

DRAFT BOARDS ARE BUSY FILLING LIMITED CALLS

Groups of Skilled Men Are Being Sent to Various Camps to Engage in Special Work.

SEVERAL NEAR DESERTERS

Those Failing to Show Up Thursday Will Be Classed Delinquent Unless Report at Once.

Local draft boards, now that the Camp Lewis contingent of registrants is on its way, are selecting their men to fill numerous calls issued for the next few weeks. On Monday a group of men will entrain for Vancouver, under the call for special or limited service, and a few skilled workers will leave for Lake Forest, Ga. August 1, a contingent of colored men will leave for Camp Lewis; August 5, a quota will depart for Camp Fremont, Cal., and on August 8, a number of registrants will entrain for Spokane to enter the auto mechanics' training school.

A number of men failed to show up Thursday, who will be classed as deserters unless they report within a few days and give satisfactory explanation. Among the delinquents are, Charles R. Vaughn, Herbert Eng, Kato S. Sakikeli Namba and Victor de Tourville from board No. 1; Christopher Brooks, Charles Yerxa, Henry Brown, Clarence Goodwin and Hannus Hyde from board No. 2; Herbert Carlson, Sidney Will Mitchell and Lorenzo Bonaduce from board No. 3; Christen Christensen and Vernon Clark from board No. 4; Fred Hubler, Carruthers, Mo., from board No. 5; Gordon Covert, Linnton, from board No. 11.

"I have just three days to find a skilled cabinet maker to leave for Georgia Monday," declared the clerk in board No. 5 Friday. "One man volunteered and then backed out, and I do not know where I am going to find a man to send in such a short time."

Men announced by local boards Friday to fill local quotas for coming calls, are as follows:

Board No. 1
Special Service, Vancouver Barracks, July 29.—
338 John Erick Jensen, 1428 Boylston avenue, Seattle, Wash.

Waldner Pedersen, 898 Montana avenue.

Earl MacRae, 746 Mississippi avenue.
George Gun Mankertz, 262 Failing street.
August L. Netrinck, 71 East Terry street.
Ernest Anderson, 1135 1/2 Albina avenue.
Henry Harding, 825 East Ninth street north.

Joseph O. Bonneau, 869 Garfield avenue 15.
Roy H. Johnson, Vancouver, Wash.
William Henry McDaniel, 874 Laura avenue.
Olla Leon Shea, 918 Rodney street.
Arthur Lovely, 1183 Missouri avenue.
Ingvald Marcus Johnson, 1113 East Fifteenth street north.

For Vancouver, Wash., July 29:
Mike Yoken, 565 Rodney avenue.
Frederick H. Fowler, 164 East Twelfth street south.
Leonard L. Higgins, 1021 East Ninth street north.
John Kriech, 767 East Eleventh street north.
Ben Johnson, Tillamook, Or.

China Protects Border
London, July 26.—(U. P.)—China is sending troops to the border to prevent the Bolsheviks from crossing. It was learned authoritatively today.

REGIMENT BUYS OVER \$40,000 OF THE WAR STAMPS

Men at Vancouver Are Not Satisfied With Beating Kaiser Bill by Air Route Only.

BIG CLOCK NOTES PROGRESS

Three Men Are "Limit" Men, Having Purchased the Entire Amount Allowed by Government

Vancouver, Wash., July 25.—In addition to doing their utmost to beat the kaiser via the air route, the Second provisional regiment is doing its bit in stamping out the war by the purchase of War Savings Stamps. Over \$40,000 worth of stamps have been purchased by the members of the 14 squadrons which made up the regiment, the Seventeenth spruce squadron, formerly the 403d squadron, being the leaders.

Purchases are being made through the post exchange and there is competitive rivalry between the various squadrons. The squadron which shows the greatest number of purchasers, and not the one which purchases the highest amount of stamps, will be declared winner of the contest.

A huge clock has been set up which shows the daily progress of the record of the regiment and the amount of stamps purchased by each squadron. Three men in the Seventeenth spruce division are "limit men," having purchased \$1000 worth of stamps.

"We are working to have every man purchase War Savings Stamps," said Captain Morton, who is in charge of the post exchange.

The following promotions were announced at the headquarters of the First provisional regiment:
Private First Class Edwin P. Schroeder to corporal.
Private First Class James A. Putney to corporal.
Private First Class J. H. Christman to corporal.
Private James O'Connor to corporal.
Private Orville Rabideau to corporal.
Private Walter P. Hubbard to sergeant.

Private Edmund Green to corporal.
Private Charles J. Young to corporal.
Sergeant V. A. Tillotson to master signal electrician.
Sergeant Earl G. Romig to master signal electrician.
Sergeant A. B. Lounerman to sergeant first class.

Lieutenant John O. Miller, who has been stationed at Petersburg, Va., since leaving Camp Lewis, has been assigned to Vancouver Barracks for duty.

The Ohio society will hold a big picnic for the soldiers of the Vancouver Barracks tomorrow evening in Peninsula park. The Y. M. C. A. house No. 2 has been arranging for the soldiers to attend the picnic, which promises to be an entertaining affair. A picnic lunch will be served, following which there will be games and dancing.

There is considerable demand from various societies and organizations for soldiers to attend picnics and a number of big picnics are now being arranged

for the "Y." Three picnics and a couple of church parties were staged last Sunday. Social Director Stewart of the "Y. No. 2" is kept busy filling up picnic parties.

The school for non-commissioned officers, which has been conducted near the post athletic field, has closed for the time being.

The Second Provisional Regiment band gave another concert in front of the officers' row Thursday night, and although the program had to be cut short on account of the rain, it was enjoyed by the men in the band. Under the direction of Sergeant Bradley, fine progress is being made.

Y. M. C. A. Secretary Bolt of No. 2 has will leave Sunday night for Oakland, Cal., where he will attend the conference of the Western division of the "Y."

A benefit dance and concert for the First Provisional Regiment band will be held in the auditorium Saturday night, August 10. Details of the dance are being arranged according to present plans, there will be a band concert from 7:30 o'clock until 9 o'clock, when the dancing will begin. There will also be a concert between the 10 o'clock and 11 o'clock. The orchestra of the First Provisional Regiment will furnish the music for the dancing.

The base hospital company of the Vancouver Barracks will stage its benefit dance in the Multnomah hotel August 10.

KENTON COMPANY ASKS FOR FRANCHISE OVER DERBY ST. APPROACH

C. C. Colt Appears Before County Commissioners, Who Refer Matter to District Attorney.

C. C. Colt, president of the Kenton Traction company, appeared before the board of county commissioners this morning in an effort to secure a franchise for his company's line over the new Derby street approach to the new city bridge.

Mr. Colt said that when the bridge was being built his company granted the bridge commission right of way over the old property with the understanding that a franchise would be granted on the new approach when completed. He said that the company desired to construct its new lines this summer in order to meet the greatly increased traffic caused by the operation of shipyards and other manufacturing plants in the North Portland district served by the lines of his company.

The commissioners Wednesday afternoon made a trip to the property and viewed the situation and after hearing Mr. Colt this morning, received from him a proposed franchise and voted to refer it to the district attorney for his recommendation at an early date.

W. A. Hatchell, appointed as roadmaster at the last meeting of the commission to fill the vacancy caused by the resignation of Mr. Yeon, filed with the commission his bond in the sum of \$10,000.

The commissioners entered final order establishing the Maplewood road. Upon recommendation of Roadmaster Hatchell the commission ordered the purchase of a truck for a rock crusher to cost \$388, from the Hodson Feenoughty company.

A delegation of farmers from the eastern part of the county appeared before the commissioners asking that some arrangement be made whereby the owners of traction engines could transport their machines over paved roads in that section during the winter season. The commission referred the matter to the roadmaster.

A communication was read to the board from parties using the south end of Buckley avenue, south of the Foster road, praying for relief from the bad condition of the road in the vicinity of Johnson's creek. The matter was referred to the roadmaster with request to submit recommendation for relief asked.

Baker Irrigation Projects Approved

Salem, Or., July 26.—State Engineer Lewis has approved the applications of F. A. Phillips and others for the construction of the Traverse Lake reservoir and the Echo Lake reservoir in Baker county for the storage of water at the head of West Eagle creek, and the application for the appropriation of the stored water, together with the waters of Goose creek and West Eagle creek for the irrigation of 2321 acres of land near Keating. This project involves the construction of two small reservoirs at an estimated cost of \$7000 and the distribution system is estimated to cost \$45,000, the total length of the main canals being about 20 miles.

A permit has also been issued to the Big Creek Ditch company of Medical Springs for the appropriation of 41.81 second feet of water from Catherine creek for a supplemental supply for the irrigation of 2845 acres of land. It is proposed to construct a ditch about 4 1/2 miles in length across the divide from Catherine creek to divert the water into Big creek, at an estimated cost of about \$8000.

Shipyard Carpenter Mysteriously Dies

J. Halgren of 1004 Alberta street left his carpentry work on the deck of one of the new ships under construction at the Foundry Shipbuilding company and stepped into the emergency hospital at the shipyards Thursday afternoon at 4:40 o'clock with the complaint that he was being bothered with a pain in his chest and left arm. He was asked to lie down on a couch and wait for the doctor. Dr. Post arrived 10 minutes later, went over to his patient and found that Halgren was dead. The body was taken to the city morgue, where an autopsy will be made to determine the cause of the man's sudden death.

Farm Wagons Restricted
Washington, July 26.—(U. P.)—Manufacture of farm wagons is to be restricted to 5000 capacities—light, 1500 pounds; medium, 3000; standard, 4500; heavy, 6000—the war industries board announced this afternoon as a measure to conserve steel and iron and to reduce size of stocks.

OLD ORGANIZATION OF EMPLOYERS REPLACED BY NEW ASSOCIATION

Industrial Association of Oregon Just Incorporated Has Broader Scope Than Old Body.

The Employers' association has ceased to exist and has come forth in a new garb and title, with enlarged scope of activities and a broader vision of the future, as the Industrial Association of Oregon.

Articles of incorporation have been filed with the secretary of state and the association declares it is not organized for pecuniary profit.

Its capital stock is placed at \$1000 and the incorporators are D. A. Pattullo, R. G. Littler, W. O. Fouch, H. B. Killham and F. A. Doucy. The board of directors consists of the incorporators and the following business men: J. R. Stuart, C. J. Parker, A. M. Mears, O. W.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Nitro-Phosphate is Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health, and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Nitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerve directly and by supplying the body cells with the necessary phosphoric food elements, Nitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION—Although Nitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh. (A.C.)

Hosford, H. E. Cowgill, C. B. Woodruff, M. B. McFaul, S. C. Bratton, Ralph Hahn and C. E. Greele.
The association sets forth its intention to assist the industries of Oregon and to aid them in preparing for the reconstruction period after the war; to aid in every way possible to develop industries and to secure exporting cargoes for a merchant navy from this port; to continue to maintain an employment bureau for employers and workers and to adhere in the future as in the past to the principle of the open shop.
Thomas McCusker will remain as secretary of the new organization.

"In order that we may have cargo for ship lines that can be established between this port and foreign markets, our industries must be built up, and to build them up, our people must be educated to purchase and use wherever possible all goods that can be economically and successfully produced here," reads one of the paragraphs of the declaration of principles of the new organization.
In a Paris cathedral is a bell weighing 20 tons, while its accessories weigh another ten tons.

Chemical Works Damaged by Fire

St. Louis, July 26.—(U. P.)—Fire which swept the Mallin-Crockett Chemical works here this afternoon caused a loss of \$75,000. The fire, which originated in the ether storage house, followed a loud explosion. A series of smaller explosions occurred later. The company is working on government contracts.

ALL DAY IN THE SUN; SUFFERS NO SUNBURN

A PRETTY society girl who is devoted to athletic, motoring and other outdoor pursuits is the envy of her friends because, no matter how much she is in the sunshine, it doesn't seem to affect her at all, and her complexion, neck and arms are always like the proverbial lily, white, soft and smooth as satin. She confesses to her friends that the secret of her success in avoiding sunburn and tan, freckles and other results of outdoor pleasure is that she uses Santiseptic Lotion, a delightful toilet requisite that protects her skin in an almost miraculous way. Santiseptic is just as effective in preserving the skin from pimples, blackheads, acne, spots and other blemishes. It is easily procured at drug and department stores, costing but 50c. If your druggist cannot supply it, his name and 25c in stamps or coin sent to the manufacturers, the Esbentock Laboratories, Portland, Or., will secure postpaid a large introductory bottle.—Adv.
