

Klamath Is Coming After Elks Meeting

Will T. Lee, one of the most active of Klamath Falls' business men, came to Portland Thursday as "advance scout" for the proposed Klamath Falls invasion of Portland by auto the latter part of this month. "We are coming up to capture for Klamath Falls next year's convention of the B. P. O. Elks," said Mr. Lee.

"Portland will see more Klamath Falls people here in a day than have been here before in a year. Nor will we depend upon our own efforts unaided. We will start soon enough to hold Klamath Falls rallies in Grants Pass, Ashland, Medford, Roseburg, Eugene, Albany and Salem. We will endeavor to organize automobile delegations similar to sure in all of these cities and we hope that when they come they will help Klamath Falls win the convention. We don't have to tell the Elks that the 'Best People on Earth' will find Klamath Falls the 'Best Place on Earth' for fellowship, entertainment and the revealing of a region beautiful and rich with undeveloped resources."

There is no deferred classification in food conservation. We are all in Class 1; all in camp, and ready to go "over the top" when we must further conserve.
