsula product, were given their trial trips on the Columbia today. Both ships showed the speed and endurance called for by their contracts.

wooden auxiliary schooner, to be taken at present by the French government, the last of four laid down when the Peninsula plant The Western Light, 8800-ton steel ship aluminum in skeleton form.

of the Northwest Steel company, will be given her trial trip Friday, inspection having been finished.

ALL ALONG THE WATERFRONT

With Lieutenant Harold C. Jones in

charge, Oregon headquarters for the sea service bureau will be opened at once in room 835, Northwestern bank building. This is part of the work of the United States Shipping board, which will send the steamers Iroquois and Chippewa to Portland as training ships. Arrangements for the opening of the office were made by Emerson J. Griffith, northwestern head of the sea service bureau, who announces that while at present the work of the office here will be confined to the placing of licensed officers and apprentices, it soon will be extended to take in men in all stations

in the merchant marine. Arthur M. Himes has been appointed the Grant Smith-Porter plant, and will contracted for by the government. have full charge of this part of the slough matter is in progress today at unless Portland commission. A decision by the cantonments won't get the berries. commission and recommendation to Colonel Zinn, engineers corps of the United States army, is expected soon. Colonel Zinn is ready to forward his report in with her plea. "One hundred girls at the matter to Washington, having con-once for the blackberry picking or the ducted a hearing on the proposition to dam the slough to reclaim adjacent low-

lands. Inspectors Edwards and Wynn today are finishing the examination of the Ida W. and Robarts at Astoria. Friday land and the N. R. Lane at Oregon City. loaded at the vards of the Columbia River Ship Building corporation Monday.

Take Nuxated Iron, If You Want Plenty of "Stay There" Strength Like an Athlete!

City Physician Says It Makes Delicate, Nervous, Run-Down People Stronger in Two Weeks

Time, in Many Cases. MOST people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nestrum or narcotic drug, when, as a matter of fact, real and true strength can only some from the strength can only come from the food you eat. But people often fail food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of Next take two five grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and tee for yourself how much you have rained. Numbers of nervous, runown people, who were alling all the hile, have most astonishingly insused their strength and endurance. ply by taking iron in the proper m. But don't take the old forms reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and as-similated, like Nuxated Iron, if you want it to do you any good, other-wise it may prove worse than use-Many an athlete or prize fighter won the day simply because he new the secret of great strength nd endurance which comes from aving plenty of iron in the blood, while many another has gone down to implorious defeat simply for the lock of iron.

Lieut, Potter States That New Ruling of Provost Marshal Does Not Materially Alter.

Seven qualified mechanics are wanted immediately for enlistment in the aviation branch of the United States marine corps, according to a dispatch received by Lieutenant H. E. Potter of the local marine recruiting station in the Panama building. The call is for registrants in class 5 of the selective service. Preliminary training will take place at Mare Island, after which the men will be transferred to San Diego for complete training.

training.

The recent order from Provost Marshal General Crowder to Captain J. E. Cullison of the selective service system, shutting down on releases for epitetrean. shutting down on releases for enlistment M in the navy and marines, does not apply in this case, asserts Lieutenant Potter. In fact, the new order shows no radical change over existing rules, since it only forbids granting releases to men of class
