

PROTEST AGAINST SIDETRACKING OF ALDERMAN FILED

School Board Acts in Matter Upon Motion of, Dr. Sommer, Seconded by G. B. Thomas.

ALDERMAN ACCEPTS POST

M. L. Pratt Named to Assist at Salary of \$1400; Credit Ruling Eliminated by Vote.

"I move that the resolution be placed on file," came from Dr. E. A. Sommer at the school board meeting Thursday afternoon.

"Second the motion," remarked George B. Thomas.

"All in favor say 'aye,'" directed Chairman J. Francis Drake.

The vote was recorded. Thus was ended at least one chapter of the school board-alderman altercation.

One person only expressed the public protest at the methods used by the school board majority in sidetracking Mr. Alderman as superintendent of schools by appointing him to the subordinate position of superintendent of war work. A. F. Fliegel submitted the resolution adopted at a stirring mass meeting of citizens a few weeks ago and declared that he wished to record his own protest against the informality of the board's dealings with Alderman.

The principle involved in the protest, however, that a school board, whose act is the act of the people, has no moral right to nullify its contract with a superintendent and juggle with school affairs at the behest of hidden influences—was largely lost sight of, at least for the time, because of the fact that Alderman's formal acceptance of the superintendency of war work had already been received by the board.

Alderman Accepts New Post

"I have decided to accept the assignment of the superintendency of war work that has been offered me by the school board, and I shall give the best service in my power," reads the statement prepared for publication by Mr. Alderman.

"Knowing the Portland schools as I do, I believe that I can accomplish valuable results in this field. As a matter of fact, much of the work done in the schools last year was done directly with various war activities.

"The change in the administration of the Portland schools has come at a time of the year when it is practically impossible for me to secure a new position. My financial position does not permit of my resigning at this time.

"I have been superintendent of Portland schools for five years and have studied them thoroughly and am deeply concerned about their welfare. I shall continue to the best of my ability to further their development."

Dr. Sommer Not to Resign

When Mr. Fliegel handed a copy of the library mass meeting's resolution to School Clerk Thomas, he stated that it should be read by Dr. Sommer, who leads the attack on Alderman, supported by the newly elected school directors, George M. Orton and George B. Thomas, bridled visibly.

"We've all read it in the papers—that flaying we got," he averred.

"Read it," intervened George B. Thomas.

BOILER-MAKER IS LIKE A NEW MAN

Oluish Tells of His Wonderful Improvement Since Taking Tanlac.

"By the time I had finished my second bottle of this remarkable medicine, I was feeling like a different person, and it is the only medicine I have taken that has done me any good," said A. Oluish, a boiler-maker for the Willamette Iron & Steel company, who lives at 1073 East Thirtieth street, the other day.

"About nine months ago," he continued, "I contracted a severe cold that settled in my back and right side and caused me a terrible amount of suffering. My back was so weak I just had to wear a brace all the time, and for weeks at a time I could get up out of bed or even from a chair without having to pull myself up by taking hold of something. I had no appetite at all and just could not relish the give of eat. My tongue was badly coated. I was awfully constipated and my liver seemed to be all out of order. I was getting terribly run down and my energy and I felt so weak and miserable it was all I could do to force myself to go to my work. Although I was taking some kind of medicine all the while, it did me no good, and I became really alarmed about my condition.

"My experience with other medicines had been so unfortunate that when I read in these papers about Tanlac, I had little hope of its helping me any, but got me a bottle to see if it would or not. Well, sir, I have taken only three bottles so far, and have almost entirely gotten rid of that awful misery in my back and side. I have regained all my lost energy and my work is no longer burdensome to me. I feel as energetic as ever. With the aid of Tanlac tablets my system is more regular and I am almost my old self again. I am improving so fast, and I feel so much better in every way since I began taking Tanlac that I am going to keep it up for a while longer till it has thoroughly straightened me out."

Tanlac is sold in Portland by the Owl Drug Co. (Adv.)

OLUIH TELLS OF HIS WONDERFUL IMPROVEMENT SINCE TAKING TANLAC.

By the time I had finished my second bottle of this remarkable medicine, I was feeling like a different person, and it is the only medicine I have taken that has done me any good.

"About nine months ago," he continued, "I contracted a severe cold that settled in my back and right side and caused me a terrible amount of suffering. My back was so weak I just had to wear a brace all the time, and for weeks at a time I could get up out of bed or even from a chair without having to pull myself up by taking hold of something. I had no appetite at all and just could not relish the give of eat. My tongue was badly coated. I was awfully constipated and my liver seemed to be all out of order. I was getting terribly run down and my energy and I felt so weak and miserable it was all I could do to force myself to go to my work. Although I was taking some kind of medicine all the while, it did me no good, and I became really alarmed about my condition.

"My experience with other medicines had been so unfortunate that when I read in these papers about Tanlac, I had little hope of its helping me any, but got me a bottle to see if it would or not. Well, sir, I have taken only three bottles so far, and have almost entirely gotten rid of that awful misery in my back and side. I have regained all my lost energy and my work is no longer burdensome to me. I feel as energetic as ever. With the aid of Tanlac tablets my system is more regular and I am almost my old self again. I am improving so fast, and I feel so much better in every way since I began taking Tanlac that I am going to keep it up for a while longer till it has thoroughly straightened me out."

Well Known Keeper Of Jail Pensioned

New York, Aug. 2.—(I. N. S.)—Known to every police chief in the United States, Henry Burden, 77, for more than 20 years a policeman, was granted retirement and a pension of \$750 a year, today by Commissioner Enright. For the last 30 years Burden has been keeper of the prison at police headquarters and during that time only one prisoner escaped from his clutches. He has kept hundreds of notorious criminals under his time.

Russ-Finland Peace Negotiations Open

Amsterdam, Aug. 2.—(E. N. S.)—Peace negotiations between Russia and Finland have been opened at Berlin, said a dispatch from Stockholm today, quoting a dispatch printed in Svenska Dagbladet. One of the conditions, it was said, was that all of the land fortifications built by Russia in Finland shall be dismantled save those at Viborg and Helsinki.

Boy on Vacation Falls to His Death

Klamath Falls, Or., Aug. 2.—Killed instantly in a fall from his saddle horse while racing with a young friend at Olene Tuesday night, was the fate of Robert Lovden, a 14-year-old boy from Medford, who was spending the summer here. His neck was broken. The remains were taken to Medford for interment.

Poor Woman Makes Sacrifice

"For years I have doctored for indigestion and severe bloating with gas, all my money had gone for doctors and medicine which did me no good. I had lost all faith in medicines and as I have to work hard for the few dollars I earn, was afraid to risk any more money. A year ago my neighbor told me to try Mayr's Wonderful Remedy. I have found it to be the best medicine in the world and am glad I made the sacrifice." It is a safe and harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Owl Drug company and druggists everywhere. (Adv.)

YANK GETS 3 BOCHE PLANES IN 5 MIN.

Altogether American Aviators Downed Eight Hun Flyers in Same Time.

By Henry G. Wales
 With the American Army at the Marne, Aug. 1.—(I. N. S.)—(Night.)—Eight German airplanes were today shot down by American aviators—Lieutenant Donald Hudson of Kansas City, destroying three of the enemy machines within five minutes. It was a record day for the Americans.

One German machine each was downed by Ivan A. Roberts, of Massachusetts; Huliff Nevins, of Los Angeles; Robert Z. Cates, of Spartanburg, S. C.; Harold Buckles, of Manchester, N. H., and Jerry E. Vasconella, of Denver.

Two German observation balloons were set on fire by aviators William E. Brotherton, of Guthrie, Ill., and L. E. Holden, of New York.

American pursuit squadrons during the morning met the late Baron von Richthoff's old "Checkerboard" escadrille, so named because of the insignia stenciled on the fuselage. The eight victims were all from that organization. Lieutenant Hudson set a new mark for American airmen when he downed three German planes in five minutes. He was attacked by eight Fokkers in the vicinity of Feren-Tardouzen, Hudson quickly sent down one of his adversaries in flames, while the others scattered.

Then Hudson engaged a pair of two-seaters had "shot up" Hudson's airplane to such an extent that he had to return to his base.

The enemy has reinforced his airmen on the Marne salient during the past 24 hours.

Heroic Colored Man Is Expected to Die

Whiting, Ind., Aug. 2.—(I. N. S.)—Griffin Hatcher, a negro, who last night saved 2-year-old George Repiak from death before a B. & O. flyer here, is expected today to die from injuries received when the train struck him.

Frank, the 5-year-old brother of George, was killed in the negro's arms. He had just saved the smaller boy, and held the older in his arms, ready to toss him to safety, when the train struck them.

Electric Lines to Help Move Troops

Washington, Aug. 2.—(U. P.)—Concentration of draft troops hereafter will be effected by way of electric railways wherever it is possible. In answering to appeals from the trolley lines for government-owned railroads administered has shifted the transportation of drafted men to the electric lines. This action was taken following a conference between railroad administration officials and Provost Marshal General Crowder. It became known today.

Sailors Commended By Secretary Daniels

Washington, Aug. 2.—(I. N. S.)—Three American sailors have been commended for bravery and presence of mind by Secretary Daniels, it was announced this afternoon.

Chief Boatswain Mate Selmer Bailey, Union City, Mich., and his gun crew remained at their post aboard the sinking Argonaut, June 5, after she had been torpedoed. For the submarine to come up so that they could get a shot at her before going down. They stuck for 40 minutes.

J. E. Dowty, Fall City, Neb., jumped overboard at sea and rescued a Japanese woman from drowning. J. Valdez, San Bernardino, Cal., jumped overboard and rescued a shipmate from drowning.

Portland Woman Is Hurt in Collision

Albany, Or., Aug. 2.—A car driven by Charles Schoel of North Albany collided here Thursday morning with one driven by R. McMillan of Portland. The McMillan car was badly damaged and Mrs. McMillan was injured, but it is not thought to be serious. The Schoel car was not damaged. Though Mr. Schoel had the right of way, he offered to pay half the damage, feeling that Mr. McMillan had sustained serious loss, especially in view of the fact that he, with his wife and two children, would have their 10 days' vacation spoiled.

Russ-Finland Peace Negotiations Open

Amsterdam, Aug. 2.—(E. N. S.)—Peace negotiations between Russia and Finland have been opened at Berlin, said a dispatch from Stockholm today, quoting a dispatch printed in Svenska Dagbladet. One of the conditions, it was said, was that all of the land fortifications built by Russia in Finland shall be dismantled save those at Viborg and Helsinki.

WOOD PRICES JUMP 25C ON SLAB AND 50C ON CORDWOOD

Fuel Administration Grants Raise Which Will Be in Effect Until Further Notice.

Wood prices have gone up, a result, Fuel Administrator Fred J. Holmes says, of increased wages for labor and the 25 per cent increase in freight rates. The increase is 50 cents a cord on slabwood and twice that amount on cordwood. The prices, established by the fuel administration, already in effect, are as follows:

Green slab, four foot, \$5 a cord; 16 inch green slab, \$5.25 a load; dry four foot slab, \$6.50 a cord; dry 16 inch slab, \$6.75 a load; green four foot country slab, \$4 a cord; dry four foot country slab, \$5.50; green chain or mill wood, \$4.50 to \$5 a load; dry chain or mill wood, \$5.25 to \$5.75 a load; four foot No. 1 cordwood, \$8.50 a cord; No. 2 cordwood, \$7.50.

These prices are for delivery within 20 blocks of dealers' yards, and where the delivery is made outside the 20 block zone, 25 cents additional may be added for each 10 blocks. The price of...

Ordinance Branch to Use Disqualified Men

Washington, Aug. 2.—(U. P.)—In order to swell the ranks of America's army the ordinance department army here today issued an order restricting service in the ordinance department to men who are physically disqualified for active military duty.

Men suitable for military will no longer be enlisted, or inducted into the ordinance department in Washington or at the various ordnance depots. Such men now on duty at headquarters and depots, with the exception of those connected with arsenals and proving grounds, will be relieved for active field duty overseas where they will supply ammunition and fighting equipment for the army.

Examination of the enlisted personnel of the department will begin at once to determine the men fit for active duty.

Oregon Sportsman To Be Discontinued

War conditions having curtailed revenues of the Oregon fish and game department, publication of the Oregon Sportsman, official monthly magazine of the fish and game commission, has been suspended. The final issue came from the press today, after four months' delay—the April number.

In discontinuing the magazine for the duration of the war, Game Warden Carl D. Shoemaker says the money could be put to better use in hatchery work and the raising of China pheasants, which must be continued regardless of any other consideration.

Opening Subway Causes Confusion

Police Reserves Called Out to Untangle Crowds—Service Is Demoralized and Thousands Are Late to Work.

New York, Aug. 2.—(I. N. S.)—Police reserves played the leading role in the inauguration of New York's new subway system today.

A summary made after the early morning rush hour showed thousands from 30 minutes to two hours late at their places of employment, many persons, mostly women, badly shaken up in scrambles for trains and a general demoralization of tube service from the Battery to the Bronx.

In opening the new subway—which runs parallel with the old one, from lower New York to the Bronx—shuttle trains were operated cross town at Forty-second street. This caused most of the confusion and at two stations police reserves were called to untangle the crowds who fought each other to gain access to the nonstop frequent trains.

Many women fainted and some were taken to hospitals.

Shall we give our best in men and not in food?—United States Food Administration.
